This agreement is to be executed without an appropriation of funds, under provisions of General Laws, chapter 44 s. 53A and is subject to the receipt of funds grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$83,499; 1987 — \$91,999; 1988 — \$57,500.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

**Curriculum Packets**

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to the Wang Center for the Performing Arts, located at 270 Tremont Street. The contract shall be in effect during the period from September 1, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$5,000, which I have deemed to be reasonable. On March 25, 1988, the School Committee approved all of the FY'89 chapter 636 proposals for the sum of \$6,022,377.

The contractor will provide the following services:

Development and dissemination of curriculum packets for students and teachers in District C schools in preparation for performances to be attended at Symphony Hall, the Wang Center, Jordan Hall, John Hancock Hall and the Berklee Performance Center.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act); the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan, (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services it is my determination that the public interest would not be served by public interest for bids.

This agreement is to be executed without an appropriation of funds, under provisions of General Laws, chapter 44 s. 53A and is subject to the receipt of funds grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$0; 1987 — \$0; 1988 — \$5,000.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

**Support Group Program, etc.**

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Wellesley College, Education Department, located

at Wellesley. The contract shall be in effect during the period from September 1, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$5,000, which I have deemed to be reasonable. On March 25, 1988, the School Committee approved all of the FY'89 chapter 636 proposals for the sum of \$6,022,377.

The contractor will provide the following services:

Supervising and operating a tutoring and support group program one morning a week, for twenty weeks, for at-risk students in need of academic support and guidance at the Boston Latin School.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of university pairing; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan, (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services it is my determination that the public interest would not be served by public interest for bids.

This agreement is to be executed without an appropriation of funds, under provisions of General Laws, chapter 44 s. 53A and is subject to the receipt of funds grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$5,000; 1987 — \$5,000; 1988 — \$5,000.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to the University of Massachusetts at Boston, Institute of Learning and Teaching, located at Harbor Campus. The contract shall be in effect during the period from August 22, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$328,785, which I have deemed to be reasonable. On March 26, 1988, the School Committee approved all of the FY'89 chapter 636 proposals for the sum of \$6,022,377. University of Massachusetts at Boston's portion as is related to that amount is \$328,785.

The contractor will provide the following services:

In District C the University will provide educational services to twenty-one elementary schools, six middle schools, and three high schools. These services will include basic skills tutoring programs, linguistic minority tutoring programs, staff development programs, a district parent center, and the following programs in individual schools: student support teams (Winthrop, Holland); computer management program (Burke); Carnegie School planning (Dorchester); community arts project (South Boston). In District E and with the Central Office the University will also support the further development of student support teams.

The contractor is uniquely qualified to provide the above services because: the contractor has or-

ganized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of university pairing; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan, (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services it is my determination that the public interest would not be served by public interest for bids.

This agreement is to be executed without an appropriation of funds, under provisions of General Laws, chapter 44 s. 53A and is subject to the receipt of funds grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$339,091; 1987 — \$436,750; 1988 — \$470,307.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

**CONTRACTS AMENDED**

The Mayor has approved the amending of contracts based on the following information:

**HEALTH BENEFIT AND INSURANCE DIVISION**

**Excess Loss Insurance**

Dear Mr. Mayor:

The City of Boston maintains a contract with Blue Cross/Blue Shield of Massachusetts to provide health insurance for eligible city and county employees on a self-insured basis. The self-insure program has provided and continues to provide substantial savings to the City of Boston. In order to ensure that the city's finances are not adversely affected by unexpectedly large claims, it is necessary to purchase excess loss insurance.

Blue Cross/Blue Shield has provided this coverage to the city since Fiscal Year 1986. Each year monies recovered under this policy exceed the amount spent for the policy premium.

The contract amounts for the past three fiscal years for excess loss insurance with Blue Cross/Blue Shield are as follows: FY'86 — \$270,000; FY'87 — \$300,655; FY'88 — \$250,000.

Your Honor's permission is requested to approve the renewal of a contract with Blue Cross/Blue Shield of Massachusetts, 100 Summer Street, for excess loss insurance for the period July 1, 1988, to June 30, 1989, in an amount not to exceed \$330,000 from appropriation code 01-140-0148-H104-0490.

Respectfully,  
Irene Carrington,  
Director.

**JOBS AND COMMUNITY SERVICES**

**Developing English Language Skills**

Dear Mayor Flynn:

On or about November 24, 1986, your Honor approved the award of a contract with the Chinese

American Civic Association, a non-profit corporation, located at 90 Tyler Street, to provide educational and employment related services to Boston refugees to assist them in developing English language skills and in obtaining employment. Compensation was for an amount not to exceed 20,000, payment being provided from funds received under the Refugee Education and Employment Program (REEP) for the period October 1, 1986, through September 30, 1987. This contract was subsequently amended, approved by your Honor on or about January 21, 1988, increasing compensation in the amount of \$12,000 to allow the contractor to maximize employment services for refugees receiving cash and medical assistance (RCMA). In addition, this contract was later amended and approved by your Honor on or about March 29, 1988, to extend the term of the contract through December 31, 1987, and to increase compensation in the amount of \$33,000

Your approval is requested to further amend this contract in terms of compensation. The purpose of this amendment is to increase the contract amount to allow the contractor to receive incentive payments for exceeding job placement goals for refugee participants receiving cash and medical assistance under its educational and employment

services program. Funding will be provided by the Refugee Education and Employment Program in the amount of \$15,504. Total compensation under the terms of this contract, as amended, shall not exceed \$180,504. The submission of this request has been delayed due to the time involved in receiving the notification of funding availability from the state. This notification was not received at the Mayor's Office of Jobs and Community Services until the first week of June, 1988.

As this amendment is for a program at a reasonable cost, mandated by the State agency responsible for funding REEP activities, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

Dear Mayor Flynn:  
On or about May 6, 1987, your Honor approved the award of a contract with Action for Boston Community Development, Inc., a non-profit corporation, located at 178 Tremont Street, to provide educational and employment related services to Boston refugees to assist them in developing English language skills and in obtaining employment. Compensation was for an amount not to exceed \$7,500, payment being provided from funds received under the Refugee Education and Employment Program (REEP) for the period October 1, 1986, through September 30, 1987. This contract was subsequently amended, approved by your Honor on or about January 21, 1988, increasing compensation in the amount of \$10,750 to allow the contractor to maximize employment services for refugees receiving cash and medical assistance (RCMA). In addition, this contract was later amended and approved by your Honor on or about April 7, 1988, to extend the term of the contract through December 31, 1987, and to increase compensation in the amount of \$29,563.

Your approval is requested to further amend this contract in terms of compensation. The purpose of this amendment is to increase the contract amount

to allow the contractor to receive incentive payments for exceeding job placement goals for refugee participants receiving cash and medical assistance under its educational and employment services program. Funding will be provided by the Refugee Education and Employment Program in the amount of \$16,473. Total compensation under the terms of this contract, as amended, shall not exceed \$164,286. The submission of this request has been delayed due to the time involved in receiving the notification of funding availability from the state. This notification was not received at the Mayor's Office of Jobs and Community Services until the first week of June, 1988.

As this amendment is for a program at a reasonable cost, mandated by the State agency responsible for funding REEP activities, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

Dear Mayor Flynn:  
On or about January 24, 1987, your Honor approved the award of a contract with the International Institute of Boston, a non-profit corporation, located at 287 Commonwealth Avenue, to provide educational and employment related services to Boston refugees to assist them in developing English language skills and in obtaining employment. Compensation was for an amount not to exceed \$145,000, payment being provided from funds received under the Refugee Education and Employment Program (REEP) for the period October 1, 1986, through September 30, 1987. This contract was subsequently amended, approved by your Honor on or about January 7, 1988, increasing compensation in the amount of \$14,500 to allow the contractor to maximize employment services for refugees receiving cash and medical assistance. In addition, this contract was later amended and approved by your Honor on or about March 29, 1988, to extend the term of the contract through December 31, 1987, and to increase compensation in the amount of \$39,875.

Your approval is requested to further amend this contract in terms of compensation. The purpose of this amendment is to increase the contract amount to allow the contractor to receive incentive payments for exceeding job placement goals for refugee participants receiving cash and medical assistance under its educational and employment services program. Funding will be provided by the Refugee Education and Employment Program in the amount of \$1,938. Total compensation under the terms of this contract, as amended, shall not exceed \$201,313. The submission of this request has been delayed due to the time involved in receiving the notification of funding availability from the state. This notification was not received at the Mayor's Office of Jobs and Community Services until the first week of June, 1988.

As this amendment is for a program at a reasonable cost, mandated by the State agency responsible for funding REEP activities, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

Dear Mayor Flynn:  
On or about August 7, 1987, your Honor approved the award of a contract to Oficina Hispana, a nonprofit organization, located at 125 Amory Street, Roxbury, to provide skills training to Hispanic newcomers in the Jamaica Plain area. The participants were trained in the areas of business skills and English as a second language. Compensation was for an amount not to exceed \$45,000, payment being made from funds received from the state's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988. This contract was subsequently amended, approved by your Honor on or about April 7, 1988, increasing compensation in the amount of \$33,960 to allow the contractor to hire one additional support staff person and to implement an automated fiscal management control system.

Your approval is requested to further amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional three months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until September 30, 1988. Funding for this amendment will be provided by the Executive Office of Communities and Development through the Gateway Cities Program in the amount of \$10,628. Total compensation under the terms of this contract, as amended, shall not exceed \$89,588. This request has been delayed due to the time involved in receiving notification from EOOD that funds had been granted to cover the close-out costs. JCS received verbal notification in mid-July. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director.

**Drugs, Alcohol Problems Counseling**

Dear Mayor Flynn:  
On or about August 7, 1987, your Honor approved the award of a contract to the Sobriety Treatment Education Prevention, Inc., (STEP), a nonprofit organization, located at the U.S. Coast Guard, 427 Commercial Street, to provide outreach services to members of the Hispanic population who were experiencing alcohol- and drug-related problems. Services included education and counseling, prevention and treatment. Compensation was for an amount not to exceed \$30,000, payment being made from funds received from the state's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to further amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional three months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until September 30, 1988. Funding for this amendment will be provided by the Executive Office of Communities and Development through the Gateway Cities Program in the amount of \$5,750. Total compensation under the terms of this contract, as amended, shall not exceed \$35,750. This request

has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover the close-out costs. JCS received verbal notification in mid-July. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

#### Skills Training, Counseling, etc.

Dear Mayor Flynn:

On or about August 11, 1987, your Honor approved the award of a contract to the Jewish Vocational Service, Inc., a nonprofit organization, located at 31 New Chardon Street, to provide job search/cultural orientation services to Eastern European refugees. Services included job skills training, education and counseling. Compensation was for an amount not to exceed \$35,000, payment being made from funds received from the state's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to further amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional three months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until September 30, 1988. Funding for this amendment will be provided by the Executive Office of Communities and Development through the Gateway Cities Program in the amount of \$6,530. Total compensation under the terms of this contract, as amended, shall not exceed \$41,530. This request has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover the close-out costs. JCS received verbal notification in mid-July. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

#### LAW DEPARTMENT

##### Research Services

Dear Mr. Mayor:

I respectfully request your permission to renew, without public advertising, the city's existing contract with Mead Data Central, a corporation with its principal office at Dayton, Ohio, and with its local office at Old City Hall, 45 School Street, for LEXIS computer-assisted legal research services for the City of Boston Law Department.

Under the terms of the agreement between the parties dated February 10, 1983, the contractor will provide one UBIQ terminal, a printer, installation, instruction and access to a very large legal data base.

The contractor is specifically qualified to do this work because of its unparalleled achievements in the field of computerized legal research support services. In addition, the contractor has provided the Law Department with this service in the past

four fiscal years and this contract will allow them to continue.

Compensation under this contract shall not exceed \$20,000. I have determined this cost to be reasonable. The term of this contract shall be from July 1, 1988, through June 30, 1989.

Because of the contractor's unique ability to provide these services and the reasonable cost, I believe that public advertising would serve no useful purpose.

This request for your approval is submitted late because the requisite contract documents were returned by Mead Data only after the renewal term had commenced.

Very truly yours,

Joseph I. Mulligan, Jr.,  
Corporation Counsel.

#### SUFFOLK COUNTY

##### Court House Commission

##### Emergency Cleaning

Dear Mr. Mayor:

On June 2, 1987, your Honor approved the award of a contract, based on public advertising for bids, to Capitol Building Services, 71 Trenton Street, East Boston, for window washing at the Suffolk County Courthouse, both old and new buildings during the period July 1, 1987 through June 30, 1988, at a cost not to exceed \$26,400.

Your approval is requested to amend this contract to cover emergency cleaning of fire/water/smoke damaged windows and exterior brick in the new court house building caused by two arson fires in January 30 and 31, 1988. These emergency services were performed February, 1988, at a cost of \$3,100, which I have determined to be reasonable.

The total cost of this contract, as amended, shall not exceed \$29,500.

Late submittal of this contract amendment results from the time needed to determine the extent of damages and accurately estimate costs.

Because of the emergency nature of these services, I believe that further public advertising would have served no useful purpose.

Very truly yours,

Henry L. Barr,  
Commissioner.

NOTICE TO CONTRACTORS

Invitation for Bids for Improvements  
to Ramsey Park, Roxbury, Mass.

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Improvements to Ramsey Park, Roxbury, Mass."

SCOPE OF WORK includes: Furnishing all labor, materials, and equipment necessary to install ballfield renovations, paving, fencing, water, benches and planting materials. Estimated Cost, \$480,000.

Bids shall be submitted in duplicate before 2 p.m., Boston time, on Wednesday, October 19, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, October 3, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$50 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$50 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 30 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each minority business enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston

Jobs and Community Services, 43 Hawkins Street, Boston, MA 02114.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 43 Hawkins Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and sub-contractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, October 11, 1988, at 10:30 a.m., Boston time.

NOTICE TO BIDDERS

Sealed bids for MBTA Contract No. R6CN06, AUTOMATIC HIGHWAY CROSSING WARNING SYSTEMS — FOUR LOCATIONS, Massachusetts, will be received by the Director of Construction, at the Contract Administration Office, fifth floor, Transportation Building, 10 Park Plaza, Boston, MA 02116-3933, until two o'clock (2 p.m.) on October 25, 1988. Immediately thereafter, in a designated room, the bids will be opened and read publicly.

The work consists of furnishing and installing new Automatic Highway Crossing Warning (AHCW) Systems, including all related appurtenances at Foster Street, Littleton, Cabot Street and Essex Street, Beverly, and South Street, Waltham.

Award of this contract is subject to a reimbursement agreement between the Massachusetts Bay Transportation Authority and the Massachusetts Department of Public Works.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after September 19, 1988, Monday through Friday, at a charge of \$25 per set. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements, dated November, 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per copy. The MBTA's Standard Plan entitled "MBTA Railroad Operations — Book of Standard Plans — Track and Roadway," is available at a charge of \$25 per copy. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee of fifteen dollars (\$15), payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges is refundable.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination, and Affirmative Action Program in the Specifications. In addition, pursuant to the requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) Participation Provision, bidders must submit an assurance with their bids that they will make sufficient and reasonable efforts to meet the stated DBE goal of 6 percent.

Bidders will affirmatively insure that in regard to any contract entered into pursuant to this solicitation, minority and female construction contractors will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with Federal Equal Employment Opportunity Regulations and the President's Executive Order No. 11246 and any amendments or supplements thereto.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of the Project Manager, Mr. Daniel E. Horgan, Project Manager, MBTA, 21 Arlington Avenue, Charlestown, MA 02129 (Telephone No.

(617) 722-5914). An inspection tour to view the existing conditions will be conducted on October 12, 1988 at 8 a.m. Prospective bidders wishing to accompany the inspection tour should meet at the indicated time at 21 Arlington Avenue, Charlestown, Mass.

A prebid conference will be held on October 13, 1988, at 10 a.m., at the above office. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify as part of their bid that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

All bidders are advised that the "Buy America" provisions of the Surface Transportation Assistance Act of 1982 (Pub. L. 97-424), as amended, apply to any contract, procurement or agreement which results from this solicitation.

This contract is subject to federal wage and hour laws and state minimum wage rates as well as all other applicable labor laws.

Bid guaranty shall consist of a bid deposit in the amount of 5 percent of the value of the bid in the form of a bid bond, cash, certified check, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject any or all bids, to waive informalities, to advertise for new bids or proceed to do the work otherwise, as may be deemed to be for the best interests of the Authority.

STATE-BOSTON RETIREMENT SYSTEM

Request for Proposals  
for Auditing Services.

The State-Boston Retirement System invites qualified, independent public accountants licensed to practice in the Commonwealth of Massachusetts, to submit proposals to conduct an audit of its financial accounts and records.

Financial and general records are maintained in accordance with Massachusetts General Laws, chapter 32 as amended, rules and regulations as promulgated by the Public Employee Retirement Administration of the Commonwealth of Massachusetts, and in compliance with generally accepted accounting principles. The accounting records, consisting of cash receipts-disbursements register, revenue register, expense register and subsidiary ledgers, are manually kept. The Retirement System maintains files on approximately

23,000 active employees and approximately 14,000 retired employees.

The Retirement System's investment portfolio is approximately \$700,000,000 (seven hundred million dollars), consisting of fixed income securities, equities, cash and real estate investments. Presently, there are nine (9) money managers, six (6) domestic managers and three (3) global managers.

The most recent audit of the Retirement System was performed for the fiscal year ended June 30, 1988.

The required services include an examination of the financial statements of the State-Boston Retirement System in compliance with generally accepted auditing standards as presented by the American Institute of Certified Public Accountants. In addition, the examination will be in compliance with the rules and accounting manual of the Public Employee Retirement Administration.

The scope of the audit will entail the time period July 1, 1988, to June 30, 1989; July 1, 1989, to June 30, 1990; July 1, 1990, to June 30, 1991; as well as audit and preparation of the annual statement for the Public Employee Retirement Administration for the calendar years ending December 31, 1988; December 31, 1989; and December 31, 1990. The firm will render a management letter with audit findings and appropriate recommendations.

An example of a prepared annual statement may be reviewed at the Retirement Board, Room 401, at City Hall, from October 11, 1988, to October 21, 1988.

The accounting firm will provide assistance to the Retirement Board relating to changes in I.R.S. rules and regulations which affect the system's active and retired membership.

At the conclusion of the audit, a representative of the accounting firm will be expected to appear before the Board Members to discuss the findings resulting from the audit.

Your proposal for the audit service shall include the following:

1. The firm's qualifications.
2. The audit approach.
3. Resumes — Engagement Management Team.
4. References — Governmental Retirement Systems.
5. Professional fees.

Proposals shall be filed no later than 12 noon, November 17, 1988, at the office of the City Auditor, M4, City Hall, and at the office of the Retirement Board, Room 401.

The Retirement Board reserves the right to waive any informalities and to reject any and all bids and accept the bid which deems to be in the best interest of the Board.

JAMES F. O'DONNELL,  
Executive Officer.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Removal and Disposal of  
Dead and Diseased Trees on an Emergency  
Basis in the City of Boston.

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Removal and Disposal of Dead and Diseased Trees on an Emergency Basis in the City of Boston."

SCOPE OF WORK includes: Furnishing all labor, materials, equipment and transportation to remove dead and diseased trees on an emergency basis in the City of Boston and to properly transport and legally dispose. Estimated Cost, \$40,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, October 13, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, September 26, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identifica-

tion Statement are available at the City of Boston Jobs and Community Services, 43 Hawkins Street, Boston, MA 02114.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 43 Hawkins Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and sub-contractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, October 4, 1988, at 10 a.m., Boston time.

REAL PROPERTY BOARD

Invitation for Proposals for Leasing of Public  
Parking Facility at Causeway and Haverhill  
Streets and "Rip" Valenti Way, Boston and  
Public Parking Facility at Beverly Street,  
Lovejoy Place and Causeway Street,  
Boston, Mass.

The Real Property Board of the City of Boston, hereinafter called the Board, invites, from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing the open air public parking facility situated at Causeway and Haverhill Streets and "Rip" Valenti Way, Boston, and the Public Parking Facility at Beverly Street,

Lovejoy Place, and Causeway Street, Boston, Mass., for the term of one (1) year beginning December 1, 1988, and ending November 30, 1989, unless earlier terminated in accordance with the terms and conditions as more fully set forth in the form of lease. Copies of the proposal and the lease, containing all applicable terms, conditions and covenants regarding the leasing of the Causeway Street and Beverly Street Annex Parking Facilities may be obtained daily (except Saturdays, Sundays, and holidays) between 9 a.m. and 5 p.m., at the office of the Board, One City Hall Square, Room 811, Boston, for a non-refundable fee of twenty-five dollars (\$25) for each proposal taken. The covenants and agreements contained in the lease will require, among other conditions, that the lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Board.

Bidders may be asked to provide the Board with evidence of ability to perform the terms and conditions of the lease. As part of their proposal, bidders must furnish the Board with information concerning past experience in managing and operating parking facilities.

Proposals shall be submitted in duplicate, on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked, "Proposal for Leasing of Public Parking Facility at Causeway and Haverhill Streets and 'Rip' Valenti Way and the Public Parking Facility at Beverly Street, Lovejoy Place, and Causeway Street, Boston." One copy of the proposal shall be filed with the Board at its office on or before 10 a.m., on Tuesday, November 1, 1988, at which time and place all proposals will be publicly opened and read aloud. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of five thousand dollars (\$5,000) made under the terms stated in the form of proposal, in the form of cash or a certified check, payable to the City of Boston. Additionally, the copy of the proposal filed with the Board shall be accompanied by a letter from a duly authorized agent of an insurance company certifying that a performance bond in the required amount as set forth in the proposal will be produced or, alternatively, the bidder shall accompany any proposal filed with the Board with cash or a certified check in the required amount as set forth in the proposal, payable to the City of Boston. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, One City Hall Square Room M4, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

REAL PROPERTY BOARD,  
FRANK N. JONES,  
*Chairman.*  
(Sept. 26-Oct. 3.)

It is the policy of the City of Boston to award at least 15 percent of the City's contract dollars to minority owned businesses and at least 5 percent to women-owned businesses.

RAYMOND L. FLYNN  
 MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA  
 PRESIDENT, CITY COUNCIL

OL. 80

MONDAY, OCTOBER 10, 1988

NO. 41

## FLYNN NAMES McCORMACK TO CULTURAL DISTRICT PLAN

In an effort to make Boston the country's foremost cultural center and home for the arts, Boston Mayor Raymond L. Flynn has recommended to the Boston Redevelopment Board that Kristen J. McCormack, Director of the Mayor's Office of Jobs and Community Services, oversee the implementation of the city's Midtown Cultural District Plan.

"We now have a rare opportunity to bring about change and create a new environment for the arts in Boston. The city will move forward on this opportunity to make Boston and the Midtown Cultural District an internationally known center of arts and culture," said Mayor Flynn.

"I view this plan as the most important downtown planning initiative in the city and seeing it through to fruition will be a complex undertaking," said Mayor Flynn. "The success of this plan will require efforts from the city, the arts community, neighborhood groups, and the business community. I know that Kristen has the ability to continue to bring these groups together and the entire city will be proud of the Midtown Cultural District that will be built," he added.

Boston Redevelopment Authority Director Stephen Coyle said, "This plan captures the essence of what makes Boston unique, in that it combines the arts with an ambitious plan for upgrading a part of the city which has not experienced significant new investment in decades. Working with the arts community and with developers, we drew up the framework for revitalizing midtown. Kristen possesses the spark and vitality to turn our plans into reality. I am pleased and delighted to welcome her to the RA."

The Midtown Cultural District Plan, unveiled in May by city officials, covers an area of twenty-eight city blocks that stretches from the edges of Boston Common and the Public Garden through the city's retail district (Downtown Crossing) into the theatre district, lower Washington Street and the Park Square area.

Bruce Rossley, Director of the Mayor's Office of Arts and Humanities, said, "I laud the Mayor for selecting Kristen McCormack to head this effort. This is a priority program for the Mayor and he has chosen a person with a unique combination of

skills to ensure that the plan moves forward. This plan will strengthen and reinforce the city's cultural life, but it also represents an ambitious program of economic development. I know that Kristen will serve the arts community well as we provide more jobs and better housing for Boston residents," he added.

Kristen McCormack, as Director of the Mayor's Office of Jobs and Community Services, is credited with crafting the successful "Boston for Boston" program, providing Boston residents with jobs, job training and education, and creating the Boston Jobs Academy.

Said Director McCormack, "I see this development plan as an opportunity to bring together several of the Mayor's initiatives which are important to the district and to the people of Boston. To succeed in meeting the challenge ahead we must ensure that the people who live in and near the district are directly involved. We will move to create a district that celebrates the diversity of the many cultures in our city while maintaining and preserving the stability of the neighborhood and its architectural history."

### ABCD FUEL PROGRAM OFFERS FINANCIAL ASSISTANCE

Due to federal funding cuts Action for Boston Community Development's Fuel Assistance Program will run from November 1, 1988, through March 31, 1989, two months shorter than last year's program. No benefits can be paid before November 1 or after March 31. Another major change as a result of the cuts, is a decrease in benefits for income-eligible families and individuals. In past years, fuel assistance recipients were eligible to receive up to \$750 in assistance. This year the maximum amount of assistance will be \$675, subject to availability of funds.

If you think you are eligible for Fuel Assistance, you must bring the following to your local intake office when you apply: four weeks of income documentation; your current heating bill; and one month paid rent receipt.

If you are an AFDC, GR, SSA or SSI recipient, and were eligible for fuel assistance last year, you will receive a Fuel Assistance Application in the mail, before program start-up on November 1. Instructions on how to complete the application will be included with the application.

To receive assistance under ABCD's Fuel Assistance Program a household's gross income must not exceed the following guidelines:

**Household size and total yearly income:** 1, \$10,098; 2, \$13,528; 3, \$14,535; 4, \$17,475; 5, \$20,415; 6, \$23,355; 7, \$26,295; 8, \$29,235. Add \$2,940 for each additional person over eight.

Anyone with questions or problems concerning the application should contact the local agency where they apply or call ABCD Fuel Assistance at 357-6012.

(Continued on next page)

## ABCD Fuel Program . . .

(Continued from front page)

ABCD's Fuel Assistance Program is designed to provide financial assistance to income-eligible families in Brookline, Boston, and Newton who might not otherwise be able to keep warm this winter.

ABCD is Boston's antipoverty agency and the largest human services agency in New England, with funding from a variety of sources totaling over \$30 million annually. The agency is a private, nonprofit corporation established in 1962, with the majority of board members elected from Boston's neighborhoods through the decentralized ABCD neighborhood network. ABCD programs include Fuel Assistance, Foster Grandparents, Head Start, Day Care, Center for Jobs, Education and Career Training, the Summer Youth Employment Program, a tuition-free, accredited Urban College administered in conjunction with area colleges and universities, Health Services, Surplus Food, and others.

## ABCD's ANNUAL COMMUNITY AWARDS DINNER

Texas State Treasurer Ann Richards will be the featured speaker at ABCD Community Awards Dinner with noted author, Michael Harrington as special guest speaker.

Be part of a great Boston tradition. Join Texas State Treasurer, Ann Richards and noted author and social activist, Michael Harrington in celebrating Action for Boston Community Development's (ABCD's) 14th Annual Community Awards Dinner on Friday, October 28, at the Sheraton-Boston Hotel.

Texas State Treasurer, Ann Richards, will deliver the keynote address. A native of Texas, Ms. Richards became active in the Democratic party at the grass roots level, working with civil rights and labor groups after she moved to Dallas with her family. In 1969, Richards moved to Austin where she ran for public office in 1976, defeating the incumbent for a seat on the Travis County Commissioner's Court. She resigned as a commissioner in 1982 to run for State Treasurer. Winning the election with more votes than any other statewide elected official, she was the first woman elected to statewide office

in Texas in fifty years. In 1986, she was reelected without opposition by either major party. Richards, who is actively supporting the Democratic bid for the Presidency, recently delivered the keynote address at the Democratic National Convention in Atlanta.

Michael Harrington, noted author of "The Other America" will be a featured speaker and a special guest at the dinner. Harrington, co-chair of the Democratic Socialists of America and a prolific author, is credited with inspiring President Kennedy's war on poverty. After the publication of "The Other America" in 1963, he was recruited by the Johnson administration as a consultant in its effort to wipe out poverty. Harrington was a professor of Political Science at Queens College and a professor at the City University of New York Graduate Center.

ABCD, the largest human service agency in New England, annually honors dedicated individuals from sixteen neighborhoods for making their communities better places to live through outstanding contributions of time and effort.

Each award winner is selected through ABCD's neighborhood network of Area Planning Action Councils (APACs) and Neighborhood Service

Centers (NSCs), Head Start Policy Council and delegate agencies. In addition, a limited number of special awards go to local businesses and individuals who have made significant contributions to the fight against poverty.

The evening includes cocktails at 6:30 p.m., followed by dinner and dancing, guest speakers, and other entertainment. Tickets are available at local APAC, NSC or Neighborhood Employment Center (NEC) offices, and at ABCD's central office at 178 Tremont Street, Boston. Telephone — 357-6000 extension 302. Proceeds will be used to benefit ABCD special programs.

ABCD is Boston's antipoverty agency and the largest human services agency in New England, with funding from a variety of sources totaling over \$30 million annually. The agency is a private, non-profit corporation established in 1962, with the majority of board members elected from Boston's neighborhoods through the decentralized ABCD neighborhood network.

**III. TERMINATION**

The termination of the following-named member came effective 0800 hours, September 21, 1988:  
 Fire Fighter on Probation Joseph Bidy, Engine Company 5

**IV. SUSPENSIONS**

The Hearing Officers' decision on March 9, 1987, placed Fire Fighter Ronald White, Engine Company 29, on suspension, without pay, for eight weeks, with two weeks served and six weeks held in abeyance pending a satisfactory probationary period equal to the period of time imposed by the court, specifically until January 17, 1989.  
 Given the fact that he is on probation and has violated the Rules and Regulations of the Boston Police Department because of an infraction on September 14, 1988, the six weeks held in abeyance has been imposed, commencing at 0800 hours, September 22, 1988, and continuing to 0800 hours, November 3, 1988.  
 In accordance with the provisions of section 210 of the Rules and Regulations of the Boston Police Department, the following-named member has been suspended, without pay, according to the procedure indicated:  
 Fire Fighter Eddie Johnson, Engine Company 5 for two days, effective 0800 hours September 22, 1988, for violation of Rule 18.52.

**V. COMMENDATIONS**

The Fire Commissioner is pleased to commend Fire Lieutenant James F. Borden, Fire Fighters Gerald F. Sparrow, Robert L. Biggs, of Ladder Company 24 and Richard E. Brooks, Aide to District Three Fire Chief, for their professionalism and dedication to duty in the rescue of two persons under heavy smoke conditions while operating at Box 1366 on August 24, 1988, 0348 hours, 55 West Cedar Street, and makes this commendation a part of their personnel folder.

**CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications")**

**CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications") ("Technically Deficient Bids")**

The Mayor has approved the awarding of the contracts based on the following communications:

**CAPITAL PLANNING**

**Data-Entry Clerk Services**

Dear Mr. Mayor:

In response to an advertisement published in the *City Record* on August 22, 1988, for request for qualifications for a data entry clerk, the following proposals were received on August 31, 1988, by the Office of Capital Planning: Pauline A. Byrne, 73 Thompson St., Hyde Park, MA 02136, \$6.50 per hour; Clara T. Severin, 730 Cummins Hwy, Mattapan, MA 02126, \$7.75 per hour.

The data-entry clerk will provide data entry and administrative support to the financial division, maintain reports and perform quality control of financial data. Services will be performed on a part-time, as-needed basis.

Inasmuch as Pauline A. Byrne submitted the lowest bid and inasmuch as the bid and proposal is a reasonable one, your permission is requested to award this contract to Pauline A. Byrne, 73 Thompson Street, Hyde Park, MA 02136, for the period September 30, 1988, through June 30, 1989, on a part-time, as-needed basis at a cost not to exceed \$5,000.

Ms. Byrne has developed a working knowledge of the procedures of this office as she has provided the financial division with data-entry support under contract in fiscal year 1987 and fiscal year 1988 through Yankee Contract Services, who provided temporary help for the Office of Capital Planning.

Contractor has had a contract with this department for the previous two fiscal years, FY'88 and FY'87.

Respectfully yours,

Mary Nee,  
 Director.

**CONTRACTS AMENDED**

The Mayor has approved the amending of contracts, based on the following information:

**PUBLIC FACILITIES DEPARTMENT**

**Design of Improvements Services**

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on May 26, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract approved by your Honor on October 28, 1987, awarded to The S.W.A. Group for the purpose of providing landscape design services for street-scape improvements to Codman Square. The cost of this amendment shall not exceed \$25,850. The amended cost of this contract shall not exceed \$114,850 (including \$50,850 for Supplementary Services) which is a fixed fee of 6.4 percent based

on an estimated cost of construction of \$900,000. The amended term of this contract shall be extended to December 1, 1989.

Said amendment is necessary due to the increased scope of service required of the designer. Under the terms of the amended contract, the S.W.A. Group shall provide additional supplementary services including traffic resignalization, street realignment and a traffic subconsultant which were not originally included in the scope of work.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose in this particular instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

Dear Mayor Flynn:

Under delegation from the Public Facilities Commission to the Director of the Public Facilities Department dated November 19, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract approved by your Honor on December 16, 1987, awarded to Hammer, Kiefer & Todd, Inc. with offices at Cambridge, for the design of renovations to the Hawkins Street Building. The cost of this amendment shall not exceed \$47,928. The amended cost of this contract shall not exceed \$377,058, which is a fixed fee of 15.9 percent based on an estimated cost of construction of \$300,000.

Said amendment is necessary due to the increased scope of service required of the designer. Under the terms of the amended contract, Hammer, Kiefer & Todd, Inc. shall provide additional services including design of renovations to the City Cable Communications Office at the Hawkins Street Building. Renovations will include: additional offices; one large studio space; additional HVAC; and electrical upgrade.

Additional funding became available through Capital Planning allowing these services to take place.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose in this particular instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### Architectural, Engineering Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on May 12, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and amend a contract approved by your Honor on November 7, 1987, to Sverdrup & Parcel Associates for the purpose of architectural and engineering services in support of various small-scale Community Development Block Grant programs, including Neighborhood Commercial Development Bank, Physical Improvements Program and Buildable Lots, during the period August 1, 1987, to June 30, 1989, at a cost not to exceed \$25,000.

Your approval is requested to amend this contract to provide for further services necessary to

complete ongoing and new projects. This contract will cover the second cycle of the two-year contract. The original contract amount was based on costs for the first cycle. Due to the nature of this contract, costs were projected on a yearly basis. The cost of this amendment shall not exceed \$25,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$50,000. The period of performance shall remain the same.

The submission of this request has been delayed due to the time required of the contractor to submit all necessary documents.

Because of the professional nature of the services to be provided, and the qualifications of the contractor, I believe that public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### JOBS AND COMMUNITY SERVICES

#### CanShare Drive Coordinator

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Helen A. Lynch, an individual residing at 745 East Sixth Street, South Boston, for the purpose of providing professional services to the Mayor's Office of Jobs and Community Services (JCS) in support of the Boston Hunger Commission.

Under the terms of the contract, Ms. Lynch will plan, coordinate, and manage the implementation of the 1988 Boston CanShare Drive, as well as provide administrative support to the Boston Hunger Commission. Ms. Lynch was selected as she brings a wealth of personal and professional experience with hunger issues to this task. She was the 1987 CanShare Coordinator, and her performance in this position was exemplary. Under her leadership, the 1987 CanShare drive expanded from the involvement of fifteen corporations in 1986 to fifty-four in 1987. The number of cans collected rose from 30,000 in 1986, to 73,000 in 1987. The goal in 1988 is to increase the number of corporations involved to 100 and to collect 100,000 cans. Based on her previous experience and past performance, Ms. Lynch is the logical choice for this position. She will also be responsible for increasing in-kind donations used to support CanShare efforts, developing methods for controlling costs of the drive, and for staffing the newly created Boston CanShare Steering Committee. In my opinion the cost for these services is very reasonable.

Compensation under the terms of this contract shall not exceed \$12,000, of which \$4,000 will be initially encumbered. The period of performance shall be from August 8, 1988, until January 8, 1989. Ms. Lynch has not had a contract with JCS during any of the previous three fiscal years. The submission of this letter has been delayed due to the length of time involved in determining the availability of funds.

As this is a negotiated contract for professional services at a reasonable cost, based upon a careful examination of Ms. Lynch's professional qualifications, expertise, previous experience, and the fact that she is available to start immediately. I believe that public advertising would serve no useful or practical purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

### LAW DEPARTMENT Legal Services

Dear Mayor Flynn:

I respectfully request your permission to dispense with public advertising and to award a contract to Albert L. Hutton, Jr., an attorney with offices located at 6 Beacon Street.

Under the terms of the contract, Attorney Hutton will provide legal services and representation to police officer John Crowley in the case of *Eloise N. Pate v. John Crowley, et al.*, Suffolk Superior Court C.A. No. 67186. The City of Boston Law Department cannot provide such services because of possible conflict of interest. Attorney Hutton is uniquely qualified to provide these services because of his expertise and experience in the trial of police misconduct cases. In addition, Mr. Hutton represented Officer Crowley in the last fiscal year and this new contract will allow him to continue.

Compensation under this contract shall not exceed \$20,000. Payment will be made at the rate of \$100 per hour for Mr. Hutton's time and \$75 per hour for the time of his associate, Mr. William Macden. I have determined these rates to be reasonable. The term of this contract shall be from September 1, 1988, through June 30, 1989.

Because of the professional and ongoing nature of the services to be performed, I believe that public advertising would serve no useful purpose.

The following contracts were previously awarded to Andrew Hutton: Fiscal Year 1988 - \$10,000; Fiscal Year 1987 - \$10,000.

Very truly yours,  
Joseph I. Mulligan, Jr.,  
Corporation Counsel.

### MAYOR'S OFFICE

#### Student Assignment Services

Dear Mayor Flynn:

I respectfully request permission to dispense with public advertising and award a contract to Michael Alves for technical assistance and expert advice with regard to student assignment for the Boston Public Schools.

Under the terms of this agreement, the contractor shall assist Mayor's Office staff in developing the components of a student assignment plan that is permanent, predictable and fair. In making recommendations, the contractor will take the views of parents, school officials and other concerned parties regarding student assignment into account.

Michael Alves is uniquely qualified to provide these services. Michael Alves, who is Project Director for Desegregation Assistance at the Massachusetts Department of Education, is a nationally known expert and has been involved in developing student assignment plans in Cambridge, F. River, Little Rock, St. Louis, Seattle, and San Jose. Mr. Alves will take a leave of absence from his position with the State Department of Education to serve as a consultant for the City of Boston.

Compensation under this agreement shall be at the rate of \$34.40 per hour, not to exceed \$40,000. From these figures to be reasonable for the services rendered. The period of performance for this contract is August 29, 1988, to June 30, 1989.

Because of the professional nature of the services to be provided and the contractor's unique ability to provide such services I believe that public advertising would serve no useful purpose. This is the first agreement between the Mayor's Office and this conductor.

Sincerely,  
Robert Consalvo,  
Operations Director.

#### PUBLIC FACILITIES DEPARTMENT Plumbing Inspectional Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on June 9, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to R.W. Sullivan, Inc., a Massachusetts corporation, with offices at Union Wharf, Boston, providing plumbing inspectional services as a member of the design review staff at various sites during construction. Scope of work will include quality control inspections and recommendations of modifications during construction phase.

Compensation under this contract shall not exceed \$28,000, which is a negotiated fee of \$85 per hour for principals, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from August 15, 1988, to June 30, 1989.

Following the advertisement of this project in the *Boston Globe* on April 11, 1988 and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with M.G.L. c. 7, s. 38A 1/2 et seq. The committee evaluated two proposals submitted by the applicants and determined R.W. Sullivan, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows: R.W. Sullivan, Inc., Union Wharf 3; John Kearney, West Roxbury, 6.

I believe R.W. Sullivan, Inc., is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### Electrical Inspection Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on June 9, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Joseph Frank Fanara, an individual who resides in Revere, for providing electrical inspection services and electrical engineering review services as a member of the design review staff for various projects. Scope of work will include site visits and preparation of review documentation through all phases of construction.

Compensation under this contract shall not exceed \$28,000, which is a negotiated fee of \$35 per hour, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from August 15, 1988, to June 30, 1989.

Following the advertisement of this project in the *Boston Globe* on April 11, 1988, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with M.G.L. c. 7, s. 38A 1/2 et seq. The committee evaluated two proposals submitted by the applicants and determined Joseph Frank Fanara most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows: Joseph Frank Fanara, Revere, 3; J.F. Broderick Co., Inc., Randolph, 6.

I believe Joseph Frank Fanara is qualified to perform the services required. In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### SCHOOL DEPARTMENT Special Education Services

Dear Mr. Mayor:

In response to an advertisement in the *City Record* on April 18, 1988, and an invitation to contract mailed by the Office of Contracted Educational Services to approximately 140 facilities approved by the Mass. Department of Education, the following facility: Horizon Hospital, Florida, has responded and has been deemed as qualified to provide special educational services for Boston Public School students who it has been determined cannot be served in the Boston Public Schools.

Therefore I request your authorization for the award of a contract to the above facility for the provision of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, in an amount not to exceed \$613,200, a cost which is deemed to be reasonable, during the period of July 1, 1988, through June 30, 1989.

The amount to be encumbered initially is \$204,400.

This contract is late due to the contractor's failure to return it in time.

The facility will provide services to Boston Public School pupils in accordance with each child's individual educational plan devised by the School Department staff.

Because it has been determined that these children are in immediate need of special education, and in view of the personal and professional nature of the services to be performed, the expertise of the facility in this area, and the fact that the rates for these services are set by the Massachusetts Rate Setting Commission, it is my determination that no public purpose would be served by further public advertising. FY-86 expenditure \$0; FY-87 \$0; FY-88 \$0.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### SCHOOL DEPARTMENT

Dear Mr. Mayor:

Attached is a letter dated March 16, 1987, in which the School Department requested that a contract be awarded to Coopers and Lybrand, One Post Office Square, for auditing of School bus Transportation Program (two years) for a total of \$110,000. The period of the contract was April 1, 1987, through June 30, 1987. This contract contains an option to renew for the years 1987-88 and 1988-89 at 5 percent per year increases as stated in the contract.

The original bid was for \$55,000 for 1985-1986 with a 5 percent per year increase for each additional year. Coopers and Lybrand agreed to hold the price for the FY1986-87 contract to \$55,000. This third-year price of \$57,750 is a 5 percent increase over the original bid price.

Inasmuch as we have advertised this contract in the *City Record* on Monday, June 26, 1986, and we have provided in the original contract the option to renew for a third year, we request your permission to exercise the option to renew for the period June 30, 1988, through November 30, 1988, at a cost not exceed \$57,750.

Very truly yours,

Leo J. Burke,  
Business Manager.

PUBLIC WORKS DEPARTMENT

Proposal for Miscellaneous Repairs to Public Works Department Street Sweepers and Front-End Loaders.

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal will be submitted in duplicate and in accordance with the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., on and after Monday, October 10, 1988.

All proposals shall be filed no later than 2 p.m., Boston time, Thursday, October 20, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken out.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

The Commissioner of Public Works has determined that there is little or no risk of default or unsatisfactory performance by the vendor/contractor, therefore, a performance bond will not be required.

NOTICE

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,  
Commissioner of Public Works.

**NOTICE TO CONTRACTORS**

**Invitation for Bids for Improvements  
to Ramsey Park, Roxbury, Mass.**

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Improvements to Ramsey Park, Roxbury, Mass."

**SCOPE OF WORK** includes: Furnishing all labor, materials, and equipment necessary to install ballfield renovations, paving, fencing, water, benches and planting materials. Estimated Cost, \$480,000.

Bids shall be submitted in duplicate before 2 p.m., Boston time, on Wednesday, October 19, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS AND PLANS** will be available on or about Monday, October 3, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$50 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$50 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 30 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each minority business enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston

Jobs and Community Services, 43 Hawkins Street, Boston, MA 02114.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 43 Hawkins Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, October 11, 1988, at 10:30 a.m., Boston time.

Invitation for Request for Designer Qualifications for Master Planning and Landscape Architectural Services for the Improvement of Dorchester Park.

The Parks and Recreation Department, acting through its Commissioner, is requesting Designer

Qualifications for Master Planning and Landscape Architectural Services for the Improvement of Dorchester Park. The total construction budget for improvements is \$710,000. The fee for master planning and the development of construction documents is \$65,000.

Work to include detailed site analysis; preparation of two or more preliminary master plans and one final master plan; three to four community review meetings; schematic and design development documentation; cost estimates; contract documents and specifications; and construction supervision. It is the intent of this Awarding Authority to develop park renovation design of the highest quality and to retain firms with the professional qualifications commensurate with this goal.

This announcement initiates a two-stage selection process. Stage One requires a written submittal which outlines professional qualifications. Three to five firms will then be required to submit additional information in Stage Two of the selection process. Applicants are encouraged to follow the guidelines set forth in the Designer Qualification Statement which may be obtained from the office of the Chief Engineer, Parks and Recreation Department, at the address indicated below. If interested, please call 542-3071 and refer to this advertisement. Applicants must be either registered landscape architects or registered engineers in the Commonwealth of Massachusetts.

All documents shall be delivered to the Chief Engineer, Department of Parks and Recreation, Suite 930, 294 Washington Street, Boston, MA 02108. Stage One submittals are due no later than 5 p.m., October 20, 1988.

## MAYOR REAFFIRMS SUPPORT OF ELMA LEWIS AND NCAAA

Mayor Flynn, on October 4, re-affirmed his support for Elma Lewis and the National Center for Afro-American Artists' (NCAAA) tentative designation as co-developer of a 6.8-acre site located in Roxbury at the corner of Tremont and Whittier Streets.

The Mayor, at a gathering of leading members of the business and development community said "The project is in keeping with my administration's commitment to support Boston's arts and heritage and build stronger economies in our neighborhoods."

"Over the last twenty years" the Mayor said, "Elma Lewis has worked hard to ensure that the residents of Roxbury and the community at large receive spiritual and cultural enrichment through the visual, dramatic and performing arts. Her vision has always been to provide opportunities for people of color to develop their talents and present them to people all over the world. On this 350th anniversary of the presence of Black Americans in Boston, let everyone know that today we celebrate that history, and underline our pride in their accomplishments by planning a great center for Afro-American culture that will be a model for other cities and a welcome addition to Boston, the city of museums."

Parcel P-3 is one of the most valuable land sites along the Southwest Corridor because of its location. It sits across the street from Parcel 18, which is one of the two sites that comprise Boston's \$400 million parcel linkage project, a joint venture of Columbia Plaza Associates and Metropolitan Structures, Inc.

Once completed, the Parcel 3 project could generate substantial revenues to help support the NCAAA's \$7 million renovation and expansion program, which will include renovations to the Museum of the National Center on Walnut Avenue in Roxbury, and to the Elma Lewis School of Fine Arts on Seaver Street and Elm Hill Avenue. In addition, there are two proposed new developments, the construction of the National Center for Performing Arts and

the revival of the Playhouse in Franklin Park.

BRA Director Stephen Coyle noted that "The innovative neighborhood project is part of the City's ongoing cultural linkage program and serves as a fitting tribute to a woman who by her efforts has gained worldwide acclaim and brought distinction and honor to Boston." Coyle said "A RFP (Request for Proposal) will be developed by a working group comprised of representatives from the City, the NCAAA and local community groups including the Roxbury Neighborhood Council and the Parcel 18 Task Force in order to ensure full community participation in the project."

In June, 1988, the BRA Board, on behalf of the City, designated the NCAAA as equity partner in the development of Parcel P-3. With financial assistance from the BRA, the NCAAA retained the services of Stull & Lee, Inc. (architects for the Ruggles Street Station and Roxbury Community College) and Jacqueline Hall as a consultants in the formulation of a development scenario for Parcel P-3. The development scenario proposes a two-phase, 800,000 square-foot project. The first phase proposes 396,000 square feet of commercial mixed use space, 356,000 square feet of office space and 31,000 square feet of retail space with 430 surface parking spaces. Phase II will consist of 264,000 square feet of office space and a 430-car garage structure.

### CITY TO DEVELOP LAND ALONG SOUTHWEST CORRIDOR

The City of Boston's Public Facilities Commission, on September 22, voted to proceed, with the cooperation of the MBTA, with the development of nine parcels of land along the City's Southwest Corridor that will result in nearly 300 new housing units and close to 100,000 square feet of retail/office space. Deeds for the sites, in Jamaica Plain, Roxbury, Mission Hill and Roslindale, were conveyed to the Public Facilities Department (PFD) by the MBTA.

"This is an historic moment," said Mayor Raymond L. Flynn. "The creation of housing and commercial space on these parcels is the culmination of years of negotiations between residents, business people, the City and the State. It's another important chapter in the revitalization of the neighborhoods that surround the Southwest Corridor."

The redevelopment of the Southwest Corridor is the largest single construction project in the history of the State. Stretching from South Cove downtown to Forest Hills in Jamaica Plain, this project will affect 1/4 of the City's population. Completed portions of this project include the relocation of the Orange and Commuter rail lines, the creation of 52 acres of new parkland and the construction of the new Roxbury Community College. The new Orange Line links downtown Boston with 7 of its neighborhoods. Total development costs for this final phase of the Southwest Corridor Project are approximately \$43.3 million.

The neighborhood objectives for housing and commercial development for each of the sites are the result of a community process that began over 15 years ago when Station Area Task Forces (SATF's) were formed to review all aspects of the Southwest Corridor

(Continued from previous page)

Project. The Public Facilities Department has been the City's planning and development liaison with the MBTA and the community for this project. PFD also assembled vacant City-owned land adjacent to the MBTA sites in order to provide greater development opportunities within the neighborhoods.

"PFD's partnership with community residents has underscored our mutual desire for quality designs that will be compatible with the surrounding neighborhood," said Lisa G. Chapnick, director of PFD. "We will continue the community involvement process by looking to the SATF's and neighborhood councils as we receive proposals for each of these sites."

The approval of the City Council is required before the City can begin seeking developers. It is anticipated that Request for Proposals will be issued before the end of the year.

The nine parcels are:

- Columbus Avenue, Roxbury — 154,000 sq. ft., projected 200 units of housing and 5,000 sq. ft. street level retail space.
- Tremont Street, Roxbury — 40,000-50,000 sq. ft., retail/office building with on-site parking.
- Call Street, Jamaica Plain — 39,700 sq. ft., projected 24 units of housing.
- Centre Street, Roxbury — 60,000 sq. ft., retail/office building.
- Everett Street, Jamaica Plain — 22,000 sq. ft., projected 10 units of housing.
- Green Street, Jamaica Plain — 11,000 sq. ft., best use to be determined through Green Street, SATF.
- Lamartine Street, Jamaica Plain — 16,400 sq. ft. (w/private development), projected 8 units of housing.
- Lamartine Street, Jamaica Plain — 78,800 sq. ft., projected 32 units of housing to complement the continued presence of the Community Farm.
- Florence/Blakemore Streets, Roslindale — to be determined.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

## FIRE DEPARTMENT Emergency Repairs to Engine

Dear Mayor Flynn:

I respectfully request your Honor's permission to award to Greenwood Fire Apparatus, North Attleboro, the task of performing certain emergency repairs to Engine 1. On July 18, 1988, these emergency repairs were necessary in the interest of public safety, given that this piece of apparatus is necessary to the fire-fighting operations of this Department.

Greenwood Fire Apparatus performed the following work on Engine 1: Fixed rear end from shifting; removed both rear ends, and replaced torsion bar on left side; replaced rebushing on right side; installed new rear end stops.

The cost of the work described above is \$5,947.78, which will be paid pursuant to the city's existing contract with this firm, Contract 1673-89 for repetitive services for the fiscal year 1988. This contract requires the Mayor's approval for any single repair of \$2,000 or more.

This request is being submitted late after the work has been completed because the parts needed for the engine were not immediately available and the bill was not received for at two months after completion of the work.

In my opinion, the contractor is qualified to do the work hererin described, inasmuch as Greenwood Fire Apparatus is thoroughly familiar with all types of work on said equipment. This price quoted for the work is reasonable and it does not appear that any lower price could be obtained by publicly advertising for bids and I believe that public advertising would serve no useful purpose.

Very truly yours,  
Leo D. Stapleton,  
Fire Commissioner.

PLEASE NOTE: That the deadline of NOON, THURSDAY of each week is eleven days in advance of publication.

## ADMINISTRATIVE SERVICES DEPARTMENT PRINTING SECTION

### Printing Equipment Maintenance, etc.

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Compugraphic Corporation, a corporation, located at 80 Industrial Way, Wilmington, for the service and maintenance of the new Compugraphic printing equipment purchased on June 20, 1988. The service and maintenance work will be performed by Compugraphic's Warranty Extension Agreement Division, located at 55 Concord Street, North Reading. The contract will be effective for the period August 1, 1988, through June 30, 1989, at a cost not to exceed \$20,593.33 net.

Under the terms of the contract, Compugraphic Corporation will provide all materials and perform all the work necessary for and incidental to providing preventative and remedial maintenance service for the printing equipment.

Compugraphic Corporation is specifically qualified to do this work because inasmuch as Compugraphic Corporation is the Manufacturer, their technicians are trained specifically to maintain and repair all of the equipment it manufactures, and parts are readily available.

Compensation under this contract shall not exceed \$20,593.33, which I have determined to be reasonable for the work to be performed. This funding will be charged against appropriation 011-140-0145-0270 with an initial encumbrance of \$20,593.33.

Compugraphic Corporation has had a contract with this department for the previous three fiscal years for the older equipment. The encumbered amount for FY'88 was \$16,632, for FY'87 and FY'86 equipment purchased on June, 1988.

Because Compugraphic Corporation is specifically qualified to do this work for a reasonable price, I believe that public advertising would serve no useful purpose.

A schedule of the printing equipment to be serviced and maintained under this contract will be furnished by Compugraphic Corporation and will become part of this contract. It will show model and serial number, and monthly cost of each item.

This letter of award has been submitted after the period of performance has commenced because the Certificate of Authority had to be sent out of state for the Corporate Seal.

Very truly yours,  
William J. Hannon,  
Superintendent.

## PENAL INSTITUTIONS DEPARTMENT Consultation Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the National Center for Citizen Participation in the Administration of Justice, a nonprofit Massachusetts corporation, located at 20 West Street fourth floor, Boston, for consultant services for the Suffolk County House of Correction at Deer Island.

Under the terms of this contract, the National Center for Citizen Participation in the Administration of Justice (hereinafter the NCCPAJ) will assist the Penal Institutions Department in the continued development and implementation of a Citizen Advisory Committee in accordance with the Settlement Agreement, as Amended, in *Watkins, et al. v. Flynn, et al.* and to otherwise assist in the implementation of that agreement in the light of accepted correctional standards.

The NCCPAJ is uniquely qualified to perform his work because they have previously been contracted by the Penal Institutions Department in assisting with the formulation of a community involvement program during Fiscal Year 1987, and with the continued development and implementation of that program during Fiscal Year 1988.

Compensation under the terms of this contract shall not exceed \$11,220, with professional services being compensated at \$200 per day, and secretarial services at \$80 per day, which costs I have determined to be reasonable for the services to be performed. The term of this contract shall be from September 15, 1988, through June 30, 1989.

Because of the professional nature of the services to be rendered under the terms of this contract, and because the NCCPAJ is eminently familiar with this program, I believe that public advertising would serve no useful purpose. This contract is being submitted late because the contractor delayed in submitting the necessary properly executed contract documents.

Very truly yours,  
Robert G. Walsh, Jr.,  
Commissioner.

#### PUBLIC FACILITIES DEPARTMENT Landscape Architectural Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on May 26, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to the Alverson Companies, Inc., a Massachusetts corporation, with offices at 161 Massachusetts Avenue, providing landscape architectural services for the Hyde Square Capital Improvements Program including: sidewalks, street trees, street lighting and traffic island reconfiguration. Scope of work will include: preliminary drawings, design development, working drawings, and construction supervision.

Compensation under this contract shall not exceed \$76,000 (including \$17,250 for supplementary services) which is a fixed fee of 10.1 percent based on an estimated cost of construction of \$80,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from August 1, 1988, to December 31, 1990.

The contractor was selected based upon an evaluation of the proposal submitted in response to publicly advertised request for proposals conducted by the Public Facilities Department on December 23, 1985, in the *Boston Globe*. Costs were determined to be reasonable after extensive analysis by Public Facilities Department staff. The Alverson Companies, Inc. ranked second in the original request for proposals process, but because the first ranked contractor has been released from the project due to disagreements. The Alverson Companies, Inc. is now being hired.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### Renovations Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on August 25, 1988, I respectfully request

your Honor's written permission to dispense with public advertisement and award a contract to HST & P/Cannon, a joint venture, with offices at 26 West Street, providing continuation of design services for renovations to Boston City Hospital Inpatient Hospital, Phase II. Scope of work will include design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$6,846,325 (including \$2,621,800 for supplementary services) which is a fixed fee of 6.93 percent based on an estimated cost of construction of \$71,735,728, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be 55 months from the date of execution.

This project was designed to be a phased project with a separate contract for each phase, each contingent upon the successful completion of the previous phase. HST & P/Cannon have successfully completed the master plumbing, programming and preliminary design for this project.

Accordingly, the qualifications of the above-mentioned firm have been reexamined by the Public Facilities Department Designer Selection Committee pursuant to M.G.L. C. 7, s. 38I. It has been determined that it is in the best interest of the City of Boston to continue the services of this firm.

I believe HST & P/Cannon is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### SCHOOL DEPARTMENT Accommodations, Meals, etc.

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Factory Mutual System, a corporation located at Norwood.

This contract shall be in effect during the period October 30, 1988, to November 2, 1988, and shall occur at a cost not to exceed \$7,000, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will provide accommodations, meals, and the use of a conference room at the Best Western Conference Center and Inn for the visiting accreditation team from the New England Association of Schools and Colleges. The accreditation will be performed at West Roxbury High School.

The staff at West Roxbury High School solicited bids from three area hotels, Inn at Children's in Brookline, Comfort Inn of Dedham, and the Best Western in Norwood. Factory Mutual System was selected to provide these services because its price quote was lowest of the facilities contacted.

This is the first contractual agreement between the Boston Public Schools and this vendor.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Training for School Staff

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Benjamin J. Bahan, an individual residing at 25 Sparhawk Street, Brighton.

This contract shall be in effect October 1, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$12,000, which I have deemed to be reasonable.

Under the terms of this agreement, Mr. Bahan will provide the following services: in-service training for Horace Mann School staff in the area of American Sign Language, Deaf Culture, and Deaf History; direct service to deaf students ages three to twenty-two in the area of deaf culture; assess HMS language arts curriculum and make adaptations to include an ASL/English approach to institute; assist in the development of a schoolwide curriculum, grades K-12, to teach deaf culture, deaf history, and deaf literature; prepare and evaluate materials in ASL; assist in the evaluation of deaf students language skills such as English, ASL, PSE, and more. These services will be conducted for 240 hours at the rate of \$50 per hour.

Horace Mann School staff advertised these services through the Massachusetts State Association for the Deaf; these efforts produced only two applicants. Mr. Bahan was selected because of his past experience in providing similar services and he possesses more of an educational background in the content area.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This is the first contractual agreement between the vendor and the Boston School Department.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Project "Involve"

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Vazquez-Nuttall Associates, a corporation located at 106 Washington Street, Newton.

This contract shall be in effect during the period October 1, 1988, to September 30, 1989, and shall occur at a cost not to exceed \$5,000, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will provide the Title VII Project with evaluation services for Project I. N. V. O. L. V. E., which will include the design of a study which will assist the project in assessing the attainment of its objectives over a three-year period; providing formative evaluation to project administrators on an ongoing basis, and producing a written summative evaluation report which will include both quantitative and qualitative data in the evaluation of the project.

Funds for this project are available at no cost to the city under Title VII, Project I. N. V. O. L. V. E. The project director of the Title VII project is responsible for the supervision of the project, endorsement of invoices on behalf of the School Department, and for serving as the contact person.

The contractor is specially qualified to provide the above services because this is the third year of a three-year continuing project utilizing the evaluation firm that was awarded the contract based on open bids during the second year of the grant (1987-1988).

The contractor will also provide training to bilingual teachers in techniques for developing CRT items based on Spanish Language Arts Curriculum objectives. Contractor will review draft test items prepared by teachers for grades K-5 and 9-12.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest

would not be served by publicly advertising for bids.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1988 — \$8,000; 1987 — \$12,456; 1986 — \$8,841.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Reading Remediation, etc.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Suffolk University, located at Beacon Hill. This contract shall be in effect during the period from October 3, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$16,200, which I have deemed to be reasonable. On March 25, 1988, the School Committee approved all of the chapter 636 FY'89 proposals for the sum of \$6,022,377.

Suffolk University will provide staff training and reading remediation at Copley Square High School for \$13,700 in District E. Student Leadership activities will be coordinated for \$2,500 in the Central Leadership project systemwide.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of university pairing; the institution has specifically designed services in conjunction with school personnel to meet the intent of U. S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$0; 1987 — \$20,000; 1988 — \$15,700.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Arts in Progress, Inc., located at 11 Green Street, Jamaica Plain. The contract shall be in effect during the period from October 15, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$33,647, which I have deemed to be reasonable. On March 26, 1988, the School Committee approved all of the chapter 636 FY'89 proposals for the sum of \$6,022,377.

The contractor will provide the following services:

Storytelling classes with a multicultural focus in conjunction with the B. P. S. Language Arts and Social Studies curricula. Storytellers will work with students, classroom teachers, parents and other school staff at elementary and middle schools to encourage a love of oral language and to teach specific techniques to encourage reading aloud.

Arts in Progress will provide coordination, follow-up and curriculum consultation with teachers and evaluation mechanisms for all programs.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of cultural institution; the institution has specifically designed services in conjunction with school personnel to meet the intent of U. S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A, and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$4,220; 1987 — \$4,390; 1988 — \$12,063.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Dance Training

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to American Theatre Dance Inc., located at 118 Highland Street. The contract shall be in effect during the period from October 3, 1988, to May 31, 1989, and shall occur at a cost not to exceed \$3,500, which I have determined to be reasonable. On March 26, 1988, the School Committee approved all of the chapter 636 FY'89 proposals for the sum of \$6,022,377.

The contractor will provide the following services:

Identify the talented dance students in the high and middle schools in District E through competitive audition; provide intensive after-school dance training to twenty to twenty-five talented students selected through audition. The program includes both technical training in ballet, modern and jazz dance, learning repertoire set by the ballet master, guest choreographer, and the director; performance opportunity will be provided through appearance in conference, school assemblies and festivals; produce a major spring concert with the All City Dance Company performing repertoire learned in the program; students from elementary and middle schools will be the invited audience for this event; provide enrichment to all dance students at English High School and company members through field trips to major dance performances in Boston.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act); the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the

services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1987 — \$3,500.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

**PUBLIC NOTICE**

At the Public Facilities Commission meeting on September 22, 1988, the Commission voted and the Mayor subsequently approved their intent to enter into a Joint Venture between Action for Boston Community Development, Inc., (ABCD) and Pomini Realty Trust, Mark H. The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal shall be submitted in duplicate on and in accordance with the contract documents which may be obtained at Room 714, (Contract Office), City Hall, Boston, Mass., on and after Monday, October 17, 1988.

All proposals shall be filed no later than 2 p.m., Boston time, Thursday, November 3, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken out.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of

chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS  
I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 43 Hawkins Street, Boston, MA 02114, telephone number 723-1400, Ext. 277. IF A CONTRACTOR WISHES TO USE A MINORITY BUSINESS THAT IS NOT LISTED IN THE DIRECTORY, HE MUST CONTACT THE MINORITY BUSINESS OFFICE TO OBTAIN AN IDENTIFICATION STATEMENT, COMPLETE THE STATEMENT, AND SUBMIT THE STATEMENT WITH HIS BID. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on November 1, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that its subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of

chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS  
I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 43 Hawkins Street, Boston, MA 02114, telephone number 723-1400, Ext. 277. IF A CONTRACTOR WISHES TO USE A MINORITY BUSINESS THAT IS NOT LISTED IN THE DIRECTORY, HE MUST CONTACT THE MINORITY BUSINESS OFFICE TO OBTAIN AN IDENTIFICATION STATEMENT, COMPLETE THE STATEMENT, AND SUBMIT THE STATEMENT WITH HIS BID. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on November 1, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

**NOTICE TO BIDDERS**

Sealed bids for MBTA Contract No. E3CN59, FLEISCHMAN BUILDING REMODELING, Boston, Massachusetts, will be received by the Director of Construction, at the Contract Administration Office, fifth floor, Transportation Building, 10 Park Plaza, Boston, MA 02116-3933, until two o'clock (2 p.m.) on October 17, 1988. Immediately thereafter, in a designated room, the bids will be opened and read publicly.

The work consists of site improvements, concrete and masonry work, metal work, thermal and moisture protection, doors and windows, finishing, specialties, mechanical and electrical work.

This contract is subject to a financial assistance contract between the MBTA and the UMTA of the U.S. Department of Transportation.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after September 14, 1988, Monday through Friday, at a charge of \$25 per set. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements, dated November, 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per copy. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee of \$15, payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges are refundable.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination, and Affirmative Action Program in the specifications. In addition, pursuant to the requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) Participation Provision, bidders must submit an assurance with their bids that they will make sufficient and reasonable efforts to meet the stated DBE goal of 18 percent.

Bidders will affirmatively insure that in regard to any contract entered into pursuant to this solicitation, minority and female construction contractors will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with Federal Equal Employment Opportunity Regulations and the President's Executive Order No. 11246 and any amendments or supplements thereof.

Authorization for the bidders to view the site of the work on MBTA property shall be obtained from the office of the Senior Project Manager, Robert D. MacKay, 500 Arborway, Jamaica Plain, MA 02130, Telephone No. (617) 722-3498. A prebid conference will be held on October 5, 1988, at 10 a.m., in the above office. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify as part of their

bid that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

This contract is subject to minimum state wage rates as well as all other applicable labor laws.

Bid guaranty shall consist of a bid deposit in the amount of 5 percent of the value of the bid in the form of a bid bond, cash, certified check, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject any or all bids, to waive informalities, to advertise for new bids or proceed to do the work otherwise, as may be deemed to be for the best interests of the Authority.

## SOUTH BOSTON JOB FAIR UNIQUE SUCCESS

Drawn by good blue-collar jobs paying as much as \$15 per hour, hundreds of Boston job hunters turned out at St. Brigid's gym in South Boston September 22nd for the first Marine Industrial Park Job Fair. They were young people just out of high school, mothers looking for a good job with flexible hours, college graduates, retirees, men and women of all ages from neighborhoods all over the city. They met with nearly forty employers — ranging from companies in printing, food processing, electrical and medical manufacturing, construction, and other light manufacturing industries — who were willing to fill some 500 blue-collar jobs paying between \$6 and \$15 per hour. By the end of the day, 283 people had filled out job applications; many had made appointments for interviews; several were hired soon after. Employers and job seekers had both been well served by the event, the fourth most successful job fair sponsored by the city this year.

The strong turnout by manufacturing employers made this job fair uniquely successful," said Kristen McCormack, Director of the Mayor's Office of Jobs and Community Services (OJCS), co-sponsor of the job fair with the Economic Development Corporation of Boston (EDIC).

Manufacturing employers responded very enthusiastically, and this is an indication of just how strong the manufacturing sector is on the South Boston side," said Marilyn Swartz Lloyd, who said this was an occasion where those manufacturing employers could reach out directly to people in Boston's neighborhoods who are looking for good jobs at good wages."

Because of the quality of the job applicants at the job fair, we're concentrating on hiring a supervisor, some quality control people, and some assemblers," said Jon McGrath, Vice President of Operations at Harbor Medical Devices, a medical technology company located in EDIC's Marine Industrial Park. "Overall, the job fair was very successful for us."

Mayor Flynn kicked off the Marine Industrial Park Job Fair with a door-to-door outreach effort in South Boston that began with an upbeat press conference at the Veterans Affairs Center behind the Mary McCormack Housing Project, on September 19th. Representatives from community-based organizations and city agencies went

door to door informing residents about the career and training opportunities that would be highlighted at the fair.

By matching hard-working, responsible Boston residents with good jobs at Boston companies that offer well-paying jobs and opportunity for advancement," said the Mayor, "EDIC and the City of Boston get closer to our goal of a 'a good job for every Boston resident.'"

So far this year, 300 Boston residents have been placed in Boston jobs following job fairs held between April and June with the focus on Roxbury and Mission Hill neighborhoods. These job fairs and other efforts made by OJCS are part of the city's Boston for Boston campaign, an historic agreement between Mayor Flynn and many of the city's real estate developers to give Boston residents first opportunity at new jobs created by downtown development.

Another OJCS effort, Jobstart, is a neighborhood and employment training resource center that works to place Boston residents in a variety of jobs with good benefits and salaries. In the past, Jobstart has focused on downtown development, but with the success of the Marine Industrial Park Job Fair, the program will now include manufacturing companies.

In addition to joining OJCS for job fairs, EDIC also operates ongoing job

development programs for Boston residents. EDIC's Boston Technical Center (BTC) offers specialized skills training in machine tool operations, welding, business machine repair, and medical secretarial skills. By forging close links with employers, the BTC achieves a placement rate of over 90 percent. Another initiative begun by EDIC involves mentorship relationships between employees of Digital Equipment Corporation's Roxbury plant and young residents of the Orchard Park housing development who are interested in learning about careers.

### STANWOOD DRAPERY NOW AT EDIC'S MARINE INDUSTRIAL PARK

A Boston company facing a forced move out of the city because of the lack of manufacturing space is breathing easier because of a long-term lease on space at a city-owned industrial park.

The owners of Stanwood Drapery company wanted desperately to remain in Boston, close to home for its 125-strong workforce and accessible to its customers, discount stores, such as Bradlees and Zayre. But this appeared impossible with a short-term lease in an industrial building slated for conversion to office use.

Now, with a long-term lease in industrial space being developed in the Economic Development and Industrial Corporation's (EDIC) Marine Industrial Park, the forty-five-year-old drapery manufacturer will remain in Boston. The move to Drydock Center — a joint development of EDIC and Drydock Associates — will allow the company to remain in the city and expand its business, creating additional jobs.

"We wanted to stay in Boston, our past was here and our future is here," said Al Goldman, vice-president of the company. "The move to Drydock Center means we can stay in the city and

concentrate on upgrading our production efficiency." The company will move into its 73,270 square-foot space in February, 1989.

"The foundation of Boston's growth is built on strong, prosperous companies that provide high-quality jobs to the city's residents," said Mayor Raymond L. Flynn. "These companies and the blue-collar jobs they provide form the economic backbone of Boston's neighborhoods."

But that economic base has recently been threatened by the lack of affordable manufacturing space in Boston. To ease the pressures caused by speculation and office conversion, EDIC proposes a new Light Manufacturing Zone (LMZ) to protect light manufacturing jobs and encourage investment in industrial property by reserving land in the city for "clean" manufacturing companies like Stanwood Drapery.

"At a time when key industries are growing in Boston, many manufacturers are being forced out of the city by high rents and poor lease terms, both resulting in large part from speculation," said EDIC's Director, Marilyn Swartz Lloyd. "While EDIC is trying to accommodate as many employers as possible in our industrial parks, a Light Manufacturing Zone is also necessary to keep manufacturing employers and the good jobs they provide in Boston."

Drydock Center, is an eight-floor, 275,000 square-foot development under construction in Section A of Building 114 at EDIC's Marine Industrial Park.

"As one of Boston's oldest light manufacturing companies providing quality, blue-collar jobs, Stanwood Drapery is exactly the type of user that both we and EDIC want in this property," said Byron Gilchrest, Managing General Partner of both Macomber Development Associates and Drydock Associates. "Leasing activity is high, and we expect to have the building fully leased soon after opening in early 1989."

Drydock Center will house Boston manufacturers employing approximately 500 workers. Drydock Associates, the development team, is a joint venture of Bay State Investors, Inc., Taylor Properties, Inc., Dunn Associates, and Macomber Development Associates.

## HARVARD SCHOOL OF PUBLIC HEALTH PROGRAM

Project LIFE, a community-based program designed to reduce the high incidence of infant deaths and early childhood morbidity in Boston's Mission Hill, announces the opening of its doors.

Project LIFE (Lowering Infant Fatality through Education) was formed in response to community concern about the area's excessively high infant mortality rate. During the period 1980-1984, the postneonatal mortality rate, or infant deaths occurring one to eleven months after birth, in the Mission Hill area was twice the city-wide rate. Among black births, the postneonatal death rate was four times the city-wide rate. Equally alarming has been the high incidence of low birthweight babies in the area — 18 percent of all infants born during 1984. Factors contributing to these high rates include lack of health services for pregnant women and mothers with new babies, poverty, high-risk behaviors such as smoking, alcohol abuse and drug use, and inadequate nutrition.

Project LIFE operates on the premise that if high-risk pregnancies and infants are identified early on, preventive measures can be taken that will reduce the

rates of infant mortality and childhood morbidity. Providing guidance to pregnant women and new mothers, the program aims to eliminate the barriers to health care and social services.

Project LIFE is distinctive in that it is community-based, with the program's staff drawn from the neighborhood it serves. In recent years, the Mission Hill area — located in the Roxbury section of Boston — has experienced a rapid shift in the ethnic make-up of the population. In less than a decade, the number of births to residents identified as Hispanic has increased from 6 percent in 1976-1977 to 37 percent of births in 1983-1984, while an additional 40 percent are black. Almost two-thirds of these women were not born in the United States.

The project's Community Health Coordinators (CHC's), who are familiar with the obstacles that prevent quality health care, advise and educate pregnant and parenting women. Through home visits and meetings, they work with women to access health services and develop a comprehensive service package.

Project LIFE is a cooperative effort involving individuals and organizations across the Mission Hill community, in cooperation with the Harvard School of Public Health. Participating organizations include the Mission Hill Extension Local Tenants Policy Council, Inc.; Mission Main Tenants Task Force; ABCD Parker Hill/Fenway Neighborhood Service Center; and the Mission Hill Health Movement. A three-year grant from the Boston Foundation supports operation of the program.

Project LIFE's headquarters are at 1534 Tremont Street in Roxbury.

### NOVEL REQUEST TO MAYOR.

Mayor Nichols found an unusual request in his mail of January 28. A envelope addressed to "Municipal Center, Court Square Store, Boston, MA" bearing the postmark of Lebanon H., found its way to the Mayor's desk.

Naturally City Hall is the municipal center, and as City Hall is bounded to the north by Court square the police department deducted that the letter should go to his Honor.

Upon opening it the Mayor was surprised to find a clipping from a newspaper showing reproductions of women wearing percale "daytime" frocks and that it was a letter and a money order for \$2 made payable to the Municipal Center.

The letter accompanying the inclosures read:

Dear Sir, — Please send me these 36 Percale "Daytime" Frocks, size 36. Enclosed you will find a money order for

Sincerely,  
Mrs. Celia Bassett,  
36 Church Street,  
Lebanon, N. H.

The Mayor has returned the money order and the clipping stating that the money has not entered into the clothing business as yet, and is sorry that he cannot aid the individual in complying with the request.

## EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY

### PENAL INSTITUTIONS DEPARTMENT

September 13, 1988.

Mr. Felix Arroyo, Director  
Office of Personnel Management.

Dear Mr. Arroyo:

On August 20, 1986, Mr. Paul Leaman was appointed to the position of Superintendent (CO-6) for Human Services at the Suffolk County House of Correction at Deer Island.

Prior to his appointment, Mr. Leaman has served as the Director of Brooke House, a residential program for individuals on state and federal pre-release and parole, for nine years; and prior to serving as the Director of Brooke House, Mr. Leaman served as the Director of 699 House, a residential program for individuals on state pre-release and parole, for three years. Mr. Leaman did an outstanding job in both of these positions. Mr. Leaman is also an auditor with the Commission on Accreditation for Corrections; and he has attended and taught numerous criminal justice training seminars over the years. Mr. Leaman's professional experience and commitment to excellence have done much to improve the overall operation of the Suffolk County House of Correction at Deer Island.

Because of Mr. Leaman's professional experience and background, it is respectfully requested that his third-year step increment in the position of Superintendent be determined under Rule 15 (f) of the Classification and Compensation Plan for officers and employees of Suffolk County. I recommend that this action be retroactive to July 1, 1988.

Sincerely,  
ROBERT G. WALSH, JR.,  
Commissioner.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### SCHOOL DEPARTMENT

#### Computer Technology, English, etc.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Wentworth Institute of Technology, located at 550 Huntington Avenue. This contract shall be in effect during the period from October 28, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$10,000, which I have determined to be reasonable. On March 26, 1988, the School Committee approved all of the chapter 636 FY '89 proposals for the sum of \$6,022,377.

Wentworth Institute will provide the students and teachers in Area E with consultants in computer technology, English, social studies and counseling. Consultants will also coordinate parent/student publications at the Umana High School.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act); the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

This is the first contractual agreement between

this vendor and the Boston Public Schools during the past three fiscal years.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### HEALTH AND HOSPITALS DEPARTMENT Health Care Centers

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to enter into a contract, and thereby make a grant to the following community health center in the amount indicated for the period July 1, 1988, through June 30, 1989:

Grantee Corporation: Carney Hospital; Neighborhood Health Center: Codman Square Health Center, Inc., 6 Norfolk Street, Dorchester; amount of grant: \$190,000.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to two conditions: First, that the city's contribution be matched by the particular grantee corporation by either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed on the program of primary health care service for which these funds shall be spent and their respective roles relative to the management of the program.

The Department of Health and Hospitals has had a contract with the Codman Square Health Center to provide primary care services in Dorchester for seven years. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Codman Square Health Center has been awarded unadvertised contracts for the past three fiscal years in the following amounts: 1988 — \$190,000; 1987 — \$176,000; 1986 — \$120,000.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contracts.

Very truly yours,  
Judith Kurland,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees

of Health and Hospitals of the City of Boston, Inc., 725 Massachusetts Avenue, charitable, nonprofit corporation created under chapter 174 of the Acts of 1880, as most recently amended by chapter 656 of the Act of 1965, under which said corporation will fund comprehensive health care services through health care centers affiliated with Boston City Hospital for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$3,313,719. The health care centers are operated in facilities, some of which are owned or rented by the City of Boston, and consist of the following:

North Dorchester and Mattapan: Dorchester Health Center, 1353 Dorchester Avenue; Uphams Corner Health Center, 500 Columbia Road; Harvard Street Health Center, 635 Blue Hill Avenue; Roxbury: Whittier Street Health Center, 20 Whittier Street; South Boston: South Boston Health Center, 133 Dorchester Street; East Boston: East Boston Neighborhood Health Center, 10 Gove Street.

This grant is to provide comprehensive outreach medical services to the residents of East Boston, Mattapan, North Dorchester, Roxbury, South Boston, and the South End neighborhoods of the city through the six Affiliated Neighborhood Health Centers. The Affiliated Neighborhood Centers will provide three basic primary care services: adult medicine, pediatrics and obstetrics/gynecology. They will also provide specialty services according to the needs of the particular community(s) they serve.

The Trustees of Health and Hospitals provides for the services of payroll, purchasing and financial reporting for these health centers affiliated with Boston City Hospital. The grant provides for technical assistance, financial management, quality assurance, program evaluation and courier services for the health centers. In consideration of the services rendered, the trustees shall be permitted to retain an amount equal to 7.3 percent of the total of this contract as general and administrative cost.

The trustees have provided excellent services in the past. Unadvertised contracts have been awarded for the last three fiscal years in the following amounts: 1988 — \$3,313,719; 1987 — \$3,109,775; 1986 — \$3,247,303.

The services provided are of a professional nature, and the trustees have demonstrated to the city during the past several years their special fitness to administer this contract in a very satisfactory manner, at a reasonable cost. Accordingly, in my judgment, no benefit would inure to the city by publicly advertising for bids.

This award letter was not approved by our Legal Department until after the start of the contract period, therefore this award is being processed late.

Very truly yours,  
Judith Kurland,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to South End Community Health Center Inc., 400 Shawmut Avenue, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$169,700.

Under this contract medical services are provided for residents of the South End community through the operation of a private, nonprofit medical care clinic. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. The health center provides three basic primary care services: adult medicine,

pediatrics, and obstetrics/gynecology. Department of Health and Hospitals funded health centers play a major role in the delivery of ambulatory care throughout the city.

The South End Community Health Center has operated this clinic for almost nineteen years with financial assistance from this department, and in our judgment it is a vital provider of health services in the community which must continue to operate. Unadvertised contracts have been awarded for the past three fiscal years in the following amounts: 1988 — \$169,000; 1987 — \$156,700; 1986 — \$145,000. This contract enables the health center to meet the responsibility placed upon it by the City of Boston Primary Care Districting Plan.

Inasmuch as the South End Community Health Center, Inc. is specially suited by experience and expertise to provide this service to the city, at a cost that is reasonable, and since the services provided are of a personal and professional nature, no benefit would inure to the city by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contract.

Very truly yours,  
Judith Kurland,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to enter into a contract, and thereby make a grant to the following community health center in the amount indicated for the period July 1, 1988, through June 30, 1989:

Grantee Corporation: St. Elizabeth Hospital; Neighborhood Health Center: Joseph M. Smith Community Health Center, 51 Stadium Way, Allston; amount of grant: \$115,000.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to two conditions: First, that the city's contribution be matched by the particular grantee corporation by either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed on the program of primary health care service for which these funds shall be spent and their respective roles relative to the management of the program.

The Department of Health and Hospitals has had a contract with the Joseph M. Smith Community Health Center to provide primary care services in Brighton-Allston for seventeen years. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Joseph M. Smith Community Health Center has been awarded unadvertised contracts for the past three fiscal years in the following amounts: 1988 — \$115,000; 1987 — \$100,000; 1986 — \$100,000.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contract.

### Residency Programs Management

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Shepard N. Cohen, Wellesley, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$8,000.

Under this contract, Shepard N. Cohen will provide continuous, immediate and comprehensive administrative and educational advice on the management of Boston City Hospital's residency programs. He will complete a review of and will assist in the oversight of the hospital's major contract with the Trustees of Boston University for physician services. Other activities will include direct involvement with the hospital's Graduate Medical Education Committee, with accreditation visits, with long-range planning for education programs, with evaluation of residency programs, and with the credentialing of housestaff. The fee for the above services will be \$40 per hour.

No competitive quotations have been solicited because inquiries of other teaching hospital administrators and managers have been made regarding other possible candidates, without response. This area is highly specialized and to the best of our knowledge, the proposed consultant is the only professional among the state's four academic health centers with the specific knowledge, expertise, experience and availability required to provide the services in an efficient, acceptable manner. Shepard N. Cohen has eight years of direct, intense and successful experience as an administrator of graduate medical education programs and of teaching hospital-medical school affiliation.

The consultant has provided a limited amount of graduate medical education consultant services to Boston City Hospital since November, 1986, but has never required a formal contract.

In view of the above and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

### JOBS AND COMMUNITY SERVICES Adult Education Program

Dear Mayor Flynn:

I respectfully request your Honor's permission to award to Action for Boston Community Development (ABCD), Inc., a nonprofit corporation, located at 178 Tremont Street, for the purpose of providing adult education services.

Under the terms of the contract, the contractor will provide adult basic education classes and an external diploma program for approximately ninety, low-income adults. The contractor was selected based upon an evaluation of its refunding

proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$70,000, payment being made from the Community Development Block Grant program. The period of performance shall be from July 1, 1988, until June 30, 1989. This contractor has had contracts with this agency for this program for the previous three fiscal years at the following funding amounts: FY 86 — \$55,000; FY 87 — \$55,000; FY 88 — \$70,000. The submission of this letter has been delayed due to the length of time involved in the funding review process.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### Job Placement Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Action for Boston Community Development, Inc., (ABCD), a nonprofit corporation, located at 178 Tremont Street, for the purpose of providing alternative educational services.

Under the terms of the contract, the contractor will operate a competency-based, pre-General Equivalency Diploma and GED classes to approximately ninety eligible City of Boston high school dropouts. In addition, the contractor will provide pre-employment and job placement activities to supplement the educational services. The contractor was selected based upon an evaluation of its proposal submitted in response to a publicly advertised request for proposals conducted by the Mayor's Office of Jobs and Community Services and advertised in the *Boston Globe* on January 10, 1988. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. Other selection criteria include administrative capability, ability to target the appropriate population, and a review of the contractor's performance during prior contract periods where applicable.

Compensation under the terms of this contract shall not exceed \$269,657, payment being made from funds received under the Job Training Partnership Act and the Department of Public Welfare. The period of performance shall be from July 1, 1988, until June 30, 1989. This contractor has had contracts with this agency for this program for the previous three fiscal years at the following funding amounts: FY 86 — \$225,000; FY 87 — \$324,500; FY 88 — \$227,000. The submission of this letter has been delayed due to the length of time involved in the funding review process.

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### Day Camp Program, Counseling

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Cape Verdean Community

House, Inc., a nonprofit corporation, located at 339 Dudley Street. Under the terms of the contract, the contractor will provide a summer day camp program to approximately forty children, and provide counseling services to approximate 260 individuals.

The contractor was selected based upon an evaluation of its proposal submitted in response to a publicly advertised request for proposals conducted by the Mayor's Office of Jobs and Community Services and advertised in the *Boston Globe* on January 10, 1988. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. Other selection criteria include administrative capability, the ability to serve the targeted population, and a review of the contractor's performance during prior contract periods where applicable.

Compensation under the terms of this contract shall not exceed \$22,000, payment being made from the Community Development Block Grant program. The period of performance shall be from July 1, 1988, until June 30, 1989. This contractor has had contracts with this agency for this program for the previous three fiscal years at the following funding amounts: FY 86 — \$37,373; FY 87 — \$33,540; FY 88 — \$37,540. This request has been delayed due to the length of time involved in the funding review process, and due to the length of time needed by the contractor to provide required insurance coverage documentation.

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### Renovation Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on July 28, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to A. Anthony Tappe and Associates, Inc., a Massachusetts corporation, with offices at 132 Lincoln Street, Boston, providing design services for renovations to City Hall, Phase III, including space planning and coordination using intergraph Cadd System in connection with asbestos removal. Scope of work to include preliminary drawings, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$119,260 (including \$42,460 for supplementary services) which is a negotiated fee based on an estimated cost of construction of \$2,000,000, which I have determined to a reasonable cost for the work to be performed. The term of this contract shall be for twenty-one months from date of execution.

Following the advertisement of this project in the *Boston Globe* on March 23, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The Committee evaluated six proposals submitted by the applicants and determined A. Anthony Tappe and Associates, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number.

The numerical matrix rating summary of the three finalists, in order of rank, was as follows: A. Anthony Tappe & Associates, Inc., 132 Lincoln Street, 8; Tise Architects, Brookline, 9; LeMessurier Consultants, Inc., Cambridge, 10.

I believe A. Anthony Tappe and Associates, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### Landscape Architectural Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on May 26, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to the Halverson Companies, Inc., a Massachusetts corporation, with offices at 161 Massachusetts Avenue, providing landscape architectural services for the Hyde Square Capital Improvements Program including: sidewalks, street trees, street lighting and traffic island reconfiguration. Scope of work will include preliminary drawings, design development, working drawings, and construction supervision.

Compensation under this contract shall not exceed \$76,000 (including \$17,250 for supplementary services) which is a fixed fee of 10.1 percent based on an estimated cost of construction of \$580,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from August 1, 1988, to December 31, 1990.

The contractor was selected based upon an evaluation of the proposal submitted in response to a publicly advertised request for proposals conducted by the Public Facilities Department on December 23, 1985 in the *Boston Globe*. Costs were determined to be reasonable after extensive analysis by Public Facilities Department staff. The Halverson Companies, Inc. ranked second in the original request for proposals process, but because the first ranked contractor has been released from the project due to disagreements, The Halverson Companies, Inc. is now being hired.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### SCHOOL DEPARTMENT Software Products

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award contract to Pansophic Systems, Inc., a corporation located at Illinois, for providing a unique software product that has been used by the School Department for seven years.

Under the terms of the contract, the contractor will provide an on-line and batch program management system which is designed to support the storage, fast retrieval, maintenance, and complete backup and control of all IBM and non-IBM software programs, object programs, job control language and card image files.

Compensation under the terms of this contract shall not exceed \$12,500, which I have determined to be reasonable for the work to be performed. The term of the contract shall be from July 1, 1988, to June 30, 1991.

Pansophic Systems, Inc. is the sole vendor of software already in place and is able to provide a unique software product that has been used by the school Department. Prior to the initial contract, similar products were evaluated and deemed to be inferior and not suitable for the specific need of the computer Department. The use of this product has become a standard in the Information Services Department and to replace it would be costly. The cost of these services is reasonable and I believe that public advertising would serve no useful purpose.

The Auditor may certify an appropriation or other funds in an amount less than the face amount of each contract hereunder pursuant to the Standard Contract General Conditions, Article 12.3 and 2.4.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$3,900; 1987 — \$3,500; 1988 — \$3,800.

Very truly yours,

Leo J. Burke,  
Business Manager.

Dorchester House, hereinafter referred to as the awarding Authority, through funding from the Public Facilities Department, under support from the Community Development Block Grant, invites contractors to bid the following project:

*Site:* Dorchester House, 1353 Dorchester Ave., Dorchester, MA 02122.

*Scope of Work:* Removal, disposal and replacement of existing roof with new adhered EPDM membrane roof.

*Time and Place for Filing Bids:* GENERAL BIDS shall be filed with the Awarding Authority at the above address before 10 a.m., on November 9, 1988, at which time and place respective bids will be opened forthwith and read aloud. Contractors intending to submit bids should plan to attend a pre-bid meeting specifying the extent of the renovations. The prebid meeting is scheduled as follows: Dorchester House, 1353 Dorchester Ave., Dorchester, MA 02122, October 26, 1988, at 10 a.m. PLANS AND SPECIFICATIONS will be available October 24, 1988, at Dorchester House, 1353 Dorchester Ave., Dorchester, MA 02122 through Nancy Feeney at 288-3230.

The attention of all bidders is specifically directed to the fact that this is a federally assisted project and, therefore, not less than the minimum salaries and wages set forth in the contract documents must be paid to each worker on the project (Davis-Bacon), and that the contractor must ensure that employees and applicants are not discriminated against because of race, color, religion, sex, national origin (Executive Order No. 11246). Attention is also called to the contractor requirements of the successful general contractor and subcontractor for the project shall be set forth in the Supplementary and Special Conditions of the contract documents.

Pursuant to the supplemental minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 10 percent (or 30 percent if in the impact area; see contract documents) of his price shall be expended on minority persons who are Black, Hispanic, Oriental, or American Indian.

The attention of each bidder is called to the provisions of the contract documents requiring that at least 50 percent of all work hours on this project be performed by Boston residents, 25 percent by minority, and 10 percent by women, in each trade.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

**NOTICE TO BIDDERS**

Sealed bids for MBTA Contract No. P1CN31, HIGHLAND BRANCH CATENARY SYSTEMS, Boston, Brookline and Newton, Massachusetts, (Class 5 — Electrical, Project Value 110.00) will be received by the Director of Construction, at the Contract Administration Office, fifth floor, Transportation Building, 10 Park Plaza, Boston, MA 02116-3933, until two o'clock (2 p.m.) on November 14, 1988. Immediately thereafter, in a designated room, the bids will be opened and read publicly.

Work consists of replacing existing trolley wire system with an auto-tensioned Catenary System having an upgraded No. 4/0 AWG trolley wire and No. 4/0 AWG messenger wire supported from columns by individual bracket arms on inbound and outbound sides for the entire Highland Branch from Fenway Portal to Riverside Yard, with associated civil and structural work, including new columns and reinforcement of existing columns required for the Catenary Systems; new elastic arm supports and upgrading trolley wire to 4/0 AWG in the tunnel in the vicinity of Beacon Junction.

This contract is subject to a financial assistance contract between the MBTA and the U. S. Department of Transportation.

Each prospective bidder proposing to bid on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administration Office at the above address. Requests for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for the opening of bids.

Prequalified bidders may obtain from the Contract Administration Office a "Request for Bid Form" which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after October 13, 1988, Monday through Friday, at a charge of \$75 per set. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements, dated November, 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per copy. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee

of \$15, payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges is refundable.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Op-

portunity, Anti-Discrimination and Affirmative Action Program in the Specifications. In addition pursuant to the requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) Participation Provision, bidders must submit an assurance with their bids that they will make sufficient and reasonable efforts to meet the stated DBE goal of 16 percent.

Bidders will affirmatively insure that in regard to any contract entered into pursuant to this solicitation, minority and female construction contractor will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with Federal Equal Employment Opportunity Regulations and the President's Executive Order No. 11246 and any amendments or supplements thereof.

Bidders are advised that the entire Highland Branch Line can be seen by riding on the MBTA train system. Bidders are encouraged to ride the line as often as required to familiarize themselves with the proposed work areas. Bidders are also advised that passenger station areas and adjoining right-of-ways can be inspected and familiarized by visiting the passenger stations along the line.

A prebid conference will be held on October 3, 1988, at 10 a.m. at the office of the Project Manager, Mr. Peter G. Silva, Power System Improvements Project Office, 21 Arlington Avenue, Charlestown, MA 02129, (Telephone Number 617-22-5014). Any request for interpretation of specifications should be submitted in writing at the same time.

Bidders will be required to certify as part of their bids that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

This contract is subject to minimum state wages as well as all other applicable labor laws.

All bidders are advised that the "Buy American" provisions of the Surface Transportation Assistance Act of 1982 (Pub. L. 97-424), as amended, apply to any contract, procurement, or agreement which results from this solicitation.

Bid guaranty shall consist of a bid deposit in amount of 5 percent of the value of the bid in form of a bid bond, cash, or a certified, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject all bids, to waive informalities, to advertise for bids or proceed to do the work otherwise, as it may be deemed to be for the best interests of the Authority.

NOV 4 1988

RAYMOND L. FLYNN  
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA  
PRESIDENT, CITY COUNCIL

OL. 80 MONDAY, OCTOBER 31, 1988 NO. 44

## MAYOR FLYNN APPOINTS THEODORE LANDSMARK

Boston Mayor Raymond L. Flynn announced the appointment of Boston attorney, educator and college administrator, Theodore C. Landsmark, as director of the Mayor's Office of Jobs and Community Services. He will assume his new post on December 1.

Landsmark, forty-two, currently assistant to the president of the Massachusetts College of Art, replaces former JCS director Kristen McCormack who has been named director of the city's Midtown Cultural District Development Plan for the Boston Redevelopment Authority.

The Mayor's Office of Jobs and Community Services, an anti-poverty and job training agency, was created by the Mayor in 1985, to oversee a comprehensive system of education, job training, job placement and human services for Boston residents.

The Mayor has also given JCS the responsibility of monitoring and implementing his Boston Resident Jobs Policy, the job linkage training program, the Boston Jobs Academy and the neighborhood JobStart system.

"Ted Landsmark has proven his ability to take on these responsibilities on behalf of the city," Flynn said in announcing Landsmark's appointment.

"Through his work as Dean of Graduate and Continuing Education, Ted has worked with faculty to develop new course materials for continuing education students, helped develop new multicultural teaching materials, introduced affirmative action procedures, created an Arts in the Parks summer program for Boston youth, and assisted the college president and students on a range of legal and educational issues. I welcome him enthusiastically to this new challenge as this administration continues its efforts to combat poverty and joblessness."

A resident of Jamaica Plain, Landsmark is a graduate of Yale, Yale Architecture School, and Yale Law School, and is currently working on his doctoral degree at Harvard Graduate School of Education.

Mr. Landsmark has worked at the Massachusetts College of Art for the past six years, as Dean of Graduate and Continuing Education, and as assistant to the president. In these years he introduced affirmative action

procedures and worked with the city and with community groups on the utilization of college facilities.

He has taught within the Community Fellows Program at the Massachusetts Institute of Technology, and in the Law and Justice Program of the University of Massachusetts at Boston. Prior to that, Landsmark worked for several years as executive director of the Contractors Association of Boston, where he helped develop and build the Mission Park Housing Development in Mission Hill for Harvard University. He served as the first black director of the Massachusetts Bay Transportation Authority, and as a consultant to numerous community development and arts groups in Boston, New York, Washington, and Florida. He is currently an officer of the Institute of Contemporary Art, and of the Massachusetts Cultural Alliance.

McCormack, whom Landsmark replaces, begins her new assignment with the BRA on October 31.

### WE CAN SHARE — MAKE A DIFFERENCE!

This holiday season, during the Boston Can Share food drive, thousands of people across the City of Boston will simply take canned food from their shelves and bring it to a collection site at an MBTA stop or at their workplace. This simple act of sharing helps stock the shelves of Boston's 300

soup kitchens and food pantries for the coming year, providing sustenance for thousands of families in Boston's neighborhoods.

Sponsored by the Mayor's Hunger Commission, Boston Can Share will be gathering food for Boston's Emergency Food Network during the weeks of November 14 and 23. This year's drive promises to be the biggest by far, with over 100 Boston area companies participating. Last year 73,000 cans of food were raised. But hunger is a stubborn adversary and food pantries and kitchens are experiencing a rise in the number of people that need their services. Can Share organizers hope to raise 100,000 cans during this year's drive to keep pace with the demand.

A Can Share kickoff breakfast will take place on November 14 at the Neighborhood Action Council's food pantry on Bowdoin Street downtown. Can Share organizers from the business and Emergency Food Network communities will attend the event.

The following personal experiences of two emergency food distributors and a Bank of Boston employee working to organize the drive will emphasize why the Boston Can Share Food Drive is so important.

"People always say that as a food pantry provider you will become hardened to the constant problems of hunger. I supposed that in many ways this prophecy holds true. However, the one thing that continues to completely distress and unnerve me is the loud and happy shouts of the children who accompany their mothers to our pantry. They scream out, "Mommy, can we please get corn flakes? Do you think we could have macaroni and cheese?"

"It seems absurd and unjust for a child to become this elated over a \$1.19 box of cereal. It really brings home the plight of these children and their families to me — whose biggest childhood

dilemma was whether to eat raisin bran or Captain Crunch.

"At the Boston City Hospital Food Pantry we provide monthly food packages for over 350 pregnant women and their families. Sometimes I wonder about the effectiveness of our program in the face of such a powerful and devastating adversary as hunger, but the children help me to regain my purpose."

— Colleen Manning, *Director of Boston City Hospital's Food Pantry.*

"This program allows each employee of the Bank of Boston, to easily participate in the fight against hunger. They don't have to dig in their pockets, they just need a can from their shelves. It's quite obvious that the numbers of hungry and homeless people in this city are growing. It's a great feeling that you're able to help lessen these problems, even in a small way. We're planning to put Boston Can Share displays in our branches and at our main branch, downtown, we use a 55-gallon drum that resembles a soup can to collect the food. We put pictures taken in pantries and soup kitchens on the walls to show people where the food goes when it leaves the bank. Being close to the holidays, Can Share makes people think they should do something for somebody else. They're going to have a great Thanksgiving feast and a happy Christmas and they're reminded that there are people who don't have anything this holiday season. Can Share makes people feel happy that they've participated."

— Leslie Lakis, *Special Events Coordinator for the Bank of Boston.*

"Over the past year, the Daily Bread Food Pantry in East Boston, like most soup kitchens and food pantries, has seen an increase in the number of people that are being served. For example, in January of 1987, we served seventy-two families and this year, the number was 116 families. This represents an increase of twenty to forty requests for food per month. Add the increases throughout the city and the statistics are frightening for the future!

"My insight into hunger, though, didn't

come from the statistics. It came one winter morning as I ate an egg McMuffin at the local McDonald's.

"While I was eating I heard a very familiar question being asked at the table behind me, 'Do you have any spare change?' Now we've all been approached or have heard that question many times. That morning it startled me because I recognized a familiar voice asking the question. Her name was Julie, an eleven-year-old, whom I've known for the last eight years. I discovered that her mom was hospitalized. Julie and her five brothers were at home with no food and she was trying to help. She was begging for money in McDonald's — not to buy cigarettes or drugs, but to buy food. Crumpled up in her hand that morning, along with the change she had collected were packets of sugar which she had taken from the tables. She told me that the kids would make hot water in the morning, put in the sugar and drink it for energy before going to school.

"One hot night this summer, I met eight-year-old Gordo on the porch of my building at that Maverick Housing Project. He was crying and said the pain in his stomach 'hurt so bad.' I tried to joke with him and asked him if he bought a banana split when the ice cream truck came by. After a silence he looked up at

me with tearful big brown eyes and said 'No, Sister, my stomach hurts so bad 'cause I'm hungry.' Three peanut butter and jelly sandwiches and two glasses of milk later I walked my little friend home so he could go to bed.

"This year Can Share has new meaning for me. My insight into hunger is so obvious and so simple that I don't believe I've missed it for so long.

"For the first time I heard children Julie, eleven, and Gordo, eight, talk about what it is like to be hungry. Hearing it from children, I understand hunger with a new heart. Gordo said it best 'It hurts so bad.' Four out of five hungry people fed in the City of Boston last year was a child. Let's make the 1988 Can Share Drive the biggest and best — for the children!

—Sister Marianne Tynan, *Coordinator of the Daily Bread Food Pantry Holy Redeemer Parish, East Boston.*

This year you can help feed a poor and hungry person. It's easy. Donate some nutritious canned food to the Boston Can Share Food Drive. There's a Can Share representative right in your company. Your donation will be distributed among the city's food pantries and soup kitchens, and then to hungry people throughout the neighborhoods. It's easy, takes very little time, and it helps so much. So contribute a can today — we can share a little and make a difference.

## MUSEUM OF FINE ARTS

### Exhibitions:

Paintings by Fitz Hugh Lane  
Through December 31

The first major exhibition devoted to the work of one of New England's most beloved painters, Fitz Hugh Lane, will be on view in the second-floor special exhibition gallery. Lane is best known for his views of ships and the local coastline. A Gloucester native and partially disabled, he came to rely on a small sailboat first in exploring Gloucester and Cape Ann, then venturing to the harbors at Salem and Boston down east to Maine, and eventually sailing to New York and Baltimore.

Lane was trained as a printmaker and he worked as a lithographer in Boston until about 1849. During this period, he produced a wide variety

pages, including a group of detailed topographical views of coastal cities. Returning home, he painted Gloucester again and again in a style at once meticulous and poetic. His favorite subjects were the great sailing ships, and he came increasingly to paint them drifting quietly on calm seas at dawn or twilight. During the very last years of his life, his pictures became emptier and more dramatic: his subject now was simply the sea, the coastline, and light itself.

Lane won only a local reputation during his lifetime and his work was almost completely forgotten after his death. He was rediscovered during the 1940s, when Maxim Karolik began collecting his paintings for the Museum of Fine Arts. Today Lane is considered one of the greatest of all American artists. This exhibition was organized by the National Gallery of Art and is made possible by a grant from GTE Corporation and its Massachusetts operations.

Located in the Physical Facilities Department  
at Boston City Hospital**

The City of Boston, acting by its Board of Health and Hospitals and its Commissioner, hereinafter referred to as the Awarding Authority, invites proposals for furnishing the above service in accordance with specifications accompanying the proposal forms which may be obtained at the Office of Contract Management, Boston City Hospital, third floor, Administration Building, 818 Harrison Avenue, Boston, Mass., on or after twelve noon, Boston time, on Monday, October 31, 1988.

Bidders are required to leave at the above office their bid proposal together with a certified check in the amount of \$500, as bid deposit, payable to and to become the property of the City of Boston if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check must be left at the office of the City Auditor prior to the time named for opening bids. The proposal must be completely filled in, signed, and enclosed in an envelope, sealed, and plainly marked identifying the particular service or equipment to which it relates.

Bids will be publicly opened and read on Wednesday, November 16, 1988, at twelve noon, Boston time, at the Office of Contract Management at the address shown above.

No bid proposal may be withdrawn after the time limit for filing bid proposals and for thirty (30) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bid proposals. In addition, no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest so to do.

NOTICE TO CONTRACTORS

Invitation for Bids for Repairs to a Twelve-Inch  
Underground Water Main at Long Island  
Hospital, Project No. 5343, C. 40 Projects.

The City of Boston, acting by its Director of the Public Facilities Department, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for "Long Island Pipe Repairs."

Bids will be received up until twelve o'clock noon, Boston time, November 16, 1988, at the office of the Awarding Authority, 26 Court Street, Boston, MA 02108, at which time and place they will be publicly opened and read aloud.

The bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check made payable to the City of Boston, in the sum of 5 percent of his or her bid.

No bid may be withdrawn after the time limit for filing proposals and for the five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide for the payment of compensation by insurance and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed during the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

SPECIFICATIONS will be available on or about October 31, 1988, at the Public Facilities Department, 26 Court Street, sixth floor, Boston, MA 02108.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids or any items of a bid, if it be in the public interest to do so.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

REQUEST FOR PROPOSALS

The Parks and Recreation Department, acting through its Commissioner, is requesting proposals for a Maintenance Management System.

Work will focus on developing and installing systems and procedures to:

— Control the voluminous inventory of areas, facilities, features and activities that the Boston Parks Department is responsible for maintaining and integrate the inventory with an automatic scheduling system.

— Automatically schedule planned maintenance activities based on a master service plan.

— Track all maintenance activities (planned and unplanned) and measure service frequency and crew hour performance against predefined standards for planned activities.

— Generate meaningful workload estimates for staff planning, maximum service level identification, workload smoothing and budget support.

— Generate cost estimates and performance data to support future funding levels.

The Parks and Recreation Department expects to award one contract that will not exceed \$20,000.

Every proposal shall be submitted in duplicate on, and in accordance with, the contract documents which may be obtained at the office of the Official, Parks and Recreation Department, Room 816, One City Hall Square, Boston, MA 02201, on or after October 31, 1988.

All proposals shall be filed no later than 5 p.m., Boston time, November 9, 1988, at the Office of the City Auditor, Room M4, City Hall, Boston, and at the Office of the Official, Parks and Recreation Department, Room 816, One City Hall Square, Boston, MA 02201.

The City and the Official reserve the right to reject any or all proposals or any part or parts thereof and to award the contract as the Official deems to be in the best interest of the City.

## MAYOR ANNOUNCES BOSTON'S INVESTMENT IN WESTERN IRELAND

Mayor Raymond Flynn and Boston Ireland Ventures have announced a million-dollar plus private U. S. investment program in Irish forestry and by the investment banking firm of Lawrence Energy Associates. The agreement between Boston-based Lawrence Associates and Ireland's oldest largest private forestry company, Woodland Investments Group of Galway represents one of the single largest U. S. investments in a native Irish forestry. The Lawrence-Woodland capital development plan, designed for United States' corporate and institutional investors, has initially targeted the million-dollar capitalization over the first two years.

The breakthrough investment initiative is the direct result of talks and meetings between the Galway and Boston companies that began during last year's Irish Trade Festival at Boston's World Trade Center which was organized and hosted by Boston Ireland Ventures (BIV). Woodland Investments Group is one of forty-three Irish businesses and agencies from both North and South who participated in the first-ever, BIV-sponsored Irish trade fair.

Mayor Flynn, an original sponsor of Boston Ireland Ventures, keynoted the Park Plaza Hotel news conference and welcomed the corporate executives from Ireland and Boston as the representative of the Irish government. Flynn said, "In this City of Boston, so full of history we are here today once again bringing more history as an innovator of ideas and as a source of economic growth. I am pleased, as a leader and supporter of Boston Ireland Ventures to present Lawrence Energy Associates of Boston and Woodland Investments of Galway, Ireland, as they announce a formal business relationship that is in the interest of the people of New England and the West of Ireland. Today we are matching the capital and investment resources of the City of Boston with the natural timber resources of the West of Ireland. Good sound business and sound investment is the guiding principle."

Mayor Flynn continued, "As Mayor of Boston, I am proud that this city's leaders can have a more diverse role as a constructive force in assisting the Irish people. This is the basis for our ongoing efforts to support mutually beneficial projects that are enabling Ireland, as a creative country with industrious and well-educated people, to send more prod-

ucts such as timber and also consumer goods to the United States. While I have long supported immigration law reform, I also believe that assisting Ireland's economic growth is the most constructive long-term approach and one that is the interest of all Irish people."

Lawrence Associates' executive vice-president H. Kirtland Switzer, II, commenting on the agreement said, "We are particularly pleased to announce our association with Woodland Investments Group. We believe that a combination of available, low-cost land, substantial to Irish government grants, rapid tree growth and a strong European market for forest products provides an unusual opportunity that has solid investment merit as well as the potential to contribute to the development of both the Republic of Ireland and Northern Ireland."

Brian Hussey, founder and chief executive of Woodland Investment Group Limited, who flew from Ireland for the announcement, said, "Woodland Investments Group Limited are delighted to be represented here today and to be able to play a major role in this very significant economic initiative. We are equally delighted to be associated in this endeavor with the Boston investment banking firm of Lawrence Energy Associates. The

opportunity in Irish forestry, especially in the West of Ireland, is enormous, and we thank Boston Ireland Ventures for its important help and foresight in making today's breakthrough agreement possible."

Francis Costello, co-chairman of Boston Ireland Ventures, who was on hand for the announcement said, "It is evident today that the natural sentimental bonds so long existing between Boston and the West of Ireland have been transformed to include large-scale investment in a vital native Irish industry. By this investment in Irish forestry, as part of a private sector initiative, facilitated by the private-public partnership found in Boston Ireland Ventures, we are demonstrating that Ireland holds out a unique range of sound investments for American capital and firms. By this kind of enterprise, as exemplified by Lawrence Energy Associates, Woodland Investments, and Boston Ireland Ventures, everybody wins, and especially the people in the West of Ireland."

Mayor Flynn also made a poignant tribute to one of Ireland's great figures when he said, "Let us dedicate this day as an important and historic milestone in the relations between Boston and Ireland. Let us also dedicate today to the memory of the late Sean MacBride, who was an enthusiastic advocate of developments such as expanding and encouraging commercial use of Ireland's forests."

Boston Ireland Ventures, founded in 1987, is a nonprofit group of leaders from commerce, government, academia, and civic affairs in the Boston area who have come together to help spur economic development in the North and West of Ireland through support for economic planning, marketing, and venture capital assistance. Center last May was a singular success, generating over \$7 million in new U. S.-Irish business.

## LONG RANGE WATER SUPPLY PROGRAM

*Fixing Water Distribution System Leaks Will Save 3.7 Million Gallons.*

As part of the first system-wide leak detection program conducted in over a decade, the Massachusetts Water Resources Authority announced the results of a survey in which eighty-one leaks were found in MWRA-owned water distribution pipes with a loss of 3.7 million gallons a day. Repair work has already been completed on fifty-nine leaks, saving approximately 3.4 million gallons of water a day. The remaining twenty-two leaks are scheduled to be fixed by the end of this year.

The MWRA has implemented this \$2.1 million program as part of its Long-Range Water Supply Program designed to conserve water.

MWRA Executive Director Paul F. Levy said, "As a direct result of this comprehensive program of leak detection and repair, unaccounted-for water loss has been reduced tremendously. Meter testing combined with equipment replacement and aggressive maintenance has significantly reduced the amount of water needlessly wasted. We are advocating water conservation as the most cost-effective and efficient way of providing for our future needs."

MWRA Board Member Jonathan Souweine, who represents the Connecticut River Valley said, "The results are very encouraging in terms of our being able to save water that was previously wasted. We're very enthusiastic that this program may produce savings of 20 to 30 percent which would negate the need to augment our present water supplies."

The Leak Detection and Repair Program also involves improved metering to more accurately account for water use. The MWRA has approximately 160 revenue meters throughout the wa-

ter distribution system it operates, thirty-five for water communities and ten for special contract communities. Sixty-two revenue meters in the Boston area have been upgraded to provide for better monitoring.

In addition to conducting leak detection and repair of its own water system, MWRA has begun a system-wide leak detection program for all cities and towns in its service area. Two towns have been completed, while other communities are in various phases of the program.

In Northborough, a total of 73,000 gallons of water a day was saved and in Nahant the community saved 145,000 gallons of water a day after repairs were made.

MWRA will also continue to perform annual leak surveys of all distribution piping and will begin long-term rehabilitative programs for both pipelines and aqueducts to reduce leakage potential.

The MWRA is responsible for supplying 2.5 million people in forty-six communities with water. To accomplish that the MWRA operates approximately 130 miles of large aqueducts or tunnels and 270 miles of pipelines which bring water from the aqueducts to individual communities. The MWRA is directly responsible for repairing leakage in its own aqueducts and pipelines.

The MWRA plans to install twenty-two new master meters which measure water flow from water supply sources transfer points within the water distribution system. This will allow the MWRA water delivery system to be broken down into smaller subsystems for flow accounting.

In addition, the MWRA will continue upgrading existing revenue and master meters to improve accuracy. It also plans to install a central monitoring system to read flow information from revenue and master meters.

## 1988 SURPLUS FOOD DISTRIBUTION

Action for Boston Community Development (ABCD) is, once again, in process of gearing up for its October-November, 1988 Surplus Food Distribution. This distribution is unique because, due to Federal cutbacks of Emergency Food Assistance Program (TEFAP), cheese will not be included as a product for the first time. It is important for people to know that the products offered this time will be butter, flour, and milk.

Information is available at ABCD's Surplus Food Program. October-November registration distribution. Registration for all neighborhoods starts now at local Area Planning Action Councils (APACs) Neighborhood Service Centers (NSCs). Distribution runs from October 31-November 10.

Your continued support is greatly appreciated.

Sincerely,

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### HEALTH AND HOSPITALS DEPARTMENT

#### Infusion Pumps

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Fisher Scientific Company, d/b/a IMED Corporation, San Diego, California, for the period October 1, 1988, through September 30, 1993, at a cost not to exceed \$500,000.

Under this contract, Fisher Scientific Company, d/b/a IMED Corporation, will provide the Department of Health and Hospitals with thirty-eight IMED 980 volumetric infusion pumps. The purchase price for these pumps is \$2,000 each. IMED is willing to accept thirty-eight Anatrox rateminders, with a value of \$250 each, as a trade-in against the IMED pumps. This reduces the cost of the IMED pumps to \$1,750 each, for a total cost of \$66,000.

The Department of Health and Hospitals presently has a contract, which expired June 30, 1988, with IMED Corporation for the provision of disposable cassettes C-924, for use with the IMED infusion pumps already owned by the hospital. The price of these cassettes is \$75 per case. The Department of Health and Hospitals will pay for the pumps by the addition of an incremental cost of \$18.80 to the cost of each case of cassettes. The base cost of the cassettes will remain fixed at \$75 per case for the first year of the contract while any increase to the cassette price will be limited by a cap of 4 percent for years two to five of the contract. The Department of Health and Hospitals will guarantee the purchase of seventy-five cases of cassettes per month for a yearly total of 900 cases. Any additional cases purchased above the committed 900 per year will be ordered at the base cassette rate for that year.

As a result of a public bid, the Department of Health and Hospitals purchased eighty-nine infusion pumps in November, 1986, from IMED Corporation, the lowest bidder. This contract will allow the hospital to replace outdated equipment with the newest infusion pump technology and to standardize the equipment being used throughout the complex. The equipment can be purchased outright at the amortized price as indicated in schedule A, if any capital money becomes available.

In view of the above and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

This contract encompasses more than one fiscal year and the city's financial obligations are subject to the availability of an appropriation in accordance with the requirement of City of Boston Code, St. 4, ss. 4 and 8.

Very truly yours,

Judith Kurland,  
Commissioner.

### Community Health Centers

Dear Sir:

Pursuant to the authority delegated to me by the

Board of Health and Hospitals, I respectfully request your Honor's permission to enter into a contract, and thereby make a grant to the following Community Health Center in the amount indicated for the period July 1, 1988, through June 30, 1988.

Grantee corporation, New England Medical Center; Neighborhood Health Center, South Cove Community Health Center, 885 Washington Street, Boston; Amount of grant: \$63,400.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to the following conditions: First, that the city's contribution be matched by the particular grantee corporation either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed to the program of primary health care services which these funds shall be spent and their respective roles relative to the management of the program.

The Department of Health and Hospitals has a contract with the South Cove Community Health Center to provide primary care services in Boston for seventeen years. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. The South Cove Community Health Center has been awarded unadvertised contracts for the past three fiscal years in the following amounts: 1988 — \$63,400; 1987 — \$50,000; 1986 — \$50,000.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide the health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contract.

Very truly yours,

Judith Kurland,  
Commissioner.

Grantee corporation, Children's Hospital Medical Center; Neighborhood Health Center, Martha Eliot Health Center, 33 Bickford Street; Amount of grant: \$49,210.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to two conditions: First, that the city's contribution be matched by the particular grantee corporation by either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed on the program of primary health care service for which these funds shall be spent and their respective roles relative to the management of the program.

The Department of Health and Hospitals has had a contract with the Martha Eliot Health Center to provide primary care services in Jamaica Plain for three years. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Grantee corporation, Carney Hospital; Neighborhood Health Center, Little House Health Center, 990 Dorchester Avenue; Amount of grant, \$55,835.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to two conditions: First, that the city's contribution be matched by the particular grantee corporation by either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed on the program of primary health care service for which these funds shall be spent and their respective roles relative to the management of the program.

The Department of Health and Hospitals has had a contract with the Little House Health Center to provide primary care services in Dorchester for seventeen years. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Little House Health Center has been awarded unadvertised contracts for the past three fiscal years in the following amounts: 1988 — \$55,835; 1987 — \$41,835; 1986 — \$31,435.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Dimock Community Health Center, 55 Dimock Street, Roxbury, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$153,500.

Under this contract, medical services are provided for residents of the Roxbury Community through the operation of a private, nonprofit, medical care clinic. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable

primary care services. The health center provides three basic primary care services: adult medicine, pediatrics, and obstetrics/gynecology. Department of Health and Hospitals funded health centers play a major role in the delivery of ambulatory care throughout the city.

The Department of Health and Hospitals has had a contract with the Dimock Community Health Center to provide primary care services in Roxbury for seventeen years. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Dimock Community Health Center has been awarded unadvertised contracts for the past three fiscal years in the following amounts: 1988 — \$153,500; 1987 — \$123,500; 1986 — \$85,000.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we do not have the necessary documents from Community Health Services in order to process the contract.

Very truly yours,  
Judith Kurland,  
Commissioner.

#### Rehabilitative Psychology Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Stanley H. Ducharme, Ph. D., 75 East Newton Street, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$6,240.

Under this contract, Dr. Ducharme will provide on-site consultative services at Mattapan Hospital in rehabilitative psychology. Visits to be scheduled on a weekly basis, not to exceed four hours per week. These services are to be reimbursed at a rate of \$30 per hour. Psychologists rendering services will be providing direct patient care at Mattapan Hospital for which they are entitled to bill for professional services. This agreement to the extent it reimburses Mattapan Hospital for compensation to psychologists for clinical services does so only to the extent such psychologists are not entitled to bill for professional services. Invoices will be submitted to the hospital for services provided in the preceding month. The monthly invoice for charges shall list for each department, the names of all persons performing services under the contract.

Fiscal year 1989 is the first year that a contract for Dr. Stanley H. Ducharme will be in effect. Prior to this, there were no other contracts for this service.

As Dr. Ducharme is a specialist in this field, because of the professional nature of the services to be provided and as the cost, in my opinion, is reasonable, no useful purpose would be served by publicly advertising for bids.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

INSPECTIONAL SERVICES DEPARTMENT  
Updating of Maps

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Sanborn Map Company, a division of Real Estate Data, Inc., New York, for the updating of Sanborn maps used by the Inspectional Services Department.

Under the terms of the contract, the contractor will update the maps now used by the department and this is done by means of personal field surveys.

The contractor is uniquely qualified to provide this service because it is the sole source of this type of map service.

Compensation under this contract shall not exceed \$5,810, which I have determined to be reasonable for the service to be provided.

The term of this contract shall be from August 22, 1988, through June 30, 1989.

Because of the professional nature of the services to be provided, and because the contractor is the sole source of this type of map service, I believe that public advertising would serve no useful purpose.

Sincerely,  
Thomas McNicholas,  
Commissioner.

LAW DEPARTMENT  
Legal Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Joseph Glannon, Esquire, a professor at Suffolk University Law School, Beacon Hill, Boston.

Under the terms of the contract, Attorney Glannon will provide services to the Law Department's Urban Affairs Bureau relating to the case of *The Society of Jesus of New England, et al. vs. The Boston Landmarks Commission*, Suffolk Superior Court, Civil Action No. 87-3168. Services will include research and writing relating to issues of historical preservation.

Attorney Glannon is specially qualified to do this work because he is a Suffolk University Law School professor who is qualified and experienced in chapter 1983 cases.

Compensation under this contract shall not exceed \$5,000 to be paid at the rate of \$90 per hour. I have determined this rate to be reasonable.

The term of this contract shall be from October 5, 1988, through June 30, 1989.

Because of the professional nature of the services to be performed, I feel that public advertising would serve no useful purpose.

Very truly yours,  
Joseph I. Mulligan,  
Corporation Counsel.

POLICE DEPARTMENT  
Rental of Dumpster, etc.

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to George E. Lyons, Jr., Inc., a corporation, located at 40 Sturtevant Street, Dorchester, for the rental of a dumpster and removal of waste from the Police Department's Fleet Management Garage site at 286 Adams Street.

Under the terms of the contract, George E. Lyons, Jr., Inc. provided a 30-yard container and removal services of automotive waste from the Police

Department's leased property at 286 Adams Street.

The contractor was especially qualified to do this work because they had the proper container size readily available with no required lead time and could meet our scheduling needs. The Police Department's Fleet Management facility was required to move from the leased 286 Adams Street location to its present location of 400 Frontage Road. The emergency clean-up operation of the Adams Street site involved over thirty years of accumulated automotive waste and debris. In order to meet the landlord's demands that the lot be restored to its original condition, the Police Department had to deploy special clean-up crews. To accommodate the scheduling of these crews, the dumpster had to be emptied, immediately upon filling, several times per day. The contractor worked cooperatively with these scheduling demands upon short notice.

Compensation under this contract shall not exceed \$15,660, which I have determined reasonable for the work performed. The term of the contract shall be October 1, 1987, through April 22, 1988. This funding is to be charged against appropriation 011-211-0211-PD02-0490, with an initial encumbrance of \$15,660.

George E. Lyons, Jr., Inc. is a new vendor with this department.

Given the exigency of the clean-up operation and because George E. Lyons, Jr., Inc. is especially qualified to do this work for a reasonable price, I believe that public advertising would serve no useful purpose.

Belated receipt of vendor documents led to this late submission.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

### HEALTH AND HOSPITALS DEPARTMENT Various Maintenance Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Balfour Engineering Co., 310 Franklin Street, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$3,000.

This amendment will increase the contract sum by \$7,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$10,000.

Under this contract, Balfour Engineering Co. provides various maintenance services. This amendment is necessary because the department underestimated costs of repairs to generators and pumps in the Powerplant at Mattapan Hospital.

In view of the above, because of the special nature of these services, and because the cost, in my opinion, is reasonable, I recommend approval of this amendment.

This amendment is being processed late because the vendor did not return the contract documents until September 19, 1988.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

### DEPARTMENT OF HEALTH AND HOSPITALS

#### Invitation for Bids for Repair of Electric Carts, Jacks and Tractors Located in Laundry Department at Boston City Hospital.

The City of Boston, acting by its Board of Health and Hospitals and its Commissioner, hereinafter referred to as the Awarding Authority, invites proposals for furnishing the above service in accordance with specifications accompanying the proposal forms which may be obtained at the office of Contract Management, third floor, Administration Building, Boston City Hospital, 818 Harrison Avenue, Boston, Mass., at or after twelve noon, Boston time, on Monday, November 7, 1988.

Bidders are required to leave at the above office their bid proposal together with a certified check in the amount of \$500, as a bid deposit payable and to become the property of the City of Boston if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The proposal must be completely filled in, signed, and enclosed in an envelope, sealed, and plainly marked identifying the particular service or equipment to which it relates.

Bids will be publicly opened and read on Wednesday, November 23, 1988, at twelve noon Boston time, at the Office of Contract Management, at the address shown above.

Said bond must be with a surety company authorized to do business in Massachusetts as surety to guarantee the faithful performance of the contract.

No bid proposal may be withdrawn after the time limit for filing bid proposals and for thirty (30) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bid proposals. In addition no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award that contract as it deems to be in the public interest so do.

**Invitation for Proposals for Leasing of Public Parking Facility at Blackstone, Cross and North Streets, Boston, Mass.**

The Real Property Board of the City of Boston, hereinafter called the Board, invites, from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing the open air public parking facility situated under the John F. Fitzgerald Expressway between Blackstone, Cross, and North Streets, Boston, Mass., for the term of two years beginning December 15, 1988, and ending December 14, 1990, unless earlier terminated in accordance with the terms and conditions as more fully set forth in the form of lease. Copies of the proposal and the lease, containing all applicable terms, conditions and covenants regarding the leasing of the Blackstone Street Parking Facilities may be obtained daily (except Saturdays, Sundays, and holidays) between 9 a.m. and 5 p.m., at the office of the Board, One City Hall Square, Room 811, Boston, for a non-refundable fee of twenty-five dollars (\$25) for each proposal taken. The covenants and agreements contained in the lease will require, among other conditions, that the lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Board.

Bidders may be asked to provide the Board with evidence of ability to perform the terms and conditions of the lease. As part of their proposal, bidders must furnish the Board with information concerning past experience in managing and operating parking facilities.

Proposals shall be submitted in duplicate, on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked, "Proposal for Leasing of Public Parking Facility under the John F. Fitzgerald Expressway between Blackstone, Cross, and North Streets, Boston." One copy of the proposal shall be filed with the Board at its office on or before 10 a.m., on Tuesday, December 6, 1988, at which time and place all proposals will be publicly opened and read aloud. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of five thousand dollars (\$5,000) made under the terms stated in the form of proposal, in the form of cash or a certified check, payable to the City of Boston. Additionally, the copy of the proposal filed with the Board shall be accompanied by a letter from a duly authorized agent of an insurance company certifying that a performance bond in the required amount as set forth in the proposal will be produced or, alternatively, the bidder shall accompany any proposal filed with the Board with cash or a certified check in the required amount as set forth in the proposal, payable to the City of Boston. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, One City Hall Square, Room M4, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after October 20, 1988, Monday through Friday, at a charge of \$25 per set. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements, dated November, 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per set. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee of \$15, payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges are refundable.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination, and Affirmative Action Program in the specifications. In addition, pursuant to the requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) Participation Provision, bidders must submit an assurance with their bids that they will make sufficient and reasonable efforts to meet the stated DBE goal of 16 percent.

Bidders will affirmatively insure that in regard to any contract entered into pursuant to this solicitation, minority and female construction contractors will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with Federal Equal Employment Opportunity Regulations and the President's Executive Order No. 11246 and any amendments or supplements thereof.

Authorization for the bidders to view the site of the work on MBTA property shall be obtained from the office of the Project Manager, Mr. Robert Johnson, Construction Trailer No. 1, 275 Dorchester Avenue, South Boston, MA 02127, Telephone No. (617) 722-3790. A prebid conference will be held on Tuesday, November 8, 1988, at 10 a.m., at the above office. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify as part of their bid that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

This contract is subject to minimum state wage rates as well as all other applicable labor laws.

Bid guaranty shall consist of a bid deposit in the amount of 5 percent of the value of the bid in the form of a bid bond, cash, certified check, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject any or all bids, to waive informalities, to advertise for new bids or proceed to do the work otherwise, as may be deemed to be for the best interests of the Authority.

The City of Boston, acting by its Director of the Public Facilities Department, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, invites sealed bids for "Gasoline Tank Replacement at the District Seven Police Station, East Boston, Mass. — Project No. 5332." Bids will be received until twelve o'clock noon, Boston time, November 28, 1988, at the office of the Awarding Authority, 26 Court Street, Boston, MA 02108, at which time and place they will be publicly opened and read aloud. The bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked

with the description of the work to be done. The proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check, made payable to the City of Boston, in the sum of 5 percent of his or her bid.

No bid may be withdrawn after the time limit for filing proposals and for the five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide for the payment of compensation by insurance and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed during the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practices throughout the work.

SPECIFICATIONS will be available on or about November 7, 1988, at the Public Facilities Department, 26 Court Street, sixth floor, Boston, MA 02108.

A performance bond and labor and materials payment bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and in the sum of 100 percent of the contract price, will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids or any items of a bid, if it be in the public interest to do so.

RAYMOND L. FLYNN  
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA  
PRESIDENT, CITY COUNCIL

DL. 80

MONDAY, NOVEMBER 14, 1988

NO. 46

## VETERANS DAY ★ NOVEMBER 11

# LIBERTY FOREVER

"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands. One Nation under God, indivisible, with liberty and justice for all."

# BOSTON WINTER PLAN FOR THE HOMELESS ANNOUNCED

Mayor Raymond L. Flynn and Secretary of Human Services Philip W. Johnston announced the opening of three additional homeless shelters as part of the Mayor's 1988-89 winter plan to care for the city's homeless men, women, and families.

The three shelter facilities, providing an additional 500 beds, "help the City of Boston to again make the pledge that no homeless person in Boston will be denied a bed for the second consecutive year," said Mayor Flynn.

Secretary of Human Services Philip Johnston committed a total of \$1.5 million to opening the shelters.

"With this financial assistance from the state," Flynn added, "we can renew our commitment to help anyone in this city without shelter to a minimum standard of basic human needs — a bed, a meal, decent health care and transportation to a shelter."

Through the Mayor's winter plan the city coordinates its homeless programs with Boston's network of private shelters to provide a comprehensive range of services including shelter beds, transitional housing and family shelters, meals, job counseling, and health care. Since 1984, Boston has allocated over \$21.7 million in city resources to assist the homeless. In addition, these city funds have secured almost \$23 million in state, federal and private funds.

As part of the winter plan the city will renovate a Boston City Hospital building for use as a 100-bed permanent shelter. A second 150-200-bed overflow shelter located at a National Guard Armory in Braintree will be operated by Pine Street Inn. Positive Lifestyles, Inc., a nonprofit shelter provider, will operate a third 150-200 bed overflow shelter at a Boston University facility.

Mayor Flynn, Chairman of the U. S. Conference of Mayors' Task Force on Hunger and Homelessness, has worked with the state and Boston's private shelter providers to make Boston one of the few cities in the nation that is not only committed, but is able to provide shelter to every homeless man, woman and child in the city.

Praising the efforts of Governor Dukakis and his administration Flynn commented, "Today we can reaffirm our commitment to the homeless as a result of the combined efforts of Governor Dukakis and Phil Johnston."

Boston has allocated \$750,000 to renovate BCH laundry building to add 100 permanent shelter beds to the BCH facility. The renovations will include space for the additional 100

shelter beds, shower facilities, office space for an on-site job counselor and a nursing clinic to provide health services.

Boston City Hospital currently runs three homeless programs at 725 Massachusetts Avenue, the BCH-Intake Facility which transports people to the city's Long Island Shelter for the Homeless, a daytime shelter and a sixty-bed overflow shelter for women. All three programs will be moved into the laundry facility when renovations are completed.

Boston's Emergency Shelter Commission undertook a comprehensive street-by-street survey of the homeless population in Boston last February to assist in formulating this year's winter plan.

Also attending the news conference were Boston's Emergency Shelter Commission Executive Director Ann Maguire, Jim Viola, director of Positive Lifestyles, Richard Weintraub, director of Boston's Long Island Shelter for the Homeless, and Richard Ring, director of Pine Street Inn.

## BOSTON GETS \$23 MILLION FOR HOUSING REPAIRS

Boston public housing developments have received \$23 million in state funds to repair and renovate vacant housing units in family developments throughout the city.

Mayor Raymond L. Flynn and Boston Housing Authority Administrator Doris Bunte accepted the funds from Communities and Development Secretary Amy S. Anthony at the Bromley-Heath Development in Jamaica Plain.

"Since I became Mayor in 1984," said Mayor Flynn, "Housing for all residents has been one of the top priorities

of my administration. We have been able to accomplish great strides in taking the boards off and moving the families in by restoring the vacant and abandoned units of public housing. Of the 3,570 vacant units which once blighted our family developments, fewer than 900 remain today. Many of these are undergoing rehabilitation as we speak. Soon, we will have hundreds of newly renovated public housing units available to families waiting for this much needed opportunity. This commitment from the state will further help us fulfill our pledge of full occupancy by 1991.

The Boston Housing Authority will use the \$23 million award to renovate public housing units at the family developments of Jamaica Plain, Mission Hill, South End, South Boston, and Roxbury. In addition to the repairs a modernization for Bromley-Heath, Mission Hill Extension, Cathedral, Old Colony, and Orchard Park, the B. H. A. is currently repairing and modernizing units at Archdale in Roslindale, Oriole Heights in East Boston, Bunker Hill Charlestown, and others.

B. H. A. Administrator Doris Bunte said, "We are on schedule with our goal of full occupancy in public housing by 1991. Believe me, this is a great leap for a system that nine years ago saw one unit out of every four units, vacated, boarded up, and uninhabitable."

The B. H. A. manages and maintains housing for 60,000 Boston public housing residents. Vacancy rates have steadily improved from 23 percent in 1980 to less than 9 percent today, bringing once-abandoned units back on line. For the first time since the early 1970s, Boston is building new public housing to accommodate growing demand. Over 13,000 people are currently waiting for public housing in Boston.

Ms. Bunte expressed her appreciation to the state office of Communities and Development and the legislature for public housing support. She also singled out the tenant management group at Bromley-Heath, under the leadership of Mildred Hailey, for their efforts to improve the conditions and atmosphere of their development.

"Massachusetts is the only state in the country to commit its resources to the renovation of federal public housing

g," said Secretary Anthony. "Not only has the federal government retreated from its commitment to renovating existing housing, it has virtually eliminated programs to produce affordable housing. We cannot sit idly by while the federal government retreats from its commitment."

Also in attendance at the Bromley-Heath announcement were Representatives Kevin W. Fitzgerald and John E. Donoghue, members of the Bromley-Heath Tenant Management Corporation and local residents.

### MBTA PURCHASES NEW RIDE VANS

Massachusetts Bay Transportation Authority (MBTA) General Manager James F. O'Leary announced the purchase of thirty-two, new, lift-equipped vans at a cost of \$820,217, for the Authority's RIDE program. The RIDE program, started in 1977 to serve passengers with special needs, now provides service in thirty-six communities throughout the region.

Delivery of these vehicles will begin later than January, 1989, and may commence as early as December, 1988, if the contractor can accommodate the accelerated delivery schedule requested by the Authority.

O'Leary said: "We hope to have these new vans available to use during the upcoming winter, which is traditionally the heaviest ridership season on the RIDE program. With these additions to our fleet, we will increase the availability of service for passengers with special needs."

The contractor, Bud Industries, Inc., Warwick, Rhode Island, was selected from among four companies that submitted proposals. Bud Industries has provided similar vehicles to the MBTA in the past. The thirty-two new vans will feature 1989 model year chassis and improved modifications as specified by the Authority. They will be fitted with all appropriate safety features required for paratransit service.

The new vans, manufactured by Dodge, will result in a net fleet total of seventy-nine vans. At the rate of five to six vans per week, delivery will be completed within a six-week period.

### VI. COMMENDATION

On October 4, 1988, the New England Institute of Business Designers honored Fire Department Chemist Dr. Edward V. Clougherty for his professional endeavors in the development and promulgation of fire prevention regulations for furnishings and interior finish. The Boston Fire Department regulations have received national recognition.

Dr. Clougherty received a MAX Award which stands for Members Appreciation of Excellence; the award was given in the category of Best Contribution to Professional Practices by a Non-Designer.

The Fire Commissioner is pleased to commend Dr. Edward V. Clougherty and makes this commendation a part of his personnel file.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### POLICE DEPARTMENT

#### Administrative, Operational Support

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the Trustees of Health and Hospitals, a corporation, located at 818 Harrison Avenue, Boston. This corporation will provide administrative and operational support for the Integrated Public Safety System Project.

The Integrated Public Safety System Project is the design and implementation of a computer-aided dispatch; records management, and E-9-1-1 systems for the Police, Fire, and EMS Departments.

**GREAT AMERICAN** AMERICAN CANCER SOCIETY  
**SMOKEOUT**

Under the terms of the contract, the Trustees of Health and Hospitals will provide professional services to support the administrative needs of the project, as well as to coordinate the implementation of the E-9-1-1 Public Education Program. The Trustees of Health and Hospitals is uniquely qualified to do this work because of its ability to provide employment through a non-proprietary agency.

Compensation for this contract shall not exceed \$33,600, which I have determined to be reasonable for the work to be performed. The funding for this contract shall be divided evenly among the three participating city agencies; therefore, \$11,200 will be charged against the Police Department's code 011-211-0211 PD05-0290, \$11,200 against the Fire Department's appropriation 011-221-0221-BFD1-0290 and \$11,200 against Health and Hospitals appropriation 011-610-0600-HH06-0490. A memorandum of understanding is attached and has been signed by all three departments. The initial encumbrance against all three appropriation codes will be the full amount of \$11,200. The term of the contract shall be July 1, 1988, through June 30, 1989.

The department had a contract of this same nature with the Trustees of Health and Hospitals for \$33,600 in Fiscal Year 1988. Given the special nature of this contract, I believe public advertising would serve no useful purpose.

This letter is being submitted late due to negotiations and the time necessary to process the memorandum of understanding among the three user departments.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT  
Center for the Arts

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on July 14, 1988, I respectfully request your Honor's permission to dispense with public advertisement and award a contract to M. Harriet McCormack Center for the Arts, Inc., a corporation with offices at 543 Columbia Road, Dorchester, for the provision of services for the continued operation of the Strand Theatre. Services shall include the cost of staff salaries, fringe benefits, office operation, travel, furnishings, equipment and other expenses.

Compensation under this contract shall not exceed \$50,000, which I have determined to be a reasonable cost for the services to be performed. The term of this contract shall be from September 1, 1988, to June 30, 1989.

M. Harriet McCormack Center for the Arts, Inc., is uniquely qualified to do this work based on its past satisfactory experience, and in view of the particular nature of the services to be provided.

Because of the special status of the Strand Theatre as a unique performing arts center within the Uphams Corner section of Dorchester and the unique ability of M. Harriet McCormack Center for the Arts, Inc., to administer this contract, it is my judgment that public advertising would serve no useful purpose in this instance.

This request has been delayed due to the time required to calculate the contractor's projected budget.

Sincerely,  
Lisa G. Chapnick,  
Director.

Renovations Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Com-

mission on July 28, 1988, I respectfully request your Honor's permission to dispense with further public advertisement and award a contract to Rothman, Rothman and Heinman Architects, Inc., a Massachusetts corporation, with offices at 711 Atlantic Avenue, providing continuation of design services for renovations to the fourth floor of the Dowling Building for Pediatrics Radiology Department at Boston City Hospital. Scope of work will include design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$56,000, including \$5,000 for supplementary services, which is a fixed fee of 12.75 percent based on an estimated cost of construction of \$400,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for twelve months from the date of execution.

This project was designed to be a phased project with a separate contract for each phase, each contingent upon the successful completion of the previous phase. Rothman, Rothman and Heinman Architects, Inc. successfully completed the design of renovations to the Pediatrics Outpatient Department and schematic design of the Radiology Department.

Accordingly, the qualifications of the above-mentioned firm have been reexamined by the Public Facilities Department Designer Selection Committee pursuant to M.G.L. c. 7, s. 381. It has been determined that it is in the best interest of the City of Boston to continue the services of this firm.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

## PUBLIC WORKS DEPARTMENT Engineering Services

Dear Mr. Mayor:

On July 29, 1985, his Honor, the Mayor, approved the award of a contract, without public advertising for bids, to Seelye Stevenson Valve and Knecht, of 230 Congress Street, for engineering services relative to the Granite Pier and fender system rehabilitation of the Chelsea Street Bridge, SC-2925(87), at a cost not to exceed \$38,000, an amended and extended previously to \$77,500.

Due to an oversight, this contract was not included on our reserve letter to carry forward to Fiscal 1989, and therefore, a proposed amendment cannot be initiated under the original contract and a new contract must be established.

Numerous and extensive design changes required by the Mass. D.P.W., the U.S. Coast Guard and issues raised by the Pilots Association will result in a cost that shall not exceed \$50,000, which I have determined to be reasonable.

Therefore, since public advertising would serve no useful purpose, your approval is respectfully requested to dispense with public advertising and award a contract for engineering services relative to the Granite Pier and fender system rehabilitation of the Chelsea Street Bridge, SC-7360(89), to Seelye Stevenson Valve & Knecht, of 230 Congress Street, in the amount of \$50,000, for the period August 15, 1988, to June 30, 1989.

This letter is being submitted at this late date, as it was only recently realized that the contract had not been carried forward and a new contract was necessary to complete the work.

Very truly yours,  
Joseph F. Casazza,  
Commissioner.

## SCHOOL DEPARTMENT Services to Autistic Children

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Dr. Kathleen Ann Quill, an individual located at 16 Columbia Street, Watertown.

This contract shall be in effect during the period October 6, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$4,000, which I have deemed to be reasonable.

Under the terms of this agreement, Dr. Quill, provide the following services at the rate of \$50 per hour or \$250 per day: assist in the planning and development of an individualized curriculum; provide staff training; conduct staff inservices; conduct parent workshops; assist and implement a sessions of children in the program; provide consultation and support to the integrated and substantially separate classroom teachers; evaluate the project at the end of the academic year; review the multi-sensory language-based curriculum; assist and consult with teachers in adapting the curriculum to meet the learning styles of the children.

During the developmental phase of the grant proposal "to Educate Children With Autism," Mr. Robert Bucci, the technical assistance consultant from the Massachusetts Department of Education presented a list of consultants who participated in the "Consumer Institute on Autism." These individuals are highly qualified to provide consulting services to programs for children with autism. All these consultants are capable of conducting quality services to educate children with autism. There is a limited number of consultants experienced working with parents, teachers of children with autism, and autistic children.

The Department of Education provided this list of grant recipients could contact consultants to implement the training project. The staff of the Joseph Lee School requested this training project to improve instructional skills in the area of teaching autistic children. Dr. Quill was selected because she was the only consultant able to provide training during the period scheduled by the Lee School staff.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for

This is the first contractual agreement between the Boston Public Schools and Dr. Kathleen Ann

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Counseling Centers

Dear Mr. Mayor:  
As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Dimock Community Health Center, a corporation located at 55 Dimock Street, Quincy.

This contract shall be in effect during the period October 3, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$30,000, which I have deemed to be reasonable.

Under the terms of this agreement, counseling, education, and intervention services will be provided by the professionals at the Dimock Street Community Health Center for various Boston Public Schools. Two to three hours per day, group and individual sessions as follows: Barron Assessment and Counseling Center, two days per week; West Quincy High School, two days per week; Charles River High School, two days per week; Martin Luther King Middle School, one day per week. The cost breakdown is as follows: \$833.33 per week for twenty to thirty-five hours of counseling for twenty-six weeks equals approximately \$30,000.

The contractor was selected to provide these services because this program is a continuation of services provided last year under a grant from the Police Department. Further, Dimock Community Health Center counselors have had an ongoing successful relationship in various Boston Schools, including summer counseling for some youngsters. In addition, they can provide male minority counselors, who are more successful in intervention and for being role models to many of our students. Further, Dimock Community Health Center has the longest history of alcohol and substance abuse counseling and treatment in the city.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for

The following contract is being submitted late because the Office of the General Counsel had to contact the Boston Teachers Union to obtain its input on the subject matter of the contract.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1988 — \$44,050; 1987 — \$23,200; 1986 — \$3,200.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Adult and Child Consultation Center, a corporation located at Zero Governor's Avenue, Medford.

This contract shall be in effect during the period October 1, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$6,000, which I have deemed to be reasonable.

Under the terms of this agreement, the contractor will provide thirty-six weekly, two to three hour visits by a licensed male psychologist from the Adult and Child Consultation Center to collaborate services to Umana students who have attended the Barron Assessment and Counseling Center. Services will include consultation to the Student Support Team, group sessions for at-risk youths, and psychological assessments. These services will be conducted at the rate of \$166.67 per day for thirty-six days.

The contractor is specially qualified to provide these services because the psychologists from the Adult and Child Consultation Center have been involved with the Barron Assessment and Counseling Center from its inception. Their director provided inkind inservice training to both the administrators and the staff. Also, they have provided psychological assessments for some students assigned to the center. The director is willing to provide psychologists to the Umana Technical High School one day per week for two hours. The psychologist will provide expert advise to the Student Support Team and will run a group session weekly for students returning from the Barron Center who have exhibited at-risk behaviors such as violent acts or substance abuse. Approximately twelve students to date have been identified as potential members. The Adult and Child Consultation Center's staff will provide a consistency of service to these at-risk youngsters. Identification and referral from the Umana Student Support Team to the Barron Assessment and Counseling Center and follow-up services when the student returns to the Umana.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

The following contract is being submitted late because the Office of the General Counsel had to contact the Boston Teachers Union to obtain its input on the subject matter of the contract.

This is the first contractual agreement between the vendor and the Boston Public Schools.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Instructional Services

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Very Special Arts — Massachusetts, a corporation located at 2 Boylston Street.

This contract shall be in effect during the period October 31, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$10,000, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will provide instructional services to special education children in fourteen substantially separate and cluster programs at the Kent, Lee, Beethoven,

Winthrop, Murphy, Lewis, Wilson, Shaw, Curley, Elihu Greenwood, Sarah Greenwood, and Lewenberg Schools.

The contractor will provide the following instructional services: five fifteen-day Visiting Artists Programs; eight five-day events; training for school staff, festival and staff training at Carter School; school outreach; supplies; evaluation, documentation, etc.

The contractor is specially qualified to provide the above services because it is the only organization in the Boston area with the expertise, credibility, and resources to insure success of this program. The program will service many inner-city students during this school year who otherwise would have no access to creative activities in their educational plan.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$9,000; 1987 — \$12,000; 1988 — \$9,000.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

### HEALTH AND HOSPITALS DEPARTMENT

#### X-ray Film

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with E. M. Parker Co., Inc., Wilmington, to provide medical X-ray film, to the Department of Health and Hospitals, for the period July 1, 1988, through June 30, 1990, at a cost not to exceed \$300,000.

This amendment will increase the amount of the contract by \$650,000, thereby increasing the city's total liability under this contract to an amount not to exceed \$950,000.

When this contract was requested, the final decision as to the award of the major films to be purchased under this agreement had not been determined. After much consideration the department has made the decision to continue the use of DuPont and Kodak films.

E. I. DuPont De Nemours and Co., Medical Products Department, the manufacturer of the major portion of radiologic film to be purchased through E. M. Parker, has extended a 17 percent film rebate program to the department. The rebate will be based on net purchases through the distributor. To receive the rebate, the department shall submit to DuPont, a quarterly purchase summary with copies of dealer invoices showing purchases of DuPont film. Rebated film will be supplied by DuPont to the department on a quarterly basis. In addition DuPont will provide Boston City Hospital with a DuPont daylight processor system.

In view of the above, because E. M. Parker submitted the lowest acceptable bid meeting specifications and because the costs, in my opinion, are reasonable, I recommend approval of this amendment.

The amendment amount is an approximate figure based on estimated volumes.

Very truly yours,

Judith Kurland,  
Commissioner.

**Invitation for Proposals for Leasing of Public Parking Facility at Blackstone, Cross and North Streets, Boston, Mass.**

The Real Property Board of the City of Boston, hereinafter called the Board, invites, from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing the open air public parking facility situated under the John F. Fitzgerald Expressway between Blackstone, Cross, and North Streets, Boston, Mass., for the term of two years beginning December 15, 1988, and ending December 14, 1990, unless earlier terminated in accordance with the terms and conditions as more fully set forth in the form of lease. Copies of the proposal and the lease, containing all applicable terms, conditions and covenants regarding the leasing of the Blackstone Street Parking Facilities may be obtained daily (except Saturdays, Sundays, and holidays) between 9 a.m. and 5 p.m., at the office of the Board, One City Hall Square, Room 811, Boston, for a non-refundable fee of twenty-five dollars (\$25) for each proposal taken. The covenants and agreements contained in the lease will require, among other conditions, that the lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Board.

Bidders may be asked to provide the Board with evidence of ability to perform the terms and conditions of the lease. As part of their proposal, bidders must furnish the Board with information concerning past experience in managing and operating parking facilities.

Proposals shall be submitted in duplicate, on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked, "Proposal for Leasing of Public Parking Facility under the John F. Fitzgerald Expressway between Blackstone, Cross, and North Streets, Boston." One copy of the proposal shall be filed with the Board at its office on or before 10 a.m., on Tuesday, December 6, 1988, at which time and place all proposals will be publicly opened and read aloud. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of five thousand dollars (\$5,000) made under the terms stated in the form of proposal, in the form of cash or a certified check, payable to the City of Boston. Additionally, the copy of the proposal filed with the Board shall be accompanied by a letter from a duly authorized agent of an insurance company certifying that a performance bond in the required amount as set forth in the proposal will be produced or, alternatively, the bidder shall accompany any proposal filed with the Board with cash or a certified check in the required amount as set forth in the proposal, payable to the City of Boston. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, One City Hall Square, Room M4, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

# PROJECT SIGN-UP BEGINS PHASE TWO

Boston Mayor Raymond L. Flynn has announced the second phase of Project Sign-Up. This informational campaign is an effort to inform handicapped, elderly, and fixed-income residents of the City of Boston of federal benefits and free health insurance that they may be entitled to under the federal Supplemental Security Income (S. S. I.) program.

Project Sign-Up is sponsored by the City's Commission on Affairs of the Elderly, the Villers Foundation, and other advocates of the elderly, blind, and disabled.

At the announcement, Mayor Flynn said, "Through this effort, seniors, the blind, and the disabled will feel welcome when they step forward to receive their federally mandated Social Security benefits. We must work together to identify and eliminate any barriers which have intimidated these individuals in the past."

National statistics show that only half of those who are eligible to receive S. S. I. benefits are receiving them. In its first six months, Project Sign-Up has helped over 500 elderly, blind, or disabled people, or their families, obtain benefits from S. S. I.,

which was created by Congress in 1975.

The second phase of this outreach and education effort will include bus and subway advertising, as well as cable television and radio, in order to attempt to enroll every eligible and needy citizen in the city for the monthly income they are entitled to through the S. S. I. program.

For more information on Supplemental Security Income or Project Sign-Up, please call Boston's Commission on the Affairs of the Elderly at (617) 725-4587.

## DEVELOPER SOUGHT FOR JAMAICA PLAIN STABLES

The Public Facilities Department (PFD) of the City of Boston has issued a Request for Proposals to develop the former Thomas Minton Stables in the Jamaica Plain section of Boston. PFD is seeking developers to renovate this historic property and restore it to active use as a stable.

The Thomas Minton Stables have been an important part of the Stony Brook neighborhood of Jamaica Plain since 1891. A fire destroyed most of the stalls in 1981, and the facility was then closed. Since 1983, when the City acquired the stables through tax foreclosure, neighborhood residents have been very active in their efforts to restore and re-open this unique community resource.

"With the support and assistance of the community, we have been able to attract several potential developers," said Lisa G. Chapnick, Director of PFD. "We have received several letters of interest, including proposals for a horse and carriage rental business, educational programs and riding lessons for low-income youth. Responses like these give us confidence that the

Thomas Minton Stables can be revived."

In August, PFD formed a Task Force comprised of representatives from neighborhood organizations, Boston's Parks and Recreation Department, and elected officials. The Task Force advised PFD on the criteria to be included in the Request for Proposals and will participate in reviewing submissions from developers. Two developers had previously made proposals to renovate the stables but were unable to obtain financing for the project.

"We are very pleased that PFD is committed to bringing the stable back to what it once was," said Joan Kocsis of 'Friends of the Stables,' a community group formed in support of the stables' rebirth. "We look forward to being part of the selection process and to seeing the successful developer in there by spring."

Proposals that provide recreational programs for area residents and services to special populations such as the handicapped are encouraged.

The deadline for submission of proposals was Monday, November 18, 1988. Developer kits were available from the Public Facilities Department, ninth floor, 15 Beacon Street, Boston.

## EXTRAORDINARY STEP-RATE ADVANCE DER COMPENSATION PLAN FOR EMPLE EES OF SUFFOLK COUNTY

### PENAL INSTITUTIONS DEPARTMENT

Mr. Felix Arroyo,  
*Supervisor of Personnel.*

Dear Mr. Arroyo:

On July 13, 1988, Ms. Cynthia Briggs was personally appointed to the position of Director of Social Services (RC-17) for the Penal Institutions Department.

Ms. Briggs will serve as the Director of Classification and Modular Program Coordinator at Suffolk County House of Correction. She will be responsible for the development, implementation and ongoing supervision of a classification system for state and county inmates; including related aspects of casework services and inmate recreation management.

Ms. Briggs has twelve years of full-time line supervisory experience in corrections and related fields. During her six-year tenure with the Massachusetts Department of Correction, Ms. Briggs held responsibilities that spanned both treatment and security. She graduated first in her Correctional Basic Training class at the Department of Corrections Medfield Training Academy, and as a correction officer, was responsible for the care, custody and supervision of adult male inmates at the Northeastern Correctional Center in Concord, Massachusetts. As a correctional counselor and caseworker her duties included coordinating treatment programs, services, recommending work, housing, and security placements, and monitoring the behavioral institutional adjustment of inmates on her caseload. As Director of Classification and Social Services Ms. Briggs was responsible for the hiring, training, and supervision of correctional caseworkers and management of the classification system and casework services at the Northeastern Correctional Center.

Prior to her entrance into the corrections Ms. Briggs served for three years (1978-1980) as a supervisor with Mutual Security Systems in Portsmouth, New Hampshire, a private firm providing armed guard services for the purpose of transporting business receipts to and from banks. In that capacity, she managed employee schedules, deducted payroll and business transactions provided armed transport services.

Ms. Briggs obtained her Bachelor of Science degree in physical education in 1974 from the University of New Hampshire, Durham. From 1974-1978, she taught and coached athletics for and senior high school students in the Pent Regional School System, West Newbury, Massachusetts.

Because of Ms. Briggs's extensive experience, training and skills, it is respectfully requested that her second-, third-, fourth-, fifth- and sixth-year increments in the position of Director of Social Services be determined under Rule 15 (f) of the Classification and Compensation Plan for officer employees effective July 13, 1988.

Sincerely,  
ROBERT G. WALSH, JR.  
*Commissioner*

**Request for Qualifications for Overview Engineering Services Relative to the Bridge Rehabilitation Program for Various Bridges in the City of Boston**

The City of Boston, acting through its Public Works Department, Engineering Division, invites engineering firms to submit a statement of qualifications to provide overview engineering services relative to a bridge rehabilitation program of various bridges in the City of Boston.

1. Prospective proposers must submit four copies of a Statement of Qualifications for the project. The copies must be received no later than noon, on December 12, 1988, at the Office of the Division Engineer.
2. To be considered, the Statement of Qualifications must include:
  - a) The name of the principal who will work on the project, and the Project Manager.
  - b) The size and capability of the firm's staff.
  - c) An explanation of similar work which has been done recently.
  - d) Please identify each City-owned bridge that the principal in charge and the Project Manager has provided engineering services.
  - e) The firm's Affirmative Action Program.
3. The City will review all Statements of Qualifications, and determine the firm most qualified for providing the required services.
4. The City will select three to five applicants who will be asked to submit a detailed proposal.
5. The Commissioner of Public Works, acting through his Division Engineer, reserves the right to interview any or all firms as required to assist in the evaluation of the qualifications statements.

**Proposal for Capital Improvement Project No.  
25, Highway Reconstruction in Ballard  
Street, Brookside Avenue, Garland Street,  
Greenough Avenue, and Stellman Road in  
West Roxbury.**

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal shall be submitted in duplicate on and in accordance with the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., on and after Monday, November 21, 1988.

All proposals shall be filed no later than 2 p.m., Boston time, Thursday, December 8, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of twenty-five dollars (\$25), not refundable, for each set of contract documents taken out.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade appears on the list of "Classification and Minimum Wage Rates," as determined by the Commission of Labor and Industries under the provision of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS**

**I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements: Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 51 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, American, or American Indian).

Each general contractor must complete, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awards Authority or the Minority Business Office, 100 Hawkins Street, Boston, MA 02114, telephone number 723-1400, Ext. 277. IF A CONTRACTOR WISHES TO USE A MINORITY BUSINESS WHICH IS NOT LISTED IN THE DIRECTORY, HE MUST CONTACT THE MINORITY BUSINESS OFFICE TO OBTAIN AN IDENTIFICATION STATEMENT, COMPLETE THE STATEMENT, AND SUBMIT THE STATEMENT WITH HIS BID. The amount obligated to a non-certified (City of Boston) minority business will not count towards the contractor's minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on December 6, 1988, at 10 a.m., in Room 714 Hall. All prospective bidders are urged to attend and all will be held to knowledge of what the contractor says, whether they are present or not.

**ATTENTION IS CALLED TO CHAPTER 151B OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.** The commissioner reserves the right to reject any and all proposals or any parts of the proposal should he deem it to be in the best interest of the city so to do.

## AWARD OF EXCELLENCE FOR OPEN SPACE PLAN

Mary Nee, director of the Mayor's Office of Capital Planning, accepted Boston Society of Landscape Architects' 1988 Award of Excellence at the city's annual awards night on November 10, for *Boston's Open Space: An Open Space Plan*. Joining Nee in accepting the award was Craig Johnson, of The Halvorson Company, specialists in landscape architecture, for his firm's participation in the preparation of Boston's Open Space Plan. The Society designated the plan for their highest honor, "in recognition of outstanding contribution to a better environment." Nee and Halvorson received the award for the extensive survey and indepth research work which was required to produce the plan.

Mayor Raymond L. Flynn released Boston's Open Space Plan in October 1987. The City's Open Space Plan has been the only one of its kind in 75 years to receive this important award, following a 15-month planning initiative by the Mayor's Office of Capital Planning.

The plan has been described as the most comprehensive inventory and analysis ever compiled on the City's open spaces, as well as an invaluable reference for open space planners and for capital investment decisions. The plan encompasses over 300 facets on approximately 2500 acres, including every park, playground, square, plaza, urban wild, schoolyard, beach, community garden, recreation center, conservation area, and cemetery in Boston.

The Halvorson Company was responsible for conducting field surveys at over 240 sites, and producing corresponding site evaluations and condition assessments for each. The two-volume plan is the product of an extensive planning process coordinated by Mary Nee, the director of the Mayor's Office of Capital Planning. The report, which includes a printed plan of action, contains specific policy goals and future objectives, a comprehensive inventory, a condition assessment of 240 selected open space sites within the

The Open Space Plan demonstrates Mayor Flynn's commitment to improving the quality of Boston's neighborhoods by investing in the city's system of open spaces. The presentation of the Boston Society of Landscape Architects' 1988 Award of Excellence to the City of

Boston acknowledges this commitment and planning contribution.

### MAYOR FLYNN APPOINTS TONY STREETER AS PURCHASING AGENT

Mayor Raymond L. Flynn has announced the appointment of Tony Streeter as Purchasing Agent for the City of Boston. Streeter will assume his new position on December 1, 1988.

"The City is fortunate to find a manager with Tony's extensive private sector experience to fill this important procurement post," said Mayor Flynn.

"We have made much progress over the past four and one-half years in the effort to reduce our costs by encouraging more vendor competition for supplies, materials and equipment through the public bid process. I am confident Mr. Streeter will build on that record of success by ensuring that the City obtain the best quality products at the lowest possible price."

The Purchasing Division has the sole authority and responsibility for the procurement of goods and materials necessary for the operations of City departments, with the exception of the School Department. This Division also has responsibility for carrying out the City's Minority and Women Business Enterprise procurement requirements for all non-construction related goods and materials, operation of the City Hall

Copy Center and Typewriter Repair Section, and proper disposition of all City non-real estate surplus property.

Streeter is currently the President of InfraSys, Incorporated, a general management consulting firm. Prior to that, he was General Manager of Cambridge Seven Associates, a large architectural firm, and was assistant vice-president for commercial lending at the Bank of Boston.

He is a 1968 graduate of Hunter College in New York City, and attained his MBA from the Graduate School of Business, Columbia University.

Streeter is a member of the Board of Directors of the Massachusetts Association for Mental Health and is affiliated with the New England Minority Purchasing Council, Black Corporate Presidents of New England and the Smaller Business Association of New England.

His interests include sailing, photography and tennis.

### MBTA MOVES NORTH STATION PROJECT TO FINAL DESIGN

Massachusetts Bay Transportation Authority (MBTA) General Manager James F. O'Leary announced that the Authority has advanced major new portions of the North Station Improvement Project to the final design stage through a \$6.6 million supplemental agreement with North Station designers Parsons Brinkerhoff Quade and Douglas, Inc., and Seelye Stevenson Value and Knecht, Inc.

O'Leary said, "The MBTA is working closely with the City and the New Boston Garden Corporation to coordinate all phases of design and construction of the MBTA's transportation improvement projects with the development of a new sports arena."

On May 11, 1988, the MBTA granted air rights over Authority-owned land at North Station to the City of Boston for the development of a new sports arena.

(Continued on next page)

## NORTH STATION PROJECT . . .

(Continued from previous page)

The MBTA plans to build a new commuter rail station under this area.

Today's MBTA Board-approved agreement includes final design and construction phase services for:

- 1) construction of two additional tracks and a high-level platform on the west side, and two temporary tracks and a platform on the east side of existing station tracks. This will allow the construction of fully-accessible high-level commuter rail platforms at North Station.
- 2) installation of foundations for future air rights development over tracks and platforms, north of the existing Central Artery ramps,
- 3) design of a 1,400 space, five-level underground garage between the existing Boston Garden and existing commuter rail tracks,
- 4) design of ventilation systems for the commuter rail station and underground garage,
- 5) design of a temporary commuter rail station ticket office and waiting room, and furnishing and outfitting for new permanent commuter rail ticket counter and passenger waiting room, within the new North Station Commuter Rail Terminal, and
- 6) design of Green Line Relocation Project, to take place under the existing Boston Garden, following demolition of the arena.

In relocating the Green Line from the surface and elevated location to a tunnel, the MBTA will construct a new "super station" at North Station which will provide a shared inbound platform for both Green Line streetcar and Orange Line rapid transit service. This platform will greatly facilitate passenger movement, and enhance transportation opportunities from North Station.

The new station will also feature a direct, traffic-free link for passengers between the commuter rail station and new arena complex, and the Green/Organge line station.

### MBTA ANNOUNCES EXTRA HOLIDAY SERVICE ON SUNDAYS

Massachusetts Bay Transportation Authority General Manager James F. O'Leary announced that additional

MBTA bus, train and commuter rail service will be provided every Sunday between Thanksgiving and Christmas in order to handle the surge of holiday shoppers to and from downtown Boston.

"We hope our passengers will take full advantage of this extra service," O'Leary said. "The Authority is pleased to be able to provide this service for the many riders throughout the region who plan to use the MBTA for shopping and entertainment during this Holiday season."

O'Leary said that beginning Sunday, November 27, and through Sunday, December 18, bus frequencies will be increased on six routes, and service will be provided on two routes which currently do not have Sunday service. These bus routes are:

Bus Route 9 City Point to Copley. Service Increase from 30 minutes to every 15 minutes.

Bus Route 11 Bay View to Downtown. Service Increase from 20 minutes to 15 minutes.

Bus Route 39 Forest Hills to Downtown. Service Increase 6 minutes to 5 minutes.

Bus Route 49 Dudley to Downtown. Service Increase 13 minutes to 10 minutes.

Bus Route 70 Waltham to Central Square Cambridge. Service Increase

30 minutes to 15 minutes.

Bus Route 92 Assembly Square to Downtown. New Service every minutes.

Bus Route 93 Sullivan to Haymarket via Bunker Hill. Service Increase minutes to 20 minutes.

Bus Route 304 Watertown to Downtown. New Service every 60 minutes

In addition, four-car trains will place all two-car trains on the Red, Orange and Blue Lines, and extra street cars will be used as needed along Green Line between Kenmore and North Station each Sunday.

On the Commuter Rail, all Souths lines (which do not have regular Sunday service) will operate Sundays between South Station and Needham Heights Franklin, Stoughton, Attleboro and Framingham. The Framingham line also have new Saturday service between November 27 and December

The Authority will also assign extra station and police personnel at key locations throughout the Holiday season. MBTA Police patrols will be increased by 60 percent on weekdays and by percent on Sundays until Christmas

For more information on the extra Holiday service, or on other routes, schedules, please call the MBTA's telephone Information center at 732-3200.

### BOSTON HARBOR EDUCATORS CONFERENCE DECEMBER 3

The Massachusetts Water Resources Authority will co-sponsor the Second Annual Boston Harbor Educators Conference on December 3. The program is designed to promote environmental education in elementary and secondary schools. Through innovative workshops and exhibits, participants will gain information and tools to effectively teach children about the environment. Reservations are still available. Those who are interested are encouraged to register by November 28.

Paul F. Levy, executive director of the MWRA, asserts that the need to teach students about water pollution, reduction of toxics, and water conservation has never been more important. "We must all work together to protect our precious water resources and support environmental education in Massachusetts. These activities require an aware adult population; and adult

## FIRE DEPARTMENT ORDERS

November 10.

General Order No. 59

### I. FIRE FIGHTER (SPECIAL HAZARDS INSPECTOR) THOMAS J. BURKE FIRE PREVENTION DIVISION

It is with deep regret that the Fire Commissioner announces the death on November 1, 1988, of Fire Fighter (Special Hazards Inspector) Thomas J. Burke, Fire Prevention Division. Fire Fighter (Special Hazards Inspector) Burke was appointed to the department August 22, 1973.

The funeral was held from the William F. Spencer and Son Funeral Home, 575 East Broadway, South Boston, at 0800 hours, Friday, November 4, 1988, and followed by a Funeral Mass in St. Bridgid's Church, 845 East Broadway, South Boston, at 0900 hours.

The Fire Commissioner made the customary detail to act as funeral escort and members from Fire Prevention, Headquarters, Training, Maintenance and Research Divisions and the Rifle Honor Guard were excused to attend the services.

### II. PROMOTION TO DISTRICT FIRE CHIEF

The following-named member has been promoted to District Fire Chief and transferred to Headquarters, effective 0800 hours, November 8, 1988:

Fire Captain Paul R. Moore, Engine Company 24.

### III. PROMOTION TO FIRE CAPTAIN

The following-named member has been promoted to Fire Captain and transferred to Headquarters, effective 0800 hours, Tuesday, November 8, 1988

Fire Lieutenant Robert Dunderdale, Ladder Company 10.

### IV. PROMOTIONS TO FIRE LIEUTENANT

The following-named members have been promoted to Fire Lieutenant and transferred to Headquarters, effective 0800 hours, Tuesday, November 8, 1988:

Fire Fighter Paul E. Gover, Engine Company 10.  
Fire Fighter Richard L. Powers, Rescue Company 1.

### V. TRANSFER

The transfer of the following-named member became effective 0800 hours, October 17, 1988:

Fire Fighter Thomas W. Matthews, Pers./Medical, to Fire Prev. Division.

### VI. FIRE ALARM BOX INSTALLED

The following-numbered fire alarm box has been installed. Company commanders shall add it to their circuit list.

Box 14-1523 — Circuit 78.

### VII. CHANGE IN DESIGNATION OF FIRE ALARM BOX

Company commanders shall change the designation of the following-numbered fire alarm box to read as follows:

33-1824 — MBTA J. K. K./U Mass Station, 893 Columbia Rd.

### VIII. FIRE ALARM BOXES ESTABLISHED

The following-numbered fire alarm boxes will be established, effective 0800 hours, November 12, 1988, and will be installed in the near future. Company commanders shall insert the running cards issued with this order in their proper sequence.

13-2335 — Museum of Fine Arts, Parking Garage, 20 Museum Rd.

16-5371 — Flynn Complex, Rear 200 St. Thomas More Dr.

## IX. SUSPENSION

The Hearing Officers' decision on March 15, 1988, placed Fire Fighter Fred Hunt, Ladder Company 10, on suspension, without pay, for three months, with two months served and one month held in abeyance, pending a satisfactory one-year probationary period.

Given the fact that he is on probation and has violated the Rules and Regulations of the Boston Fire Department because of an infraction on October 17, 1988, the four weeks held in abeyance has been imposed, commencing at 0800 hours, October 31, 1988, and continuing to 0800 hours, November 28, 1988.

## X. COMMENDATIONS

On October 24, 1988, at approximately 11:30 a.m., the Randolph Police and Fire Departments were dispatched to a medical emergency — a reported heart attack at the Lantana function complex. Upon their arrival, Fire Fighter Kevin M. McCarthy of Ladder Company 4, while off duty, was observed performing CPR on an elderly male person in an extremely confined area in the rear of a bus. He continued CPR on the victim with a member of the Randolph Police Department until removal by the Fire Department ambulance.

The Fire Commissioner is pleased to commend Fire Fighter Kevin M. McCarthy for his professional action while operating under difficult conditions and makes this commendation a part of this personnel folder.

At 1417 hours, October 31, 1988, members of the department from District 4, Ladder 17, were dispatched to an incident that was reported by the Arson Investigation Unit. Rescue Company 1 and H-2 were later brought to the scene.

A Boston Police Department horse had become trapped when it fell into a hole in a sidewalk over an abandoned underground garage opposite No. 7 Warren Avenue.

The extrication required two hours, utilizing various forms of ingenuity, in order to remove the animal without additional injury.

The successful completion of this unusual task is a credit to the department and to all members who participated at the scene.

The department personnel at the incident are commended for their humane actions and a copy of this order will be placed in their personnel files.

District Fire Chief Robert W. Winston, District 4; Fire Captain Brian C. O'Donnell, Ladder Company 17; Fire Fighters Robert E. Martin, William J. Mitchell, Thomas W. Russell, Paul C. Griffin, Ladder Company 17; Fire Fighter (Aide to District 4) Garrett M. Stapleton; Fire Lieutenant Martin J. Nee; Fire Fighters Joseph M. Hughes, Edward J. Kulik, Paul S. Arathuzik, Francis J. Tierney, Rescue Company 1, Fire Fighter John F. Kelly, Special Unit (H-2), Fire Lieutenant Roy E. Burrill, Inspector Jerry E. Smith, Jr., Arson Investigation Unit. On October 22, 1988, at approximately 2045 hours, Fire Fighter John J. Forristall of Engine Company 33 observed a man being pursued by several people along Dalton Street toward Engine Company 33's quarters while discarding a handbag as he fled.

Fire Fighter Forristall gave chase down Hereford Street and apprehended the person. He succeeded in bringing the person back to quarters where he was placed under arrest by the Boston Police. The contents of the handbag were found on his person.

("Requests for Proposals")  
("Requests for Qualifications")**

## The Mayor has approved the awarding of the contracts based on the following communications:

### ADMINISTRATIVE SERVICES DEPARTMENT

#### Personnel Management

#### Workshops, Coaching, etc.

Dear Mayor Flynn:

In response to advertisements placed in the *Boston Globe* and the *Boston Phoenix* and a direct outreach to eight area universities, the Office of Personnel Management has received resumes and letters of interest from twenty-six candidates to provide administrative and coordination support to the Management Development Program.

The Management Development Program aims at providing ongoing courses and workshops strengthening management skills and practice, coordinating existing and new resources, and providing ongoing coaching for city managers. The services needed are for the coordination of classes and teaching materials, the oversight of OECD grant expenditure, proposal writing for future grants, the editing of the teaching manual, the development of program support through work with the City Management Excellence Consortium, and general administrative, research and clerical support.

After reviewing the applications, seven potential contractors were called in for interviews. Of those, four were asked to demonstrate their services by coming to work with the program for a short period. Of those, Ms. Rachel F. Garshick of Brighton, was chosen as the most qualified contractor to perform the administrative, clerical, and coordinative services required at a reasonable cost.

Ms. Garshick has administrative, secretarial, writing, and budget management experience. Her undergraduate degree in American labor history, combined with her work experience gives her a unique combination of administrative, coordinative, clerical, and writing skills, all of which are required by the Management Development Program at this time. She will offer qualitative input to the development of the program as well as administrative support.

Ms. Garshick will be employed at a rate of \$100 a day, a cost that I deem reasonable for the services to be performed. The term of this contract shall be from October 15, 1988, through June 30, 1989. The total amount of this contract is not to exceed \$18,000. I request that the amount initially encumbered be \$8,000.

Therefore, in view of the advertising process already undertaken and Ms. Garshick's professional ability to perform these services, I respectfully request that your Honor approve this award without further advertising.

Sincerely,

Felix D. Arroyo,  
Director.

### HEALTH AND HOSPITALS DEPARTMENT

#### Health Care Workers Training

Dear Sir:

An invitation for bids to provide supervisory skill training for health care workers at the Department of Health and Hospitals was advertised in the City Record, on August 22, 1988, and bids were publicly opened and read on September 7, 1988. Five companies were solicited and the following bids were received:

First Boston Business Services, Dorchester \$1,200; E. Wallace Coyle, Norwell, \$6,750; G. & Associates, Inc., Boston, \$9,000.

The department is rejecting the low bidder, because First Boston Business Services did not meet the experience requirements listed in the bid specifications. The second lowest bidder, E. Wallace Coyle submitted a defective bid in that the Auditor's copy was not signed. Therefore pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to reject all bids and award contract, without further advertisement, to E. Wallace Coyle for the period September 19, 1988 through June 30, 1989, at a cost not to exceed \$6,750.

This contract is being processed late because the required documents were not submitted at time of the bid and were not received until October, 1988.

Very truly yours,  
Judith Kurland,  
Commissioner

### JOBS AND COMMUNITY SERVICES

#### Staff Development Training

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Ethiopian Family Center, Inc., a nonprofit corporation, located at 140 Clarendon Street, for the provision of services to Ethiopian newcomers.

Under the terms of the contract, the contractor will hire professional consultants to provide staff development training to senior staff to enable contractor to provide a broader range of services to Ethiopian newcomers to assist them in adjusting to life in America. Services will include training in areas of staff selection, proposal preparation, financial management and accountability, long-term planning and resource management. In addition, in-house support staff training will be provided. The contractor was selected based upon evaluation of its proposal submitted in response to a publicly advertised Request for Proposals conducted by the Mayor's Office of Jobs and Community Services and advertised in the *Boston Globe* on January 5, 1988. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. Other selection criteria include administrative capability, ability to target appropriate population, and a review of the contractor's performance during the prior contract period.

Compensation under the terms of this contract shall not exceed \$20,000, payment being provided by the Executive Office of Communities and Development through the Gateway Cities Program. The period of performance shall be from September 1988, until June 30, 1989. This contractor has a contract with this agency for this program for previous fiscal year/88 at a funding amount of \$26,000. The submission of this letter has been delayed due to the length of time involved in the final review process.

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director

## Apprenticeship Training

Mayor Flynn:  
I respectfully request your Honor's permission to award a contract to the Women in the Building Fund, Inc., a nonprofit corporation, with offices located at c/o Roxbury Community College, Roxbury, for the provision of vocational skills training. Under the terms of the contract, the contractor will provide apprenticeship training in the building trades for approximately 100 economically disadvantaged women in Boston. In addition, counseling and support services will be provided.

The contractor was selected by the United States Department of Labor based upon an evaluation of its proposal submitted in response to a Request for Proposals conducted by DOL nationwide. The selection of this contractor represents a collaboration between the City of Boston and the contractor, facilitating the entry of women into non-traditional occupations.

Compensation under the terms of this contract shall not exceed \$98,700, payment being made in installments provided to the City of Boston through the period of performance shall be from August 1, 1988, until June 30, 1989. The submission of this letter has been delayed due to the late notification of funding availability from the DOL.

This is a negotiated contract at a reasonable price based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP. I believe that further public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

## Educational and Counseling Services

Mayor Flynn:  
I respectfully request your Honor's permission to award a contract to Oficina Hispana, a nonprofit organization, located at 125 Amory Street, Roxbury, for the purpose of providing educational and counseling services to Hispanic newcomers.

Under the terms of the contract, the contractor shall provide English as a Second Language basic instruction for approximately thirty Hispanic newcomers. In addition, counseling and job placement services will be provided. The contractor was selected based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals conducted by the Mayor's Office of Jobs and Community Services and advertised in the *Boston Globe* on January 10, 1988. The selection was determined to be reasonable after an analysis by the JCS staff and outside reader. Other selection criteria include administrative capability, ability to target the appropriate population, and a review of the contractor's performance under the prior contract period.

Compensation under the terms of this contract shall not exceed \$32,000, payment being provided in installments through the Gateway Cities Program. The period of performance shall be from October 1, 1988, until June 30, 1989. This contractor has had no contact with this agency for training services for the previous fiscal year 88 at the funding amount of \$50. The submission of this letter has been delayed due to the length of time involved in the fund-review process.

This is a negotiated contract at a reasonable price based upon an extensive review of proposals submitted in response to a competitive, publicly

advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

## CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

### PUBLIC FACILITIES DEPARTMENT

#### Window Replacements

For window replacements at Dearborn, Mather, and Lewenberg Schools awarded to Graham Architectural Products, not to exceed \$1,345,000.

### SCHOOL DEPARTMENT

#### Repairs, Replacement Microcomputer Parts

Dear Mr. Mayor:

In response to an advertisement published in the *City Record* on Monday, June 13, 1988, to provide repair, replacement and new parts for Microcomputers (large equipment base) the following bids were publicly opened and read on Thursday, July 7, 1988:

Orchard Computer, Inc., Plymouth, \$60,000; enclosure \$20,000.

Stat Micro Service, Springfield, see separate letter.

Unicom/Div of United Camera, Dedham, not low bidder meeting specs.

SMS Computer Company, Andover, not low bidder meeting specs.

Technology Distributors, Inc., Stoughton, not low bidder meeting specs.

Computer Servnet/P.C. Care Center, New Hampshire, not low bidder meeting specs.

The proposal submitted by Orchard Computer, Inc., the low bidder, has been found to be legally defective because both proposals were not signed.

However, inasmuch as Orchard Computer is an otherwise responsible and qualified bidder, and inasmuch as Orchard Computer submitted the low bid which I have determined to be reasonable, your permission is requested to award this contract without further advertising to Orchard Computer, 178 Samoset Street, Plymouth, for the period September 26, 1988, through June 30, 1989, at a cost not to exceed \$60,000.

The reason for late submission of this contract is due to the time involved in obtaining proper signatures in order to process the contract.

Very truly yours,

Leo J. Burke,  
Business Manager.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

ASSESSING DEPARTMENT  
Assessing Techniques Training

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the International Association of Assessing Officers (IAAO), Chicago, for professional services to the Assessing Department.

The Assessing Department is in the process of professionalizing its evaluation unit by ongoing education of its staff, specifically for professional assessor designation CAE (Certified Assessing Evaluator.) Also, this training is part of the career growth plan for the department's assessors.

Under the terms of the contract, the contractor will conduct IAAO course Contemporary Capitalization Methods and Techniques and IAAO Course 302, Mass Appraisal of Income-Producing Property, which is a series of classes designed to advance the assessing skills of the department's assessors.

The IAAO is a nonprofit educational membership organization dedicated to improving the understanding of important property tax issues. The IAAO is acknowledged as the foremost organization in its field. IAAO courses are designed to develop skills in mass and fee appraisal and in assessment administration, the three critical components of an assessors education.

Compensation under this contract shall not exceed \$10,000, which I have determined to be reasonable for the services to be provided. The first course is \$100 for each of thirty-five students and the second course is \$145 for each of thirty-five students. Textbooks, other course material and testing fees shall be included in the contract price.

The term of this contract shall be from November 10, 1988, through June 30, 1989.

Because of the professional and technical nature of the services to be provided and the recognized expertise of the contractor, I believe that public advertising would serve no useful purpose.

Sincerely,

Thaddeus J. Jankowski, Jr.,  
Commissioner.

Dear Mr. Mayor,

I respectfully request your permission to dispense with public advertising and to award a contract to Stephen B. Gasperoni, Beverly, for professional training services to the Assessing Department.

The Assessing Department is in the process of professionalizing its evaluation unit by ongoing education of its staff, specifically for professional assessor designation CAE (Certified Assessment Evaluator.) Also, this training is part of the career growth plan for the department's assessors.

Under the terms of the contract, the contractor shall teach the International Association of Assessing Officers (IAAO) Course, Contemporary Capitalization Methods and Techniques and Course 302, Mass Appraisal of Income-Producing Property.

Mr. Gasperoni is recognized in his field for his expertise. He is a senior real property appraiser, faculty member at North Shore Community College, and a certified instructor from the International Association of Assessing Officers. He has years of experience in the practice of investment real estate within the jurisdiction of Massachusetts.

Compensation under this contract shall not exceed \$7,600, which I have determined to be reasonable for the services to be performed. The contractor will be paid at the rate of \$400 per half-day session for a total of four sessions for the first course. The contractor will be paid at the rate of \$400 per session for a total of fifteen sessions for the second course.

The term of this contract shall be from November 10, 1988, through June 30, 1989.

Because of the professional and technical nature of the services to be provided and the expertise of the contractor, I believe that public advertising would serve no useful purpose.

Sincerely,  
Thaddeus J. Jankowski, Jr.,  
*Commissioner.*

#### FIRE DEPARTMENT Computer Hookup

Dear Mr. Mayor,

I respectfully request your premission to dispense with public advertising and to award a contract to Occupational Health Services, Inc., New York, to provide user line for the Hazmat Unit Computer to assist Boston's Hazmat Unit on treatment and prevention at Hazmat sites.

Under the terms of the contract, Occupational Health Services, Inc. will provide Boston Fire Department's Hazardous Material Unit with a computer hookup on a pay-as-you-call basis. The information provided by Occupational Health Services Inc. is most vital to this department.

Compensation under this contract shall not exceed \$5,000, which I have determined to be reasonable for worked performed.

The term of this contract shall be from November 1, 1988, through June 30, 1989. A similar contract for the same amount was authorized in fiscal year 1988.

Because of the professional nature of the services to be performed, I believe that public advertising will serve no useful purpose.

Respectfully,  
Leo D. Stapleton,  
*Commissioner/Chief.*

#### HEALTH AND HOSPITALS DEPARTMENT Community Health Centers

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to enter into a contract, and thereby make a grant to the following Community Health Center in the amount indicated for the period July 1, 1988, through June 30, 1989.

Grantee corporation, Carney Hospital; Neighborhood Health Center, Neponset Health Center, Dorchester; amount of grant; \$53,700.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to two conditions. First, that the city's contribution be matched by the particular grantee corporation by either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed on the program of primary health care service for which these funds shall be spent and their respective roles relative to the management of the program.

The Department of Health and Hospitals has had a contract with the Neponset Health Center to provide primary care services in Dorchester for seventeen years. The health center provides quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Neponset Health Center has been awarded unadvertised contracts for the

past three fiscal years in the following amounts: 1988 — \$53,700; 1987 — \$42,500; 1986 — \$35,000.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contract.

Very truly yours,  
Judith Kurland,  
*Commissioner.*

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Columbia Point Health Center, 300 Mt. Vernon Street, Dorchester, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$52,200.

Under this contract, medical services are provided for residents of the North Dorchester and South Boston Communities through the operation of a private, nonprofit medical care clinic. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services: adult medicine, pediatrics, and obstetrics/gynecology. Department of Health and Hospitals funded health centers play a major role in the delivery of ambulatory care throughout the city.

The Department of Health and Hospitals has had a contract with the Columbia Point Health Center to provide primary care services in North Dorchester and South Boston for two years. The health center provides high quality health services in a neighborhood that have almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Columbia Point Health Center has been awarded unadvertised contracts for the past two fiscal years in the following amounts: 1988 — \$52,200; 1987 — \$35,700.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contract.

Very truly yours,  
Judith Kurland,  
*Commissioner.*

#### Ventilators Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Clarence E. Smith, Arlington, for the period November 1, 1988, through October 31, 1989, at a cost not to exceed \$6,000.

Under this contract, Clarence E. Smith will provide maintenance service and repairs as needed to six Emerson ventilators.

An unadvertised contract was a award to Clarence

E. Smith in 1988 in the amount of \$8,750. Prior to this, an unadvertised contract was awarded in 1981. During the interval of 1981 to 1987 equipment was not in use. Due to the AIDS epidemic this equipment is in use again, which makes it necessary for the repairs.

Therefore, because Clarence E. Smith is the only vendor in the area that is qualified to provide these services, and because of the cost, in my opinion, is reasonable, no benefits would accrue to the city by publicly advertising for bids.

Very truly yours,  
Judith Kurland,  
*Commissioner.*

#### AIDS Services Program

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Health and Hospitals of the City of Boston, 725 Massachusetts Avenue, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$300,000.

This contract was first in place in 1987 in the amount of \$25,163 for a Haitian outreach work. There is a current need to expand the scope of the contract to accommodate the changing needs of professional services for the AIDS Services Program.

The purposes of the contract are to secure professional services of individuals (administrators, administrative assistants, consultants, evaluators, health educators, outreach workers) to manage and implement components of the city's AIDS Services Programs; and to defray the costs required by these individuals to implement these programs including salary, fringe benefits, overhead and when indicated practice insurance.

Therefore, because of the professional nature of the services to be provided, and because the cost, in my opinion, is reasonable, no benefit would accrue to the city by publicly advertising for bids.

Very truly yours,  
Judith Kurland,  
*Commissioner.*

#### JOBS AND COMMUNITY SERVICES

##### Training Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Adapt, Inc., a nonprofit corporation, located at 434 Warren Street, Roxbury, for the provision of training services. Under the terms of the contract, the contractor will provide pre-employment and clerical skills training for approximately eighty DPW/ET registered participants. In addition, counseling and support services will be provided.

The Mayor's Office of Jobs and Community Services was asked by the Commonwealth of Massachusetts, Department of Employment Training to administer this contract, funds provided from the state's Department of Family Welfare. Based upon an overall review of the contractor's performance during the prior contract period, the state has approved the continuation of the program at the recommended funding level. Compensation under the terms of this contract shall not exceed \$110,000, payment being made from the DPW. The period of performance shall be from August 1, 1988, until June 30,

Submission of this letter has been delayed due to the length of time involved in the funding review process. As this is a negotiated contract at a reasonable cost, mandated by the state agency responsible for funding this program, I believe that public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director

Dear Mayor Flynn:  
I respectfully request your Honor's permission to award a contract to the United South End Settlements, a nonprofit corporation, located at 566 Columbus Avenue, for the purpose of providing vocational training. Under the terms of the contract, the contractor will provide clerical skills training to approximately thirty-six DPW/ET registered participants. In addition, support services, counseling and job placement services will be provided. The Mayor's Office of Jobs and Community Services was asked by the Commonwealth of Massachusetts, Department of Employment and Training to administer this contract, funds being provided from the state's Department of Public Welfare. Based upon an overall review of the contractor's performance during the prior contract period, the state has approved the continuation of this program at the recommended funding level. Compensation under the terms of this contract shall not exceed \$134,681, payment being made from funds received from DPW. The period of performance shall be from August 1, 1988, until June 30, 1989. The submission of this letter has been delayed due to the length of time involved in the funding review process. As this is a negotiated contract at a reasonable cost, mandated by the state agency responsible for funding this program, I believe that public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director

Dear Mayor Flynn:  
I respectfully request your Honor's permission to award a contract to the Boston Carpenter's Summaring Corporation, a nonprofit corporation, located at 385 Rear Market Street, Brighton, for the purpose of providing vocational training. Under the terms of the contract, the contractor will provide pre-apprenticeship training in carpentry to approximately seventeen program participants for placement into the union's apprenticeship program. The contractor was selected upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include results of site monitoring visits conducted by staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population. Compensation under the terms of this contract shall not exceed \$67,405, payment being made from funds received under the Community Development Block Grant program. The period of performance shall be from October 1, 1988, until June 30, 1989. The contractor has had CDBG-funded contracts with this agency for this purpose for the past two fiscal years at a following funding amounts: FY 87 — \$186,638; FY 88 — \$118,950.

This request has been delayed due to the length of time involved in the funding review process. As this is a negotiated contract at a reasonable cost, mandated by the state agency responsible for funding this program, I believe that public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director.

Dear Mayor Flynn:  
I respectfully request your Honor's permission to award a contract to the Women's Technical Institute, a nonprofit corporation, located at 1255 Boylston Street, for the purpose of providing vocational training. Under the terms of the contract, the contractor will provide non-traditional, technical occupational training in the areas of drafting, electronics, and surveying for approximately seventeen DPW/ET registered participants. In addition, counseling and job placement services will be provided. The Mayor's Office of Jobs and Community Services was asked by the Commonwealth of Massachusetts, Department of Employment and Training to administer this contract, funds being provided from the state's Department of Public Welfare. Based upon an overall review of the contractor's performance during the prior contract period, the state has approved the continuation of this program at the recommended funding level. Compensation under the terms of this contract shall not exceed \$74,800, payment being made from funds received from DPW. The period of performance shall be from September 1, 1988, until June 30, 1989. The submission of this letter has been delayed due to the length of time involved in the funding review process. funding this program, I believe that public advertising would serve no useful purpose.  
Sincerely,  
Neil H. Gordon,  
Associate Director.

LAW DEPARTMENT  
Expert Witness

Dear Mr. Mayor:  
I respectfully request your permission to dispense with public advertising and to award a contract to Robert H. Fosen, Ph.D., 11064 Powder Horn Drive, Maryland, to serve as an expert witness in the trial of Patricia Schenck, Administratrix vs. City of Boston, et al, Federal Court, Civil Action Number 84-607-T.

Under the terms of the contract, the contractor shall testify and rebut the plaintiff's allegations that certain police officers and the City of Boston were negligent or that they violated the civil rights of Philip Schenck who committed suicide within a police lockup.

The contractor is uniquely qualified to do this work because he is a former executive director of the Commission on Accreditation for Corrections and is a co-author of the 3,400 accepted standards for correctional facilities and is a retired professor in criminal justice as well as a psychologist.

Compensation under this contract shall not exceed \$5,000 at the rate of \$100 per hour, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be from October 26, 1988, to June 30, 1989.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,  
Joseph I. Mulligan,  
Corporation Counsel.

PARKS AND RECREATION DEPARTMENT  
Engineering and Field Services

Dear Mr. Mayor:  
I respectfully request your Honor's permission to dispense with public advertising and award a contract to Lawrence D. Lavin, West Newton, for providing professional electrical engineering and field services to the Parks and Recreation Department.

Under the terms of the contract, Mr. Lavin will monitor electrical service contracts and review plans and specifications relating to electrical work in the parks. He will also supervise the installation and removal of festival lighting on the Boston Common to ensure that the lights are in place and ready for the lighting ceremony which takes place during the first week of December. Mr. Lavin has assisted with the festival lighting during his seventeen years of service with the Parks and Recreation Department. He will also be responsible for trouble shooting electrical problems in the field and making corrections whenever possible, coordinating with other utilities and departments on electrical matters and performing other related jobs.

Mr. Lavin was selected based on his extensive background in electrical power and floodlighting systems, his knowledge of the City of Boston park system and his past working relationship with other departments and utility companies. He is an electrical engineer, who is also licensed as a master electrician.

Compensation under the terms of this contract shall not exceed \$10,000. The services will be provided on an as-needed basis at an hourly rate of

\$20 which includes use of vehicle, and minor tools and instruments. The period of performance shall be from October 28, 1988, to June 30, 1989. Payment for these services will be made from appropriation code 011-300-0301-0290-PK05. Mr. Lavin has not had a contract with the Parks and Recreation Department during any of the previous three fiscal years.

As this is a negotiated contract for professional services at a reasonable cost, based upon a careful examination of Mr. Lavin's professional qualifications, expertise, previous experience, and the fact that he is available to start immediately, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
William J. Coughlin,  
*Commissioner.*

#### Franklin Park Maintenance

Dear Mr. Mayor:

I respectfully request your Honor's permission to award a contract to the Southwest Corridor Community Farm, 46 Chestnut Avenue, Jamaica Plain. Under the terms of the contract, the contractor will assist the Parks and Recreation Department by providing maintenance services at Franklin Park. These services will include mowing, raking, trimming and general cleanup of areas selected within Franklin Park by the Parks and Recreation Department's Maintenance Division.

During Fiscal Year 1985, a contract with the Southwest Corridor was approved at a cost not to exceed \$20,000. Under the terms of the contract, the Southwest Corridor was responsible for the removal of fallen trees, limbs and branches on an emergency basis resulting from Hurricane Gloria.

The Southwest Corridor has also been awarded three separate publicly advertised contracts during Fiscal Year 1987. Under the terms of these contracts totaling \$36,675, the Southwest Corridor Farm provided maintenance and planting improvements relative to a city-wide beautification program.

Under the terms of the contract, the Southwest Corridor Farm will rake leaves during the months of October and November in designated areas which will then be removed by the Park Department's Maintenance Division. The work shall also consist of mowing and trimming of grass, removal of debris and brush and general cleanup during the fall and spring months.

Compensation under the terms of this contract shall not exceed \$20,000, a cost which has been deemed reasonable. Equipment rental and laborer services will be charged at an hourly rate. Payment for these services will be made from appropriation code 011-300-0301-0290-PK06 by the Parks and Recreation Department. The period of performance will be from October 15, 1988, through June 30, 1989.

The Southwest Corridor Community Farm is a nonprofit organization, founded in June, 1977, which is located in the Jamaica Plain section of Boston. The Southwest Corridor Community Farm's purpose is to improve the quality of life in Boston neighborhoods by promoting the equitable and creative use of human, natural and economic resources. Because the Southwest Corridor Community Farm possesses the expertise in landscaped construction and maintenance services needed to assist the Parks and Recreation Department, I therefore request permission to dispense

with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
William B. Coughlin,  
*Commissioner.*

#### POLICE DEPARTMENT

##### Intelligence Gathering System

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Anacapa Sciences, Inc., Santa Barbara, California.

Under the terms of the contract, Anacapa Sciences, Inc. will conduct an intelligence training course for nine sworn members of the Boston Police Department. The methods and techniques presented by Anacapa Sciences, Inc. are extremely beneficial to the Boston Police Department in the furtherance of a sound investigative strategy and will aid, in particular, the Bureau of Investigative Services' Intelligence Unit in the practices and applications of intelligence gathering, analyzing, projecting and reporting.

As the Police Departments' entire intelligence analytical or gathering system is based on the Anacapa Method, they are the sole provider for training. Anacapa Sciences, Inc. is an internationally recognized authority within the law enforcement community. Their system of intelligence analysis is used by the Federal Bureau of Investigations, Drug Enforcement Administration and Bureau of Alcohol, Tobacco and Firearms. Because of our close collaboration with these agencies, it is imperative that Boston Police Department maintain the same investigative reporting methods and techniques.

Compensation under this contract shall not exceed \$5,688, which I have determined to be reasonable for the work to be performed. The term of the contract shall be May 9, 1988, through May 20, 1988. This funding will be charged against appropriation 011-211-0211-PD04-0290 with an initial encumbrance of \$5,688.

Anacapa Sciences, Inc. has contracted with the Police Department for the previous two Fiscal Years (in FY '87 for \$22,000, and FY '86 for \$5,560).

Because Anacapa Sciences, Inc. is the sole provider for training in the intelligence reporting methods used by the Police Department, I believe that public advertising would serve no useful purpose.

This request has been delayed due to contract police negotiations with Anacapa Sciences. Due to the internal reorganization of sworn personnel, the department found it necessary to train more sworn members than originally anticipated. The negotiations caused the vendor not to return the completed contract documents until September 1, 1988, which led to this late submission.

Respectfully,  
Francis M. Roache,  
*Police Commissioner.*

##### Video Equipment Rental

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Eastern Video Systems, Inc., a corporation, located at Billerica, for the rental of video equipment and technician operators for the Police Department Sergeant's Promotional Examination.

Under the terms of the contract, Eastern Video Systems, Inc. will provide all necessary video services to the Boston Police Department's Personnel

Division to conduct the video component of the Sergeant's Promotional Division to conduct the video component of the Sergeant's Promotional Examination. Included in this service will be the rental of 8 VCRs, 45 monitors, 174 audio recorders, 8 video cameras, 24 microphones, 6 remote controls and 8 audio mixers. Additionally this contract will allow for the purchase of 598 audio cassette tapes, 20 video cassettes and labor costs for trained technicians.

Eastern Video Systems, Inc. is especially qualified to provide this service as they are a distributor of considerable size and could, therefore, handle an equipment rental request of this magnitude within the time constraints and upon short notice. Further, Eastern Video Systems, Inc. employs staff of trained technicians who work cooperatively with their clients in special situations such as those who perform their task both effectively and professionally.

Compensation under this contract shall not exceed \$10,082.92, which I have determined to be reasonable for the work to be performed. The term of the contract shall be August 26, 1987, through September 28, 1987. This funding will be charged against appropriation 011-211-0211-PD03-04 with an initial encumbrance of \$10,082.92.

Eastern Video Systems, Inc. performed similar services for the Police Department's Lieutenant Examination in FY 1988 for \$5,373.

Because Eastern Video Systems, Inc. is specially qualified to do this work for a reasonable price, I believe that public advertising would serve no useful purpose.

Belated receipt of vendor documents led to this late submission.

Respectfully,  
Francis M. Roache,  
*Police Commissioner.*

##### Homicide Investigation Seminar

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the University of Delaware, a corporation, located at Delaware, to conduct a homicide investigation seminar for investigative personnel of the Boston Police Department.

Under the terms of the contract, the University of Delaware will administer a three-day seminar entitled "Practical Homicide." The course will cover over fifty participants and will be instructed by Vernon Geberth, who is a nationally recognized consultant in the homicide investigation field. The course will cover advanced investigative techniques and skills used in homicide investigations. Upon conclusion of the three-day course, each participant shall be awarded a certificate of completion.

Compensation under this contract shall not exceed \$6,200, which I have determined to be reasonable for the services to be performed. The term of this contract shall be October 13, 1987, through October 15, 1987. This funding will be charged against appropriation 011-211-0211-PD04-C with an initial encumbrance of \$6,200.

Due to the professional nature of this service submitted that public advertising would serve no useful purpose.

Belated receipt of vendor documents caused this late submission. The vendor was mailed contract documents on four separate occasions; September 17, 1987, March 21, 1988, April 27, 1988 and August 2, 1988. After each mailing the vendor acknowledged receipt of the documents, how-

Completed package was not received by the department until September 9, 1988.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

**SCHOOL DEPARTMENT  
Workshop**

Dear Mr. Mayor:  
As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to CareerTrack On-Site Seminars, a corporation located in Colorado.

This contract shall be in effect during the period October 26, 1988, to November 1, 1988, and shall cost at a cost not to exceed \$2,700, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will provide all workbooks, overheads, and other materials which comprise a package workshop titled "Power Communications Shell for Teachers" and will provide a trained presenter/facilitator to conduct the workshop for up to 150 teachers at Professional Development Day being held on October 26, 1988.

The expected cost for these services is as follows: Materials for 150 participants, \$1,950; presenters fee/per diem, \$150; travel expenses, \$600. CareerTrack Seminars is the only vendor in the country providing this highly specialized course. Teachers were surveyed to determine their interest, a committee of teachers and principals selected this package from among several options as one that best meets their needs for professional development.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for

this is the first contractual agreement between Boston Public Schools and CareerTrack On-Site Seminars.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

**CONTRACTS AMENDED**

The Mayor has approved the amendment of contracts, based on the following information:

**HEALTH AND HOSPITALS DEPARTMENT  
Uniform Clothing**

Dear Sir:  
Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Workware Uniform Sales, Inc., Lawrence, to provide uniform clothing, to the Department of Health and Hospitals, for the period July 1, 1988, through June 30, 1988, at a cost not to exceed \$7,178.

This amendment will increase the amount of the contract by \$10,000, thereby increasing the city's liability under this contract to an amount not to exceed \$17,178.

The contract was awarded to Workware Uniform Sales, Inc., as the lowest acceptable bidder to provide dresses and pantsuits for female medical personnel located at Long Island and Mattapan Hospitals. It is now apparent that the volumes reflected in the bid are not sufficient to meet their requirements.

In view of the above and because the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Judith Kurland,  
Commissioner

**Computer System**

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with McDonnell Douglas Automation Company, Dedham, for the period July 1, 1985, through June 30, 1988, at a cost not to exceed \$3,925,468.

This amendment will increase the contract sum by \$100,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$4,025,468.

The original contract amount was based on an expected savings on the cost of payroll/personnel reports. It was expected that toward the end of the contract period the reports would be produced by an in-house computer system. Because of a delay in the implementation of this computer system the cost for the generation of these reports was underestimated.

In view of the above, and because the costs, in my opinion, is reasonable, I recommend approval of this amendment.

These expenses were incurred in the last quarter of the fiscal year. The contract office gave priority over amendments to 1989 contracts, therefore, this letter of award is being submitted late.

Very truly yours,  
Judith Kurland,  
Commissioner.

**PARKS AND RECREATION DEPARTMENT  
Dumpsters**

Dear Mr. Mayor:

On June 24, 1988, your Honor approved an award of a contract based on public advertising for bids, to Laidlaw Waste Systems, Charlestown, for furnishing dumpsters and dumping of same during the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$50,000.

The above contract is for an "as-needed" basis. Because of the limitations of the budget allowed, and because the demand for the contracted services has been much higher than anticipated, the money and necessary pick-ups are made. Therefore, your approval is requested to amend this contract to provide funds for needed disposal services. Payment for work performed will be at the original contract unit prices.

The cost of this amendment which is effective on October 21, 1988, shall not exceed \$25,000, a sum which I have determined to be reasonable. The contract as amended shall not exceed \$75,000. All other terms and conditions of the original contract shall remain the same.

The amount of trash generated has increased beyond our expectations, and because the contractor has performed satisfactorily, it is my judgment that the amendment proposed is in the best interest of the city, and that public advertising would serve no useful purpose.

Very truly yours,  
William B. Coughlin,  
Commissioner.

**POLICE DEPARTMENT  
Washing of Vehicles**

Dear Mayor Flynn:

On November 13, 1987, your Honor approved the award of a contract, following public advertising for bids, to Boston Car Wash Corporation, located at 25 West Howell Street, Dorchester, for interior cleaning and exterior washing of Police Department vehicles during the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$25,000.

Your approval is requested to amend this contract to provide for additional car washes not projected in the original contract price estimate of \$25,000. These additional services were necessary because the department did not receive its own mobile washer in FY '88 as anticipated. Further, the car washing contract for Area D was terminated in May leaving their services to be rendered by vendors in other areas.

The cost of this amendment, which is effective on March 1, 1988, shall not exceed \$10,000 which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$35,000. This funding will be charged against appropriation 011-211-0211-PD02-0270 with an initial encumbrance of \$10,000. The period of this contract shall remain the same.

Due to the fact that this contract was awarded for an estimated annual amount following requests for bids, I believe further public advertising would serve no useful purpose.

Belated receipt of vendor documents led to this late submission.

Respectfully,  
Francis M. Roache,  
Police Commissioner

Dear Mayor Flynn:

On November 13, 1987, your Honor approved the award of a contract, following public advertising for bids, to Scrub A Dub Auto Wash of Boston, located at 239 Stuart Street, for exterior washing and interior cleaning of Police Department vehicles during the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$5,000.

Your approval is requested to amend this contract to provide for additional car washes not projected in the original contract price estimate of \$5,000. These additional services were necessary because the department did not receive our own mobile washer in FY '88 as anticipated. Further, the car wash contract for Area D was terminated in May leaving their services to be rendered by vendors in other areas.

The cost of this amendment, which is effective on December 1, 1987, shall not exceed \$4,300, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$9,300. This funding will be charged against appropriation 011-211-0211-PD02-0270 with an initial encumbrance of \$4,300. The period of this contract shall remain the same.

Due to the fact that this contract was awarded for an estimated annual amount following requests for bids, I believe further public advertising would serve no useful purpose.

Belated receipt of vendor documents led to this late submission.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

**Catering Services**

Dear Mayor Flynn:

On September 3, 1987, following public advertising for bids, your Honor approved the award of a contract to Famolare's Enterprises, Inc., located at

301 E Street, South Boston, catering services during the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$10,000.

Your approval is requested to amend this contract to provide for catering services of additional events and ceremonies sponsored by the Police Department which were not anticipated in the projected contract price of \$10,000. Aside from the usual events sponsored by the Police Department every year, many events of a special nature were held during FY '88. Among these are: the opening of the department's Fleet Management Facility at 400 Frontage Road, the swearing in reception for the Police Recruits, the Lieutenant's Appointment ceremony and the Lieutenant's Promotional Appointment coffee hour.

The cost of this amendment, which is effective on February 22, 1988, shall not exceed \$7,000, which I have determined to be reasonable. The total cost of this cost of this contract, as amended, shall not exceed \$17,000. This funding will be charged against appropriation 011-211-0211-PD05-0320 with an initial encumbrance of \$7,000. The period of this contract shall remain the same.

Due to the fact that this contract was awarded for an estimated annual moment, following requests for bids, I believe further public advertising would serve no purpose.

Personnel vacancies with the department's fiscal division led to this late submission.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

#### Prisoners' Food Services

Dear Mayor Flynn:

On September 4, 1987, your Honor approved the award of a contract, following public advertising for bids, to: Victoria Restaurant, Inc., located at 1024 Massachusetts Avenue, for food services for prisoners held at Districts A, B, C, D, and E during the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$100,000.

Your approval is requested to amend this contract to provide for additional prisoners' meals not projected in the original contract price estimate of \$100,000. This amendment is necessary due to the increased number of arrests made during Fiscal Year 1988.

The cost of this amendment, which is effective on May 1, 1988, shall not exceed \$20,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$120,000. This funding will be charged against appropriation 011-211-0211-PD05-0320 with an initial encumbrance of \$20,000. The term of this contract shall remain the same.

Due to the fact that this contract was awarded for an estimated annual amount following requests for bids, I believe further public advertising would serve no useful purpose.

Belated receipt of vendor documents led to this late submission.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

#### Interrogation Seminar

Dear Mayor Flynn:

On June 8, 1988, your Honor approved the award of a contract, without public advertising for bids, to John E. Reid Associates, Inc., located at Chicago, for conducting a seminar entitled "The Reid Technique of Interviewing and Interrogation" during the period April 20, 1988, through April 22, 1988, at a cost not to exceed \$5,000.

Your approval is requested to amend this contract to provide for four additional sworn staff members to attend this seminar. The department had originally anticipated sending eleven members, however, due to recent promotions and the reorganization of the Department's Bureaus, fifteen members required this specialized training.

The cost of this amendment, which is effective on April 20, 1988, shall not exceed \$1,675, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$6,675. This funding will be charged against appropriation 011-211-0211-PD04-0290 with an initial encumbrance of \$1,675.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

#### PUBLIC FACILITIES DEPARTMENT South Boston Police Station Design

Dear Mayor Flynn:

Under delegation from the Public Facilities Commission to the director of the Public Facilities Department dated November 19, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract approved by your Honor on March 20, 1986, awarded to Leers, Weinzapfel Associates, Inc. with offices at 286 Summer Street, for the design of a new service Police Station in South Boston. The cost of this amendment shall not exceed \$30,000. The amended cost of this contract shall not exceed \$262,700. The amended term of this contract shall be extended to April 13, 1989.

Said amendment is necessary due to the increased scope of service required of the designer. Under the terms of the amended contract, Leers, Weinzapfel Associates, Inc. shall provide additional supplementary services including testing and inspection and additional construction supervision services.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose in this particular instance. The submission of this request has been delayed due to vendor issues with bonding company.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### Construction Loans

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on March 15, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and amend a contract approved by your Honor on December 28, 1987, to the Bank of New England, N. A., with offices at 28 State Street, for the purpose of providing construction loans for the Abandoned Housing Bank during the period October 1, 1987, to December 31, 1988, at a cost not to exceed \$200,000.

Your approval is requested to amend this contract to provide for continuation of same services. The reason for this amendment is because the performance of the Abandoned Housing Bank is exceeding our expectations. It has proven to be a very effective funding mechanism for converting tax foreclosed property into affordable housing. In

his first year (1987) it funded the renovation of nineteen buildings (forty-one units) and made loans in excess of \$1.75 million on projects worth \$2.7 million. Several factors contributed to this past high level of production and the bright prospect of an even better year in 1988.

Projects went through the process more quickly than expected; sufficient Massachusetts Housing Finance Agency funds have been available for projects as each was ready to go; buildings continued to come into city ownership at a fairly high price — something no one expected; construction started very quickly and progressed rapidly; funds have been drawn down at a very fast rate.

At the present time there are between fifteen and twenty buildings that are good candidates to be placed in the Abandoned Housing Bank. In order to keep the Abandoned Housing Bank in continuous operation until new contracts can be executed on January 1, 1989, additional subsidy funds need to be deposited into the banks presently participating in the program. These deposits will ensure that existing buildings can be renovated into affordable housing without delay. These amendments will allow us to complete our 1988 projects and make a smooth transition in 1989.

The cost of this amendment shall not exceed \$200,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$400,000. The period of performance shall remain the same.

Because of the professional nature of the services to be provided, and the qualifications of the contractor, I believe that public advertising would serve no useful purpose in this instance.

The submission of this request has been delayed due to the time required of the Bank of New England to return all necessary documents (10 months).

Sincerely,  
Lisa G. Chapnick,  
Director.

#### PUBLIC WORKS DEPARTMENT Replacement Structure Design

Dear Mr. Mayor:

On July 23, 1984, his Honor, the Mayor, approved the award of a contract, without public advertising for bids, to Green International Affiliate of the Schrafft Center, Charlestown, for design and replacement structure for the Cummins Highway Bridge over Penn. Central R.R. (Bridge No. B-106) in West Roxbury, SC6238(85), at a cost not to exceed \$99,000, and amended to \$105,700.

Your approval is requested to further amend the contract, to provide for additional costs that do not have been anticipated. It consists mainly of sign changes and calculation adjustments due to actions of the contractor and location changes of the utility companies. The cost of this amendment which is effective on September 1, 1988, shall not exceed \$5,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$110,700. This funding will be charged against appropriation 6W7-37050 with an initial encumbrance of \$5,000. The period of this contract shall be extended from December 31, 1988, to December 31, 1989.

Inasmuch as this work is directly related to an existing contract, I feel that public advertising would serve no useful purpose.

This letter is being submitted at this late date.

an extended period of time for the consultant  
complete the execution of the necessary docu-  
s.

Very truly yours,  
Joseph F. Casazza,  
*Commissioner.*

## SCHOOL DEPARTMENT

### Office Automation

Mr Mayor,  
I enclose a letter dated January 7, 1988, in  
which the School Department requested that a  
contract be awarded to Wang Laboratories,  
Inc., for the purchase of computer system  
hardware, software, training and maintenance  
(rental) for office automation in the amount not  
to exceed \$215,000. The period of the contract was  
from July 1, 1987, through June 30, 1988. This  
contract contains an option to renew for the Fiscal  
Year 1988-89 and Fiscal Year 1989-90 with the per-  
centage increases based upon previous year's

as much as we have advertised these services  
in the *City Record* on May 11, 1987, and we have  
included in the original contract the option to renew  
services based upon satisfactory performance.  
We request your permission to implement the  
option to renew for the period July 1, 1988, through  
June 30, 1989 (second-year option) and that the  
total cost not exceed \$150,000, which I have deter-  
mined to be reasonable.

The reason for late submission of this contract is  
due to the time involved in obtaining necessary  
approvals and signatures.

Very truly yours,  
Leo J. Burke,  
*Business Manager.*

**Proposal for Repairs to the North Washington  
Street Bridge over the Charles River**

The City of Boston, acting by its Commissioner, has sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal shall be submitted in duplicate and in accordance with the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., on and after Monday, November 28, 1988.

All proposals shall be filed no later than 2 p.m., on time, Thursday, December 15, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken

for the attention of all bidders is directed to the provisions of the contract documents and specifically the requirements for bid deposits, insurance and performance bonds as may be applicable.

Every proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid deposit, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 10 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provisions of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

In awarding the performance of this contract, the general contractor shall agree and shall require that subcontractors agree to the following requirements (labor).

**Minority Workforce:** The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

**Boston Resident Workforce:** The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

**Female Workforce:** The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of Chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS**

**I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 43 Hawkins Street, Boston, MA 02114, telephone number 723-1400, Ext. 277. IF A CONTRACTOR WISHES TO USE A MINORITY BUSINESS THAT IS NOT LISTED IN THE DIRECTORY, HE MUST CONTACT THE MINORITY BUSINESS OFFICE TO OBTAIN AN IDENTIFICATION STATEMENT, COMPLETE THE STATEMENT, AND SUBMIT THE STATEMENT WITH HIS BID. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on December 13, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

**ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.** The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Miscellaneous Repairs  
to Trees and Spraying Equipment.

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Miscellaneous Repairs to Trees and Spraying Equipment."

SCOPE OF WORK includes: Furnishing all labor, materials, and equipment necessary to make miscellaneous repairs to tree and spraying equipment. Estimated Cost, \$10,000.

Bids shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, December 15, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, November 28, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 0 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

If a contractor wishes to use a minority business that is not listed in the Directory, he/she should have that Minority Business contact the Minority Business office to obtain a Minority Business Certification Application. A completed Minority Business Certification Application (MB-CA) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening.

Copies of the Minority Business Certification Application are available at the City of Boston Jobs

and Community Services, Minority Business Office, 43 Hawkins Street, Boston, MA 02114. Ph. No. 723-1400 ext. 277.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Jobs and Community Services, Minority Business Division, 43 Hawkins Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, December 6, 1988, at 10 a.m., Boston time.

## AN SHARE FOOD DRIVE RECOGNIZES DONATIONS BY CITY EMPLOYEES

Ann Maguire, director of Boston's Emergency Shelter Commission, announced recently the successful completion of the fourth annual Boston Can Share food drive. The Can Share food drive, sponsored by the Mayor's Hunger Commission, is a voluntary program with the active participation of over 100 local companies to benefit the Boston Food Bank. The network of generators to fight hunger in Boston neighborhoods has collected over 100,000 pounds of foodstuffs for the shelves of the city's food pantries.

In a special ceremony at City Hall, Ms. Maguire recognized the generous contributions made by city employees as part of the drive. Topping the donations by all city departments was the Office of Budget and Program Evaluation with a combined total of 3,634 cans of food donated by the 42 departmental employees.

Recognized for their overwhelming singular generosity were the five staff members of the Mayor's Office of Arts and Humanities who collected and donated 120 cans each.

Altogether, city employees collected over 26,000 cans during the two-week food drive this year.

Grandparents, Head Start, Day Care, Center for Jobs, Education and Career Training, the Summer Youth Employment Program, a tuition-free, accredited Urban College Program administered in conjunction with area college and universities, Health Services, Community Services and others.

### ABCD'S HOUSING SERVICES PROGRAM PRESENTS A LEAD PAINT SYMPOSIUM

The public is invited to a day-long symposium on the prevention of lead poisoning and children sponsored by ABCD for Boston Community Development (ABCD) Housing Services Program. The symposium will be held on Thursday, December 9, from 9 a.m. to 4 p.m. in the Melnea Cass Room on the first floor of ABCD's Central Office at 178 Mount Street, Boston.

This day-long symposium will feature speakers Nancy Callanan, director of Housing Services, Quincy Community Development; Owen Mathieu, M.D., Esq.; Maryanne West, doctoral student in special education, Boston University; Paul Hunter, assistant director, Neighborhood Lead Poisoning Prevention Program; Lynn Jones, senior health instructor, Boston City Hospital, Office of Environmental Affairs; Peter Richard, director of policy, Executive Office of Communities and Development; Neil R. Esq., Boston; Edwin Shanahan, housing director, Rental Housing Assistance; and Francisco Villalobos, supervisor, Housing Unit, Massachusetts Commission Against Discrimination.

They will address the social, medical and public policy issues involved in the prevention of lead poisoning. The symposium is designed for social workers, housing services and search personnel, educators, health care providers, day care workers, and the general public.

There will be a \$5 fee for refreshments, and a \$10 fee for lunch.

ABCD's Housing Services is a state-funded program, which assists both rental property owners and tenants in an effort to prevent evictions and maintain affordable housing units, make referrals for financial and in-kind assistance, and perform landlord/tenant mediation. For more information, call Rachelle Linner at 357-6000 extension 538.

ABCD is the largest human services agency in New England and Boston's antipoverty agency, with funding from a variety of sources totalling over \$30 million annually. The agency is a private, non-profit corporation established in 1962, with the majority of board members elected from Boston's neighborhoods through the decentralized ABCD neighborhood network. ABCD programs include Fuel Assistance, Foster

**CONTRACTS AWARDED  
AFTER ADVERTISING  
("Requests for Proposals")  
("Requests for Qualifications")  
("Technically Deficient Bids")**

The Mayor has approved the awarding of the contracts based on the following communications:

**HEALTH AND HOSPITALS DEPARTMENT**

**Vacuum System, etc.**

Dear Sir:

An invitation for bids, Proposal No. 836, to furnish EZ Vacuum System (BCH) and X-Ray Unit (MATT) to the Department of Health and Hospitals was advertised in the *City Record* on August 15, 1988. Bids were publicly opened and read on September 5, 1988. Five companies were solicited and three companies responded to the invitation to bid. One company was awarded a contract as a result of the bid process.

A technically defective bid was received from the following vendor, who submitted the lowest acceptable bid meeting specifications at prices I consider to be reasonable, in that the vendor submitted a late bid with the Purchasing Department at Boston City Hospital and did not file a copy with the City Auditor.

Dental Supply Company of New England, 80 Fargo Street, Boston, \$5,841, Net 30 Days.

Therefore, because it is in the best interest of the City, pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to reject the bid for items to be supplied by the above vendor and award a contract, without further advertising, to this vendor. The contract amount is an approximate figure based on estimated volume. The contract period is from October 3, 1988 through April 2, 1989.

Very truly yours,  
Judith Kurland,  
Commissioner.

**PARKS AND RECREATION DEPARTMENT**

**Planting Materials**

Dear Mr. Mayor:

A contract was awarded on May 31, 1988, to the Urban Environmental Practices Program of Roxbury Community College for planting, clearing and vegetation management in designated areas throughout the Emerald Necklace Parks. The Department of Environmental Management has approved the utilization of funds granted through the Olmsted program for the creation of a Olmsted Capital Crew. The Olmsted Capital Crew will coordinate with a nursery who will be providing unique plantings that will be planted at the Riverway and Franklin Park. A specially compiled list of plants was designated by Frederick Law Olmsted over 100 years ago to recreate and restore the horticultural heritage of these unique plantings found within the Emerald Necklace.

An invitation for bids for providing plant materials to the Olmsted Capital Crew for this project was advertised in the *City Record* on August 22, 1988. No bids were received. A second invitation for bids was advertised in the *City Record* on September

19, 1988 and September 26, 1988. Bids were publicly opened and read on October 6, 1988. Six companies were solicited and three nurseries responded to the bid.

Technically defective bids were received from the following vendors, who submitted bids meeting specifications.

Bigelow Nurseries, P.O. Box 718, Northborough, Mass., \$6,745.

Weston Nurseries, P.O. Box 186, Hopkinton, Mass., \$2,660.

Sylvan Nurseries, 1028 Horseneck Rd., Westport, Mass., \$6,764.61.

The proposal submitted by Bigelow Nurseries was found to be legally defective because it was submitted as a quotation and not filed on City of Boston proposal form.

The proposal by Weston Nurseries was found to be legally defective because it was not complete and therefore not responsive to the request.

Sylvan Nurseries, 1028 Horseneck Rd., Westport, Mass., submitted a complete bid for \$6,764.61 which was received late. However, in as much as Sylvan Nurseries is an otherwise responsible and qualified bidder and in as much as Sylvan Nurseries submitted the only bid which I have determined to be reasonable, your permission is requested to reject all bids and award this contract without further advertising to Sylvan Nurseries to provide plant materials to the Parks and Recreation Department at a cost not to exceed \$6,764.61. The contract period is from November 14, 1988 through December 15, 1988 and will be charged to appropriation code 6S4-300-6690-0735.

Sincerely,  
William B. Coughlin,  
Commissioner.

with further public advertisement and award a contract to Alonzo B. Reed, Inc., a Massachusetts corporation, with offices at 12 Farnsworth Street Boston, MA 02210, providing design services for removal of all City-owned PCB transformers including locating and labeling the existing transformers. Scope of work will include working with the utility company and various city departments to identify, locate, test, and label existing transformers, develop a cost estimate, specifications and plans and provide construction supervision.

Compensation under this contract shall not exceed \$50,000, which is a negotiated fee based on rate and expense schedule of \$40 per hour for principals, which I have determined to be a reasonable cost for the work to be performed. The term of the contract shall be for 24 months from the date of execution.

Following the advertisement of this project in the *Boston Globe* on May 23, 1988, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The Committee evaluated 3 proposals submitted by the applicants and determined Alonzo B. Reed, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each Committee member's ranking of this firm and thus recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

Alonzo B. Reed, Inc., 12 Farnsworth Street Boston, 3.

Taskin Consulting Engineers, Inc., Park Place East, Suite 202, North Reading, MA 01864, 6.

Kaselaan & D'Angelo Assoc., Inc., 500 Victoria Road, Marina Bay, Quincy, MA 02171, 9.

I believe Alonzo B. Reed, Inc., is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on May 26, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Arrowstreet, Inc., a Massachusetts corporation with offices at 14 Arrow Street, Cambridge, MA 02138, providing design services for renovations of Codman Square Health Center. Scope of work will include preliminary drawings, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$92,920 (including \$38,700 for supplementary services) which is a fee of 13.55 percent based on an estimated cost of construction of \$1,200,000 which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 120 weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on November 30, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The Committee evaluated 12 proposals submitted by the applicants and determined Arrowstreet Inc. most

qualified and competent to complete said design work. The numerical matrix rating for a firm reflects a combined score of each Committee member's ranking of this firm and thus recommended firm is the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, is as follows:

Bergmeyer Assoc., Inc., 134 Beach Street, Boston, MA 02111, 14.

LEA Group, 75 Kneeland Street, Boston, MA 02111, 14.

I believe Arrowstreet Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### HEALTH AND HOSPITALS DEPARTMENT Defibrillators

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Physio Control, 5 Mile Lane, 71 Rowayton Avenue, Rowayton, CT 06853, from October 1, 1988, through June 30, 1989, at a cost not to exceed \$20,000.

Under this contract Physio Control will immediately deliver to the Ambulance Division at Boston City Hospital, 4 Lifepak 200 Automatic Advisory Defibrillators at a cost not to exceed \$18,810. The terms will be 90 percent, 30 days, 10 percent 10 days thereafter, and F.O.B. Redmond, Washington.

This equipment will be used in the ambulances and basic EMTs. The monitor/defibrillator is automatic. It instantly recognizes heart problems and institutes treatment. This is new technology and is only available from Physio Control.

Because of the above and because the cost, in my opinion, is reasonable no benefit would inure to the City by publicly advertising for bids.

This award is being processed late because we do not have all the necessary documents from the vendor in order to process the contract.

Very truly yours,

Judith Kurland,  
*Commissioner*

### Medical Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Roxbury Comprehensive Community Health Center, 435 Warren Street, Roxbury, 02119, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$90,500.

Under this contract medical services are provided for residents of the Greater Roxbury Community through the operation of a private, non-profit medical care clinic. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. The health center provides three basic primary care services: adult medicine, pediatrics, and obstetrics-gynecology. Department of health and hospitals funded health centers play a major role in the delivery of ambulatory care throughout the City.

The Department of Health and Hospitals has had a contract with the Roxbury Comprehensive Community Health Center to provide primary care services in Roxbury for four years. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods. Roxbury Comprehensive Community Health Center has been awarded unadvertised contracts for the past three fiscal years in the following amounts: 1988 — \$90,500; 1987 — \$77,500; 1986 — \$60,000.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the City is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contract.

Very truly yours,

Judith Kurland,  
*Commissioner.*

### LAW DEPARTMENT Legal Assistance

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Elizabeth-Ann Foley, an individual located at 31 Highview Street, Norwood, MA 02062.

Under the terms of this contract, Ms. Foley, a third-year law student at Suffolk University Law School, will provide services to the Law Department which will include assisting department attorneys involving negligence against the City of Boston, and defects in public ways; answering interrogatories and responding to other discovery requests; performing legal research; drafting legal pleadings, and providing assistance in trial preparation under attorney supervision.

Elizabeth-Ann Foley has extensive legislative experience including the research of laws, legislative proposals, and administrative regulations. She has excellent working knowledge of legal concepts and research techniques and has demonstrated the ability to simultaneously maintain multiple projects of varying degrees of difficulty.

Compensation under this contract shall not exceed \$10,000. Payment shall be made at the rate of \$8 per hour. I have determined this amount to be reasonable.

The term of this contract shall be from November 15, 1988, through June 30, 1989.

Because of the professional nature of the serv-

ices to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,  
*Corporation Counsel.*

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Harry Giacometti, an individual located at 289 Beacon Street, Boston, MA 02116.

Under the terms of this contract, Mr. Giacometti, a third-year law student at Boston University, will provide services to the Law Department which will include assisting department attorneys involving negligence against the City of Boston, and defects in public ways; answering interrogatories and responding to other discovery requests; performing legal research; drafting legal pleadings; and providing assistance in trial preparation under attorney supervision.

Harry Giacometti has done extensive civil and criminal research with the United States Justice Department. He has excellent working knowledge of legal concepts and research techniques and has demonstrated the ability to simultaneously maintain multiple projects of varying degrees of difficulty.

Compensation under this contract shall not exceed \$10,000. Payment shall be made at the rate of \$8 per hour. I have determined this amount to be reasonable.

The term of this contract shall be from November 15, 1988, through June 30, 1989.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,  
*Corporation Counsel.*

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to J. Daniel Lindley, an individual located at 115 Sewall Avenue, Brookline.

Under the terms of this contract, Mr. Lindley, a third-year law student at Suffolk University Law School, will provide services to the Law Department which will include assisting department attorneys involving negligence against the City of Boston, and defects in public ways; answering interrogatories and responding to other discovery requests; performing legal research; drafting legal pleadings; and providing assistance in trial preparation under attorney supervision.

J. Daniel Lindley has been a marketing professor for a number of years and has published materials with Random House Publishers. He has researched legal claims, defenses and causes of action as well as searched titles. He has excellent working knowledge of legal concepts and research techniques and has demonstrated the ability to simultaneously maintain multiple projects of varying degrees of difficulty.

Compensation under this contract shall not exceed \$10,000. Payment shall be made at the rate of \$8 per hour. I have determined this amount to be reasonable.

The term of this contract shall be from November 15, 1988, through June 30, 1989.

Because of the professional nature of the serv-

ices to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,  
Joseph I. Mulligan,  
Corporation Counsel.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Peter Rabinovitz, an individual located at 77 Draper Street, Dorchester, MA 02122.

Under the terms of this contract, Mr. Rabinovitz, a third-year law student at Suffolk University Law School, will provide services to the Law Department which will include assisting department attorneys involving negligence against the City of Boston, and defects in public ways; answering interrogatories and responding to other discovery requests; performing legal research; drafting legal pleadings, and providing assistance in trial preparation under attorney supervision.

Peter Rabinovitz has experience drafting complaints in the areas of employment and housing and is knowledgeable of all applicable laws and regulations. He has excellent working knowledge of legal concepts and research techniques and has demonstrated the ability to simultaneously maintain multiple projects of varying degrees of difficulty.

Compensation under this contract shall not exceed \$10,000. Payment shall be made at the rate of \$8 per hour. I have determined this amount to be reasonable.

The term of this contract shall be from November 15, 1988, through June 30, 1989.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,  
Joseph I. Mulligan,  
Corporation Counsel.

MAYOR'S OFFICE  
Support Services

Dear Mr. Mayor:

Permission is respectfully requested to award a contract to Carmen Kortright, 120 Glenville Avenue, Allston, MA 02134. The purpose of this contract is to provide the press office with office support services.

This contract will provide the press office with a support staffer to assist with various projects in the office. This contract is being charged to appropriation code 011-411-0411-PS01-0290, and shall not exceed \$5,250.70, to be paid at a rate of \$11.54 per hour, a rate that I have determined to be reasonable for the services to be performed. This contract will be for the period of October 19, 1988, through January 17, 1989.

Carmen is a 1986 graduate of the Boston University College of Communications. We feel that she would be an asset to our office.

Therefore, considering the nature of the services to be performed and Carmen's educational background, I respectfully request your permission to award this contract without public advertising. (FY 87 — \$0, FY 88 — \$0, FY 89 — \$5,250.70)

Sincerely,  
Arthur Jones,  
Press Secretary.

SCHOOL DEPARTMENT  
Music Instructional Services

Dear Mr. Mayor:

On behalf of the Boston public schools, I request

your authorization for the award of a contract to New England Conservatory of Music located at 290 Huntington Avenue, Boston, MA 02115. The contract shall be in effect during the period from November 15, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$25,030, which I have determined to be reasonable. On March 26, 1988, the School Committee approved all of the chapter 636 FY'89 proposals for the sum of \$6,022,377.

The contractor will provide the following services:

Instruction on brass instruments to approximately 45 students at the Philbrick Elementary School. These students will receive private and group instruction in general music theory and special coaching in the marching band. At Hyde Park High School the Conservatory will provide instrumental and vocal lessons to an integrated group of approximately 50 students. The lesson will take place twice a week in small group classes. This group will be trained to perform jazz instrumental and vocal repertoire in ensemble at the school. Various concerts will be scheduled throughout the city to provide a positive image for other students. Performances will also take place in elementary and middle schools to support a comprehensive music program for Area B. Basic music theory, sight reading techniques and music history will be offered to the students. At West Roxbury High School an instrumental music program will be presented to the students to supplement and expand the current vocal and music appreciation curriculum already in place there. Students from West Roxbury High School will be joined with the students from Hyde Park High School in order to form the nucleus of a district-wide performing organization at the high school level.

Both high school programs will run for a period of 36 weeks.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of Cultural Institution; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation of funds under provisions of General Laws, chapter 44, s. 53A, and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$11,507, 1987 — \$25,030, 1988 — \$25,030.

Very truly yours,  
Laval S. Wilson,  
Superintendent of Schools.

Consultant Services

Dear Mr. Mayor:

On behalf of the Boston public schools, I request

your authorization for the award of a contract to Jeanne M. Lewis, a consultant located at 85 Woodley Avenue, West Roxbury, MA 02132. This contract shall be in effect during the period from November 15, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$13,000, which I have deemed to be reasonable. On March 26, 1988, the School Committee approved all of the chapter 636 FY'89 proposals for the sum of \$6,022,377.

The consultant will provide assistance to parent at the District Office for student registrations. The consultant will coordinate parent activities for the schools throughout the district in cooperation with parent organizations. She will also assist in the publishing of any district newsletters, brochure and booklets required by the community superintendent. The consultant will be compensated at the rate of \$100 per day for 130 days.

The contractor is uniquely qualified to provide the above services because she has over fifteen years experience working with parents of Boston public school students to inform parents of positive programs and for the past three years she has been a consultant under chapter 636 to promote parent information throughout District E.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation of funds under provisions of General Laws, chapter 44, s. 53A, and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts as follows: 1986 — \$20,000, 1987 — \$9,950, 1988 — \$19,200.

Very truly yours,  
Laval S. Wilson,  
Superintendent of Schools.

TREASURY DEPARTMENT  
Legal Consultant

Dear Mayor Flynn:

I respectfully request your permission to dispense with public advertising and to award a contract to Cullen & Resnick, a legal partnership located at Charlestown Navy Yard, Shipway Place C-3, Charlestown, MA 02114.

Under the terms of the contract Cullen & Resnick will represent the City of Boston in certain cases before the United States Bankruptcy Court for the District of Massachusetts and act as legal consultant to the Collector-Treasurer and the City of Boston on pending Bankruptcy matters including assistance in perfecting and processing Bankruptcy claims. Mr. Resnick will report to the Collector-Treasurer and Corporation Counsel the matters covered by this contract.

Cullen & Resnick is specially qualified to do the work because of their expertise in Bankruptcy Law and their extensive experience in handling matters throughout the New England region.

Compensation under this contract shall not exceed \$25,000, which I have determined to be reasonable for the work to be performed. The contractor will be paid at a rate ranging between \$100 and \$140 per hour.

The term of this contract shall be July 1, 1989 through June 30, 1989.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This award letter is submitted late due to contractor's delay in forwarding proper contract documentation.

Respectfully yours,

Lee F. Jackson,  
Collector-Treasurer.

#### Bond Counsel

Dear Mr. Mayor:

I request your permission to award a contract for legal services to the firm Mintz, Levin, Cohn, Is, Glovsky and Popeo, P.C. ("Mintz, Levin"), 100 Center Plaza, Boston, and to dispense with public advertising for bids. The term of the contract would run from July 1, 1988, through June 30, 1989, and the contract price would not exceed \$5,000. Hourly rates are in the range (depending primarily on level of experience) of \$50 per hour to \$185 per hour in the case of legal assistants, \$85 per hour to \$185 per hour in the case of associates of the firm, and \$185 per hour to \$325 per hour in the case of members of the firm. In my opinion this contract price is reasonable for the services to be rendered.

Mintz, Levin will serve as the City's bond counsel with respect to general obligation debt issues of the City and will provide such legal services to the City as are customarily provided by bond counsel. Such services shall include, but not be limited to, rendering opinions as to the legality and tax status of the debt issues, assistance in the preparation of official documents used to facilitate the sale of debt issues, and the drafting of legislation upon request. Because Mintz, Levin is especially qualified in the area of municipal finance, and because this firm has previous experience with financial affairs of the City of Boston, I believe that public advertising would serve no useful purpose.

This award letter was delayed due to the contractor not returning contract documentation on time.

Very truly yours,

George E. Mahoney,  
Temporary Collector-Treasurer.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

### ELECTION DEPARTMENT

#### Transportation of Voting Machines

Dear Mr. Mayor:

On June 13, 1988, your Honor approved the award of a contract based on public advertising for James E. Larkin, Inc., 3593 Washington Street, Boston, MA 02130, for the transportation of voting machines within the City of Boston, as requested, during the period July 1, 1988, to June 30, 1989, at a cost not to exceed \$33,000.

Your approval is requested to amend this contract to provide for unforeseen polling location changes due to PL-98-435 mandating that all polling locations be handicapped accessible. In addition, moves were also necessary due to the change in date of the State Primary from Tuesday to Friday and additional moves will be required for a special election in the Third District Governor's and Councilor race scheduled for December 13, 1988. The number of moves of machines has increased from 1,000 to 212 machines.

The cost of this amendment shall not exceed \$7,000, which I have determined to be reasonable. The contract as amended shall not exceed \$40,000. The period of performance shall not be extended.

Keeping in mind that Larkin's services have been satisfactory and at a reasonable cost, I believe further public advertising would serve no useful purpose. I therefore request your approval of this amendment as outlined above.

Very truly yours,

Benjamin F. Thompson, *Chairman,*  
*Board of Election Commissioners.*

### POLICE DEPARTMENT

#### Copier Maintenance

Dear Mayor Flynn:

On July 13, 1988, your Honor approved the award of a contract, without public advertising for bids, to Savin Corporation, a corporation, located at 1480 Soldiers Field Road, Brighton, for maintenance services of the Police Department's six (6) Savin copiers during the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$5,188.

The department updated four (4) of the six (6) copiers by trading them in for newer models. Your approval is requested to amend this contract to provide for the termination of maintenance on the four (4) traded copiers on August 2, 1988, and the commencement of maintenance on November 2, 1988, for the four (4) newly installed copiers (see CM13 attachment). The four new copiers have a 90 day warranty which will expire on November 2, 1988.

This amendment will decrease the total cost of the contract from \$5,188 to \$4,412.81 (see CM13 attachment). All other items and conditions of the original contract shall remain the same.

Because Savin Corporation is specially qualified to perform this service, I believe public advertising would serve no useful purpose.

Respectfully,

Francis M. Roache,  
*Police Commissioner.*

### PUBLIC FACILITIES DEPARTMENT

#### Renovations

Dear Mayor Flynn:

Under delegation from the Public Facilities Commission to the Director of the Public Facilities Department dated November 19, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract approved by your Honor on June 28, 1988, awarded to DiMarinisi & Wolfe, Architects & Urban Designers with offices at 2 Park Plaza, Boston, MA 02116, for the design of renovations to the basement and first floor of the Hyde Park Police Station including sprinkler system, new ceilings, cell block, lobby, front desk and associated finishes. The cost of this amendment shall not exceed \$7,900. The amended cost of this contract shall not exceed \$53,280 (including \$12,900 for Supplementary Services) which is a fixed fee of 13.46 percent based on an estimated cost of construction of \$300,000.

Said amendment is necessary due to the increased scope of service required of the designer. Under the terms of the amended contract, DiMarinisi & Wolfe, Architects & Urban Designers shall provide additional services including the decision of a new sewer ejector system and investiga-

tion of the emergency generator. These services are necessary to accommodate additional electrical requirements.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose in this particular instance.

Sincerely,

Lisa G. Chapnick,  
*Director.*

### PUBLIC WORKS DEPARTMENT

#### Resurfacing

Dear Mr. Mayor:

On May 13, 1988, his Honor the Mayor approved the award of a contract advertised on March 21, 1988, to LoRusso Corp., of 3 Belcher St., Plainville, for roadway resurfacing all areas of the City of Boston at a cost not to exceed \$300,000, for a period of 50 working days.

Your permission is respectfully requested to amend this contract, effective on September 1, 1988, to provide for an increase in street pavement stripping, which was not originally anticipated in the original scope of work.

The cost of this amendment, shall not exceed \$6,000, which I have determined to be reasonable for the work. The contract as amended, shall not exceed \$306,000.

Inasmuch as this work is related directly to and in conjunction with an existing contract, I feel that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,  
*Commissioner.*

#### Snow Removal

Dear Mr. Mayor:

On November 30, 1987, his Honor the Mayor approved the award of a contract based on public advertising for bids to Mass. Constr. Co., Inc., 6 Milano Drive, Saugus, for removing snow and furnishing labor and equipment for the purpose of supplementing the department forces and equipment in connection with the work of keeping the highways and streets open following snowstorms in District 1B, SC-7695(88), at a cost not to exceed \$100,000, for the period November 15, 1987, to April 30, 1988.

This contract contained an Option to Renew clause which allows the City to obtain the same services this year as last, at last years prices, which I believe will result in a substantial savings to the City, and would be performed by a contractor well qualified and familiar with the area of work.

For the reasons stated above and since public advertising would serve no useful purpose, I respectfully request your Honor's permission to dispense with public advertising and award a contract for the above services to Mass. Constr., Co., Inc., 6 Milano Drive, Saugus, in the amount of \$100,000, for the period November 15, 1988, to April 30, 1989.

Very truly yours,

Joseph F. Casazza,  
*Commissioner of Public Works.*

Dear Mr. Mayor:

On February 1, 1988, his Honor the Mayor approved the award of a contract based on public advertising for bids to John Mahoney Constr. Co., 25

Bryant Avenue, Milton, for removing snow and furnishing labor and equipment for the purpose of supplementing the department forces and equipment in connection with the work of keeping the highways and streets open following snowstorms in District 3, SC-7699(88), at a cost not to exceed \$100,000, for the period November 15, 1987, to April 30, 1988.

This contract contained an Option to Renew clause which allows the City to obtain the same services this year as last, at last years prices, which I believe will result in a substantial savings to the City, and would be performed by a contractor well qualified and familiar with the area of work.

For the reasons stated above and since public advertising would serve no useful purpose, I respectfully request your Honor's permission to dispense with public advertising and award a contract for the above services to John Mahoney Constr., Co., 25 Bryant Avenue, Milton, in the amount of \$100,000, for the period November 15, 1988, to April 30, 1989.

Very truly yours,

Joseph F. Casazza,  
Commissioner of Public Works.

## TRANSPORTATION DEPARTMENT

### Professional Services

Dear Mr. Mayor:

On September 16, 1988, your Honor approved the award of a contract, without public advertising for bids, to Deloitte, Haskins, and Sells, a partnership, of One Financial Place, Boston, for the provision of professional services relating to a) the evaluation of proposals submitted in response to a Request for Proposals for the Provision and Operation of a Parking Violation/Parking Management Information Services System (PVPMISS) and b) the development of terms, conditions and requirements that will become part of the contract eventually negotiated between the City of Boston and the Vendor selected to provide and operate the PVPMISS. The term of the approved contract was for the period September 23, 1988, to June 30, 1989, at a cost not to exceed \$10,000.

Your approval is requested to amend the contract by increasing the maximum liability of the City for all services provided under this contract, as amended, by an amount not to exceed \$20,000. The total cost of the contract, as amended, shall not exceed \$30,000.

This increase is necessary to provide fair compensation to Deloitte, Haskins and Sells for an additional commitment of time (i.e., billable hours) for the evaluation of PVPMISS proposals. In response to concerns that the PVPMISS proposal programs should contain a maximum level of evaluative input from a disinterested party, the Transportation Department/Office of the Parking Clerk has decided to make Deloitte, Haskins and Sells' review and evaluation of PVPMISS proposals more intense.

Deloitte, Haskins and Sells is uniquely qualified to perform these services because of the extensive experience and knowledge of the PVPMISS requirements gained from a recent engagement relating to an internal control review of the City of Boston's Parking Violation System. Because of the professional nature of the services to be provided, and the expertise of the contractor relative to what is essentially a hybrid system, I believe that public advertising would serve no useful purpose.

The period of this contract, as amended, shall not extend beyond June 30, 1989.

Sincerely,

Richard A. Dimino,  
Commissioner/Parking Clerk.

#### REQUEST FOR QUALIFICATIONS FOR A HARBORWALK BROCHURE.

The Boston Redevelopment Authority requests Statements of Qualifications for the design and production of a brochure for the Harborwalk project in the City of Boston. Harborwalk is a proposed continuous public walkway which will provide access to and along the waterfront, offering the city's residents and visitors a variety of cultural, recreational, and educational activities along the shoreline.

The brochure will be a non-technical, informative document providing the general public with information on the Harborwalk project. Services will encompass all work required for the design, production, and printing of the brochure.

Interested firms/individuals should pick up information kits outlining project details and requirements from the Boston Redevelopment Authority, Harbor Planning and Development Office, One First Avenue (Building 34), Charlestown Navy Yard, Boston.

A briefing session for interested applicants will be held at the above address on Friday, December 16, 1988, at 10 a.m. Statements of Qualifications must be submitted by 4 p.m., January 4, 1989. For further information contact: Emel Hadzipasic, Boston Redevelopment Authority, (617) 242-2282.

Invitation for Bids for Re-Roofing of the Administration and Nichols Buildings at Long Island Hospital, Boston, Mass., Project No. 5117B, C. 149 Projects.

The City of Boston, acting by its Public Facilities Commission, through its Director of Public Facilities, sixth floor, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the above-entitled project. Bids shall be on a form supplied by the Public Facilities Department, shall be clearly identified as a bid, and signed by the bidder. All bids for this project are subject to all applicable provisions of law including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 39 and 44A to 44J, inclusive of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled: "Re-Roofing of the Administration and Nichols Buildings at Long Island Hospital."

SCOPE OF WORK includes repair and replacement of built up and slate roofing, as well as associated carpentry.

TIME AND PLACE FOR FILING BIDS: ALL GENERAL BIDS shall be filed with the Awarding Authority at the sixth floor, 26 Court Street, Boston, Mass., before twelve o'clock noon on December 14, 1988, which time and place respective bids will be opened forthwith and read aloud.

General bids will be valid only when accompanied by (1) a certificate of eligibility issued by CPO, showing that the contractor has been approved to bid on projects the size and nature of that advertised, and (2) an updated statement summarizing the contractor's record for the period between the latest DCPO certification and the date the contractor submits its bid.

PLANS AND SPECIFICATIONS will be available prior to or about November 28, 1988, at the Public Facilities Department to all interested parties who present a \$25 certified check payable to the City of Boston for each set. Plans and specifications must be returned in good condition within thirty days of bid opening in order for the bidder to have the \$25 returned. Bidders are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, or certified check, treasurer's check or cashier's check made payable to the City of Boston.

The attention of all bidders is directed to the Compliance Contract Supplement section of the specifications and the obligation of the contractor and its subcontractors to take affirmative action in connection with employment practices in the performance of this contract. The contractor and its subcontractors shall maintain the following ratios workforce manhours in each trade: Minority: 25 percent of total manhours, female: 10 percent of total manhours, Boston Residents: 50 percent of total manhours. Further, the bidder must give, in accordance with said provisions of the Compliance Contract Supplement section of the specifications, satisfactory assurance that at least 15 percent of its bid price shall be expended on Minority Business Enterprises and 5 percent on Women Business Enterprises. Bidders are hereby notified that this project is subject M. G. L., c. 149, s. 27, and in accordance contractors must pay prevailing wages as set the Commissioner of Labor and Industries.

A performance bond and labor and materials payment bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and in the sum of 100 percent of the contract price will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest to do so.

Invitation for Proposals for Leasing of Public Parking Facility at Hayward Place, Washington Street, Avenue De Lafayette and Harrison Avenue, Boston, Mass.

The Real Property Board of the City of Boston, hereinafter called the Board, invites, from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing the open air public parking facility situated at and between Hayward Place, Washington Street, Avenue De Lafayette and Harrison Avenue, Boston, Mass., for the term of one (1) year beginning January 15, 1989, and ending January 14, 1990, unless earlier terminated in accordance with the terms and conditions as more fully set forth in the form of lease. Copies of the proposal and the lease, containing all applicable terms, conditions and covenants regarding the leasing of Hayward Place Parking Facility may be obtained daily (except Saturdays, Sundays, and holidays) between 9 a.m. and 5 p.m., at the office of the Board, One City Hall Square, Room 811, Boston, for a non-refundable fee of twenty-five dollars (\$25) for each proposal taken. The covenants and agreements contained in the lease will require, among other conditions, that the lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Board.

Bidders may be asked to provide the Board with evidence of ability to perform the terms and conditions of the lease. As part of their proposal, bidders must furnish the Board with information concerning past experience in managing and operating parking facilities.

Proposals shall be submitted in duplicate, on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked, "Proposal for Leasing of Public Parking Facility at Hayward Place, Washington Street, Avenue De Lafayette and Harrison Avenue, Boston." One copy of the proposal shall be filed with the Board at its office on or before 10 a.m., on Tuesday, January 3, 1989, at which time and place all proposals will be publicly opened and read aloud. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of five thousand dollars (\$5,000) made under the terms stated in the form of proposal, in the form of cash or a certified check, payable to the City of Boston. Additionally, the copy of the proposal filed with the Board shall be accompanied by a letter from a duly authorized agent of an insurance company certifying that a performance bond

in the required amount as set forth in the proposal will be produced or, alternatively, the bidder shall accompany any proposal filed with the Board with cash or a certified check in the required amount as set forth in the proposal, payable to the City of Boston. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, One City Hall Square, Room M4, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

**REQUEST FOR PROPOSALS**

The City of Boston Police Department, acting by its Police Commissioner (the Official), seeks to enter into a contract with qualified Temporary Technical and Clerical Personnel Assistance Service Agencies for the period of January 1988, through June 30, 1989. Said agencies must be able to respond to the Official's emergency needs as well as its anticipated need, during all regular Police Department working hours as well as occasional evening/weekend hours.

It should also be noted that the Official reserves the right to refuse the services of any personnel deemed inappropriate or unqualified for the job required, and, in such cases, the contractor will provide replacement personnel at no additional cost.

Those agencies wishing to submit a proposal may obtain a proposal package at Police Department Headquarters, Room 310, 154 Berkeley Street, Boston, Mass., on December 5, 1988, between the hours of 9 a.m. and 5 p.m. Proposals must be submitted on or before 5 p.m. on December 19, 1988.

All proposals shall be completely filled in, including unit wage prices for each category of worker specified in the proposal documents, be signed, enclosed in an envelope, sealed, and plainly marked with the description of work to be done. The proposals shall be filed with the Police Department Headquarters, Room 310, 154 Berkeley Street, Boston, Mass., on or before the time and date designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check, made payable to the City of Boston in the amount of two hundred fifty dollars (\$250).

The Official reserves the right to waive any informalities and to reject any or all proposals or any item of a proposal, if it be in the public interest to do so.

PUBLIC FACILITIES DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for a Cable Based Central  
Monitoring System, Project No. 5391.

The City of Boston, acting by its Director of the Public Facilities Department, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, invites sealed bids for "Cable Based Central Monitoring System."

Bids will be received up until twelve o'clock noon, Boston time, January 12, 1989, at the office of the Awarding Authority, 26 Court Street, Boston, MA 02108, at which time and place they will be publicly opened and read aloud.

The bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check, made payable to the City of Boston, in the sum of 5 percent of his or her bid.

No bid may be withdrawn after the time limit for filing proposals and for the five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide for the payment of compensation by insurance and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed during the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practices.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, or a certified check in the sum of one thousand dollars (\$1,000), will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids or any items of a bid, if it be in the public interest to do so.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Miscellaneous Repairs  
to Trees and Spraying Equipment.

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Miscellaneous Repairs to Trees and Spraying Equipment."

SCOPE OF WORK includes: Furnishing all labor, materials, and equipment necessary to make miscellaneous repairs to tree and spraying equipment. Estimated Cost, \$10,000.

Bids shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, December 15, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, November 28, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 0 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

If a contractor wishes to use a minority business that is not listed in the Directory, he/she should have that Minority Business contact the Minority Business office to obtain a Minority Business Certification Application. A completed Minority Business Certification Application (MB-CA) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening.

Copies of the Minority Business Certification Application are available at the City of Boston Jobs

and Community Services, Minority Business Office, 43 Hawkins Street, Boston, MA 02114, Ph. No. 723-1400 ext. 277.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Jobs and Community Services, Minority Business Division, 43 Hawkins Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and sub-contractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Worker's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, December 6, 1988, at 10 a.m., Boston time.

CONSULTANT SERVICES

REQUEST FOR QUALIFICATIONS  
FOR A  
HARBORWALK, PHASE I SIGNAGE SYSTEM.

The Boston Redevelopment Authority requests Statements of Qualifications for the design and placement of a signage system for Phase I of the Harborwalk project in the City of Boston. Harborwalk is a proposed continuous public walkway which will provide access to and along the waterfront, offering the city's residents and visitors a variety of cultural, recreational, and educational activities along the shoreline. The Phase I area extends along the Inner Harbor shoreline, from the Little Mystic Channel in the north to Fish Pier in the south.

The signage system will orient the public to the various recreational, educational, and cultural elements of Harborwalk, provide historical and event information, and help create a sense of unity and place. Services will include the design, siting, and supervision of production and installation of the signage system.

Interested firms/individuals should pick up information kits outlining project details and requirements from the Boston Redevelopment Authority, Harbor Planning and Development Office, One First Avenue (Building 34), Charlestown Navy Yard, Boston.

A briefing session for interested applicants will be held at the above address on Friday, December 16, 1988, at 2 p.m. Statements of Qualifications must be submitted by 4 p.m., January 4, 1989. For further information contact: Emel Hadzipasic Boston Redevelopment Authority, (617) 242-2282

RAYMOND L. FLYNN  
 MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA  
 PRESIDENT, CITY COUNCIL

VOL. 80

MONDAY, DECEMBER 12, 1988

NO. 50

## MAYOR FLYNN USHERS IN CHRISTMAS SEASON

Boston Mayor Raymond L. Flynn flipped the switch on over 60,000 lights on Boston Common at the City's fortieth annual Christmas ceremony, lighting up fifty trees along the Common perimeter, pedestrian lighting, and a 50-foot balsam tree donated by New Brunswick, Canada.

Joining Mayor Flynn were local officials and businessmen, visiting dignitaries attending the National League of Cities conference, Canadian entertainers and officials from New Brunswick, and thousands of Boston residents and shoppers.

The tree lighting capped five days of Christmas music and dance on Boston Common sponsored by the Boston Parks and Recreation Department. The theme of this year's celebration, "A Common Tradition," featured Christmas performances from various religious, ethnic, and cultural traditions represented in Boston.

Mayor Flynn said, "The Christmas tradition is well-represented by the various groups here today, celebrating together on this nation's oldest public park. While Boston has much to be thankful for, we must also be mindful of the needy among us, for that is the true spirit of Christmas."

Also speaking at the ceremony were Roland Bealieu, Minister of Tourism for New Brunswick; Tom Kershaw, owner of the Hampshire House; and Parks Commissioner William B. Coughlin. Commissioner Coughlin thanked the Canadian delegation for its ongoing friendship, and praised Mr. Kershaw and others for community efforts on behalf of the Common and Public Garden.

"With the support of Mayor Flynn and the local community, the Common is once again a centerpiece for downtown Boston. In the last eighteen months, the City has spent \$1.5 million in improvements, including new pedestrian lighting, fencing, signs, and new ballfields. With the introduction of ice skating in the Common and Public Garden this winter, thousands of residents and visitors will enjoy these parks year-round."

The entertainment on the Common included Spanish gospel music;

choirs from St. Brendan's Church in Dorchester; and from Boston University, a Hanukkah ceremony; the Salvation Army Band; Tom LaMark's brass ensemble; and the River Valley Dancers from New Brunswick. A Canadian Mountie was on hand, and a town crier announced the start of the lighting. Santa Claus and several elves gave out candy to the children.

A special part of the lighting was provided by Allston artist Ross Miller and his associates, which featured a specially constructed lighting design that included blasts of lights and shooting stars that became birds.

The lights on Boston Common will stay on each evening for the remainder of the Christmas season, according to Parks Programming Director Paul Barrett.

### EMPLOYEES BOOST REVENUES OF CHARITIES

While many Americans supported the election of a conservative president, more and more are supporting the poor and underprivileged by donating parts of their paychecks to progressive agencies and charities, including Boston's own anti-poverty agency, Action for Boston Community Development.

According to a recent press release put out by the National Committee for Responsive Philanthropy, an umbrella organization for progressive charities, by the end of this year, at least thirty-nine charities (other than the United Way) expect to have raised \$120 million since 1979 through alternative employee campaigns.

The Commonwealth of Massachusetts Employees Campaign has been raising money for hundreds of charities and agencies across the state since 1985. Last year, COMEC raised more than \$1.5 million statewide and \$940,000 in Boston alone. Through a successful payroll deduction program, donations are deducted regularly from the paychecks of participating employees. A barely noticeable donation each payday can make a world of difference to a senior citizen with no fuel, a single parent without daycare, a poor child in need of medical attention, or a homeless family looking for warm beds on a winter night. These are only a few of the people who depend on ABCD and other participating COMEC agencies.

Workplace fund drives are currently under way in Boston, as well as Cleveland, Los Angeles, Chicago, and twenty-one other cities, with a total of 4,000 participating worksites.

If you are interested in working with COMEC and Massachusetts' progressive agencies and charities by participating in the payroll deduction program, talk to your employer or call COMEC at (617) 727-0572.

ABCD is the largest human services agency in New England and Boston's anti-poverty agency, with funding from a variety of sources totaling over \$30 million annually. The agency is a private, nonprofit corporation established in 1962, with the majority of board members elected from Boston's neighborhoods through the decentralized ABCD neighborhood network. ABCD programs include Fuel Assistance, Foster Grandparents, Head Start, Day Care, Center for Jobs, Education, and Career Training, the Summer Youth Employment Program, a tuition-free, accredited Urban College Program administered in conjunction with area colleges and universities, Health Services, Community Services, and others.

## WATER RESOURCES AUTHORITY REPORTS

The Massachusetts Water Resources Authority Board of Directors has received a comprehensive status report on the Boston Harbor cleanup project. The report indicates that all planning and development activities to date have come ahead of schedule and either under or on budget.

"For this, the largest public works project ever built in New England," said Richard Fox, director of the cleanup project, "time is money. Every week we save will mean \$2 million saved. The planning phase of this project is on target as we move forward with the design."

In his report, Mr. Fox noted that Kaiser Engineering, the project's primary consulting firm, has fulfilled its commitment to the delivery of services on time and on budget. "We have been very pleased with Kaiser's performance to date and its accomplishments in both the operational and financial areas of the project," said Director Fox.

In particular, Kaiser has completed a water transportation plan, a concrete batch plant plan and a plan for the use of the Fore River Staging Area. The firm has also completed a master schedule and master budget to which the entire Harbor cleanup project is expected to adhere.

Director Fox noted the following other accomplishments:

- The construction of the Deer Island piers is under way and will be complete in October, 1989, one month ahead of schedule. These piers will be used to transport thousands of tons of construction materials and more than 1,000 construction workers.

- The contract for the Nut Island piers was recently awarded and construction will begin in December 1988.

- Design has been completed for early site preparation on Deer Island. The \$110-million project will entail moving several million cubic yards of earth to create landforms which will minimize noise emitted from the construction area. Using this material on Deer Island instead of shipping it off, will save several million dollars in island-to-mainland transportation. Bids for this job will be solicited this spring.

- Regulatory approval was obtained to incorporate non-biodegradable demolition materials from early site preparation into the landforms on Deer Island. This will reduce the need to truck or ferry materials from the island which will result in a more efficient construction process and less traffic disruption in the metropolitan area.

- The U. S. EPA has issued final environmental sign-off on the 5-mile, cross-harbor and 8-10 mile outfall tunnels.

- Off-shore exploratory drilling for the outfall tunnel was completed ahead of schedule and under budget. The drilling collected rock samples from several hundred feet under the ocean, and the study results will determine the best path for the outfall tunnel.

Program management has implemented a unique design approach using computer-aided drafting and design for the entire project. The system, based on Massachusetts-manufactured computers from Digital Equipment Corporation, will permit designers throughout the nation to work on the project without relocating engineers to the Boston area.

## ABCD CONTINUES TO OFFER FUEL ASSISTANCE

Nearly 12,000 low-income residents have applied for fuel assistance this season at their local Action for Boston Community Development (ABCD) intake site. ABCD's program began November 1, and will continue through March 31. Due to large funding cuts, the program is two months shorter than last year. No benefits can be paid before November 1 or after March 31. Another result of the cuts is a decrease in benefits for income-eligible families and individuals. This year the maximum amount of assistance will be \$675, subject to availability of funds.

If you are receiving AFDC, GR, SSA, or SSI only and were eligible last year, ABCD has already mailed to you an application. If you did not receive one or have questions, please contact the ABCD Fuel Assistance Program at 357-6012.

## ABCE'S TOY DRIVES BEGIN!

Put a large smile on a needy child's face this holiday season. Action for Boston Community Development's (ABCD'S) 1988 Toy Drives need your ongoing support. Brighten up the faces of Boston's low-income children on Christmas.

Your help, along with the outstanding support of one of the Toy Drives to provide gifts for thousands of children who might otherwise go without. In the past, Channel 5 has generously "matched" all toys donated to the drive.

"The Toy Drive is a Channel 5 tradition which the staff looks forward to each year. We are delighted to work with ABCD to help meet the needs of Boston's low-income community," says Donna Latson Gittens, vice-president of Channel 5 Community Programming.

Norman B. Williamson, acting president of the 1st American Bank says "Employees welcome this opportunity to help the low-income people of Boston and have gladly given their support to the ABCD Toy Drives in the past. The Christmas season is a time to be grateful for what we have, and to share our blessings with those who are less fortunate."

According to ABCD Executive Director, Robert M. Coard, "This year there are more poor children than ever before. — As Boston's official anti-poverty agency, ABCD operates these toy drives to ensure that disadvantaged children receive presents on Christmas, thus cheering their families and giving them hope for the New year."

ABCD is currently accepting contributions for the 1988 Toy Drives. Help make a child happy at Christmas time by giving a new, unwrapped toy for a child up to age twelve. Toys for ABCD/Channel 5 Toy Drives can be brought to the following collection points: the Channel 5 Studios at 5 TV Place in Needham and to the ABCD Headquarters at 178 Tremont Street, Boston.

Toys for the ABCD/1st American Bank Toy Drives, can be dropped off at any of the 1st American Bank for Savings offices: 160 Federal Street, and 731 Boylston Street, Boston; 572 Columbia Road, 569 Washington Street, and 731 Morrissey Blvd., Dorchester; 1575 Blue Hill Ave., Mattapan; 77 Granite Street, Quincy; and 700 American Legion Highway, Roslindale.

For further information on the ABCD Toy Drives, please call 357-6000, extension 300.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### HEALTH AND HOSPITALS DEPARTMENT

#### Neighborhood Health Center

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to enter into a contract, and thereby make a grant to the following Community Health Center in the amount indicated for the period July 1, 1988, through June 30, 1989.

Grantee corporation: General Hospital Corp.

Neighborhood Health Center: MGH-Bunker Hill Community Health Center, Charlestown.

Amount of grant: \$10,184.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to two conditions: First, that the city's contribution be matched by the particular grantee corporation by either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed on the program of primary health care service for which these funds shall be spent and their respective roles relative to the management of the program.

Fiscal year 1988 was the first year that the Department of Health and Hospitals has had a contract with the Bunker Hill Community Health Center to provide primary care services in Charlestown. This was an unadvertised contract in the amount of \$10,184. The health center provides high quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provides needed services and has had a significant impact on the health of people in Boston's neighborhoods.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because we did not have the necessary documents from Community Health Services in order to process the contract.

Very truly yours,

Judith Kurlano,  
Commissioner.

**PUBLIC FACILITIES DEPARTMENT**

**Processing of Energy Use**

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on August 25, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to Francis O'Brien and Associates, Inc., a Massachusetts corporation, with offices at 43 Mendum Street, Boston, providing professional services for collecting and processing of energy use and cost information for all city-operated, non-school buildings. Scope of work will consist of twelve reports at a rate of \$1,667 per report.

Compensation under this contract shall not exceed \$20,000 which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from November 1, 1988, through June 30, 1989.

Francis O'Brien & Associates, Inc. is uniquely qualified to provide this service due to prior long-term involvement in city building, planning and operation since the late 1950s. They have made a substantial contribution towards improved energy management in the city, in the public schools and have developed and implemented computer-based energy management information systems for the city, in particular, the monitoring reporting system they developed with the Public Facilities Department. The system was developed on a FY 80/84 base and they have produced monthly reports since through the end of FY 88.

I believe Francis O'Brien & Associates, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that public advertisement would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,  
*Director.*

**SCHOOL DEPARTMENT**

**Social Work Project, etc.**

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Parents' and Children's Services, located at 654 Beacon Street. The contract shall be in effect during the period from September 1, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$40,000, which I have deemed to be reasonable. On March 25, 1988, the School Committee approved all of the FY '89 chapter 636 proposal for the sum of \$6,022,377.

Under the terms of this contract, the contractor will provide compensation for forty-one hours of work for a social work project coordinator and a psychologist support by a part-time secretary who will provide the following at the Boston Technical High School:

Clinical supervision to team members; direct clinical services to students and their families; liaison with student advisors from graduate schools of social work and psychology; report to the School Development Officer on all administrative matters; report to the director of Clinical Services at Parents' and Children's Services regarding all professional matters; make arrangements for adequate space conducive to quality clinical work and the safeguarding of confidentiality; design and implement in-service training for faculty so as to create a climate which welcomes, assists and utilizes the clinical team; relate to the headmaster on administrative matters, and create administrative linkages with different in-school programs including guidance counseling, peer counseling, the student leadership program and various school clubs;

identify and relate to health and social agencies presently providing backup services or having the potential for doing so, including Freedom House, Roxbury Comprehensive Health Center, Roxbury Children's Service, St. Margaret's Hospital, Crittendon House, the Boston - Chinese Youth Essential Services and other resources throughout the city serving specific ethnic populations; provide training for peer counselors and conduct and/or arrange programs for the prevention of suicide, alcohol and drug abuse; furnish an annual evaluation report.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of cultural institution; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$5,000; 1987 — \$15,000; 1988 — \$35,000.

This contract is being submitted late because the Office of the General Counsel was contacting and meeting with the Boston Teachers Union concerning the substantive nature of the contract.

Very truly yours,

Laval S. Wilson,  
*Superintendent.*

**REQUEST FOR PROPOSALS**

The City of Boston Police Department, acting by its Police Commissioner (the Official), seeks to enter into a contract with qualified Temporary Technical and Clerical Personnel Assistance Service Agencies for the period of January 1988, through June 30, 1989. Said agencies must be able to respond to the Official's emergency needs as well as its anticipated need, during all regular Police Department working hours as well as occasional evening/weekend hours.

It should also be noted that the Official reserves the right to refuse the services of any personnel deemed inappropriate or unqualified for the job required, and, in such cases, the contractor will provide replacement personnel at no additional cost.

Those agencies wishing to submit a proposal may obtain a proposal package at Police Department Headquarters, Room 310, 154 Berkeley Street, Boston, Mass., on December 5, 1988, between the hours of 9 a.m. and 5 p.m. Proposals must be submitted on or before 5 p.m. on December 19, 1988.

All proposals shall be completely filled in, including unit wage prices for each category of worker specified in the proposal documents, be signed, enclosed in an envelope, sealed, and plainly marked with the description of work to be done. The proposals shall be filed with the Police Department Headquarters, Room 310, 154 Berkeley Street, Boston, Mass., on or before the time and date designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check, made payable to the City of Boston in the amount of two hundred fifty dollars (\$250).

The Official reserves the right to waive any informalities and to reject any or all proposals or any item of a proposal, if it be in the public interest to do so.

The Boston Police Department is an Equal Opportunity Employer.

**NOTICE TO CONTRACTORS**

**Invitation for Bids for Drydock No. 3 Park (EDIC  
Project No. 1167) at Boston's Marine Industrial  
Park, Boston, Mass.**

The Economic Development and Industrial Corporation of Boston, acting by the Director, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the above-entitled project. Bids shall be on a form supplied by the Economic Development and Industrial Corporation of Boston (EDIC) and shall be clearly identified as a bid, shall contain the required bid deposit and certifications, and shall be signed by the bidder. All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39 and 40 of chapter 30, and sections 29 and 44A through 44L of chapter 149, as amended, and in accordance with the terms and provisions of the contract documents, entitled "Drydock No. 3 Park at Boston's Marine Industrial Park."

**SCOPE OF WORK** Includes: Furnishing all necessary labor, materials, equipment and services to construct an access ramp, elevated viewing platform, required landscaping, sidewalks and all other work and reporting as more fully described in the contract documents.

**CONTRACT DOCUMENTS** (Plans and Specifications) will be available at the offices of EDIC Engineering Dept., 10 Drydock Avenue, Boston, MA 02210, on or about November 23, 1988, to all interested parties who present a \$25 certified check, payable to the Economic Development and Industrial Corporation of Boston for each set. The contract documents and specifications must be returned in good condition within thirty (30) days of the bid opening in order for the bidder to have the \$25 check returned. After thirty (30) days of the bid opening all deposits for contract documents, not refunded, shall become the property of EDIC/Boston.

**A BIDDERS' CONFERENCE** will be held at the Boston Marine Industrial Park, 22 Drydock Ave., South Boston, Mass., at 2 p.m., on December 9, 1988.

**TIME AND PLACE FOR FILING BIDS:** All general bids shall be filed with the EDIC Engineering Dept., 10 Drydock Avenue, Boston, MA 02210 (725-3300) by 10 a.m., on December 16, 1988, at which time and place respective bids will be opened forthwith and read aloud. Additionally each bidder shall submit with his or her bid a completed Minority and Women's Business Utilization Forms listing each Minority and Women's Business Enterprise that the bidder intends to utilize on the project. All bidders are hereby notified that bid deposits must accompany the proposal filed, must be 5 percent of his/her bid and shall be in the form of a bid bond, certified check, or cashier's check or treasurer's check and shall be made payable to the Economic Development and Industrial Corporation of Boston. All bids which are not accompanied by the proper bid bond or certifications or which are on a form not completely filled in or which are incomplete, conditional or obscure, or which contain any additions or deductions not called for, shall be invalid.

The attention of all bidders is specifically directed to the provisions of the contract documents, including without limitation, the notice to all bidders, the prohibition of abnormally high or low bid

prices, and the provisions with respect to bonds, insurance, certifications, construction permits, time of performance, equal employment opportunity, liquidated damages, the requirements for construction set forth in the specifications. Bids may be held a period not to exceed thirty (30) days from the date of the bid opening in order to review the bids submitted and investigate the qualifications of the bidders, prior to the contract award.

The attention of all bidders is specifically directed to the Equal Employment Opportunity and Affirmative Action Requirements of the general conditions and the obligation of the contractor to take affirmative action in connection with employment practices and to pay minimum wages as set forth in the contract to all workers engaged in the performance of this work. A performance and a labor and materials or payment bond, both of a surety company qualified to do business in the Commonwealth, along with all required insurance, including without limitation, Workers' Compensation and Employer's Liability coverage (chapter 152), will be required of the successful bidder upon award.

The Awarding Authority reserves the right to waive any informalities in the bidding or to reject any and all bids if it is in the public interest to do so.

CITY OF BOSTON

HEALTH AND HOSPITALS DEPARTMENT

Request for Proposal for Senior Management  
Search/Organizational Restructuring.

I. Introduction

The Department of Health and Hospitals (DHH) of the City of Boston is conducting a search for six senior management positions and is redesigning its organizational structure in order to create a more efficient, effective, and responsive organization.

II. DHH Background

The Department of Health and Hospitals is a large, multi-institutional, multi-function, publicly owned and operated health service system consisting of a community/public health division, a 436-bed acute care hospital (Boston City) and two long-term care hospitals (Long Island and Mattapan).

The DHH, by providing services directly and by encouraging/advocating for the provision of services by others, serves the entire City of Boston, with special emphasis on the poor and underserved, a significant portion of which are minorities.

The DHH, in part through the city's extensive network of twenty-five neighborhood health centers, works collaboratively with community members and organizations to develop and provide services that respond directly to community needs.

III. Senior Management Recruitment

The DHH wishes to recruit and hire six creative, flexible leaders who are representative of the community we serve, who have knowledge and experience in the area of disease prevention and health promotion, and, who are interested and experienced in working collaboratively with each other and community organizations which are delivering primary care and conducting community outreach to address such issues as infant mortality, AIDS, adolescent violence, and teenage pregnancy.

The six positions are *Chief Operating Officer, Director of Community Health, Director of Human Resources, Director of Long-term Care, Medical Director, and Chief Financial Officer.*

IV. DHH Organizational Structure

The DHH also seeks to review its current organizational structure and design a structure that promotes collaboration both among managers and between the DHH and the greater community — a structure which has both sufficient rigidity to ensure accountability and sufficient flexibility to allow the DHH to respond rapidly and smoothly in an ever-changing health care environment.

This reorganization is intended to complement an ongoing effort to create a more productive DHH workforce — an effort prompted by the replacement of the current 436-bed, Boston City Hospital with a new 356-bed inpatient facility.

V. Scope of Services

We are looking to engage the services of a consultant to conduct the search for the six senior management positions and to assist in the redesign of our organizational structure.

Tasks would include:

- Meeting with senior management staff to review job descriptions, organizational structure, goals and priorities;
- Advertise positions;
- Search and screen candidates;
- Expected completion date: December 30, 1988.

Maximum expenditure: \$50,000 — \$75,000.

VI. Qualifications of Contractor

The contractor must have the following qualifications:

- A national base of contracts of health care and non-profit professionals;
- A track record of placing minority professionals in high-level positions;
- An understanding of the health care industry and experience in recruitment in the industry;
- A knowledge of management needs in the public and health care sectors;
- Knowledge of and experience in organizational restructuring;
- A sensitivity to community-based organizations and neighborhood health centers.

VII. Format for Proposal

Please include the following in your response:

1. A description of your firms relevant experience in:
  - (A) senior management recruitment in the health care and public sector and minority community
  - (B) organizational development in the health care and public sectors.
2. A detailed budget for each part of the project, including professional fees, advertising and traveling expenses for both the consultant and the contractor.
3. Proposed work plan including a time schedule for project activities.
4. A listing of at least five organizations (preferably public hospitals or health care organizations) at which the firm has provided similar services; persons to contract for references from these organizations.

VIII. Submissions of Proposals

Firms wishing to respond to this RFP should submit an original and four copies of the complete proposal to:

Nancy Snyder  
Commissioner's Office  
Department of Health and Hospitals  
818 Harrison Avenue  
Boston, Mass. 02118

If you have any questions, please direct them to Nancy Snyder (617-424-5365).

IX. Evaluation of Proposals

The proposals will be evaluated on the basis of the following criteria (not listed in order of priority):

1. Expertise and relevant experience of the consulting firm:
  - (A) Management Recruitment
  - (B) Organization Design
2. The reasonableness of the professional fee.

JUDITH KURLAND,  
Commissioner.

RAYMOND L. FLYNN  
 MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA  
 PRESIDENT, CITY COUNCIL

VOL. 80

MONDAY, DECEMBER 19, 1988

NO. 51

## MAYOR FLYNN ANNOUNCES ABANDONED VEHICLE LAW

Mayor Raymond L. Flynn and Transportation Commissioner Richard A. Dimino recently announced that Boston, for the first time, is able, through a new state law, to penalize individuals who abandon their automobiles in the city.

The law, which went into effect in late October, transfers the administrative process of penalizing individuals who illegally dispose of their cars in Boston from the court system to the Boston Transportation Department.

"This Abandoned Vehicle Law gives the city the legal tools needed to get existing cars off the streets, and more importantly, through fines of up to \$500 and possible loss of license, we have the ammunition to discourage individuals from coming to Boston and abandoning their unwanted automobiles. The framework of fines, hearings and license revocation, contained in the law sets a statewide precedent for dealing with this pressing urban problem," Mayor Flynn said.

"Approximately 10,000 abandoned cars were removed from Boston's streets in FY'88, a dramatic increase from FY'84 when 1,450 discarded vehicles were towed by the city. Since October, we have expanded our towing operation, and with the new fine and license revocation components we send a clear message that Boston is no longer a free dumping ground for unwanted vehicles," Flynn added.

Mayor Flynn credited various neighborhood residents who assisted lawmakers in drafting the original Home Rule Petition, as well as City Councillors and State Legislators who worked for passage of the Abandoned Vehicle Law.

"Using strong administrative penalties, and the non-renewal program established in cooperation with the Registry of Motor Vehicles, we are now better able to deter the littering of Boston's neighborhoods with unwanted vehicles," Boston Transportation Department Commissioner Richard A. Dimino said.

The program, developed by the city's Transportation Department with

the support of the Registry, will be implemented by the Office of the Parking Clerk and will be similar to the existing parking violations system. In accordance with the guidelines of the program, Abandoned Vehicle Citations will be issued by the Boston Police Department to automobiles that have been abandoned.

Don Gillis, Boston's Director of Neighborhood Services said, "the city is looking forward to working with residents to defeat the abandoned vehicle problem in Boston. The new law gives the city the ability to maintain the quality of Boston's residential streets."

Residents are encouraged to report suspected abandoned vehicles to the Mayor's Office of Neighborhood Services at 725-4500.

### CHANNEL 22 HIGHLIGHTS

Channel 22, City View, Boston Municipal Channel, during December, 1988, highlights of the City Beat include: a look at the city's efforts to provide affordable housing over the last year; an explanation of the new tax bill, including a reduction for residential property owners; and new beds for the homeless.

### FUEL ASSISTANCE ANNOUNCEMENT

Nearly 12,000 low-income residents have already applied for Action for Boston Community Development Fuel Assistance. ABCD continues its Fuel Assistance Program this winter season. However, due to large funding cuts

by the state and federal governments, the program is two months shorter this year, starting November 1, and ending March 31. NO BENEFITS CAN BE PAID BEFORE NOVEMBER 1 OR AFTER MARCH 31. If you are a resident of Brookline, Boston or Newton and think you are eligible for Fuel Assistance apply at your neighborhood intake site, or call ABCD Fuel Assistance at 357-6012.

### ABCD's TOY DRIVES

Doors to have Miller Type reversing edge, be fully weatherstripped and have vision panels and hood baffle. Existing doors to be removed along with present motor and controls. Doors to be outside mounted and have timer and remote control unit.

Work to be performed at Engine Company No.17, Ladder Company No.7, Parish Street, Dorchester. All electrical work to be included.

The City of Boston, acting by its Fire Commissioner, invites competent persons, firms or corporations to enter into a contract to submit proposals as may be requested from time to time by the Official, for the performance of particular items of work described above, and to perform such work as may be required by the Official.

Copies of the contract documents and specifications may be obtained at Fire Headquarters, 115 Southampton Street, Boston, MA 02118, on or before Wednesday, December 28, 1988. Application to contract for such work will be accepted until 12 o'clock noon, Wednesday, January 11, 1989, at which time and place they will be publicly opened and read aloud. Proposals must be sealed and marked "To Supply and Install Three (3) Motorized Rolling Doors," and must be made in duplicate, one to be deposited with the City Auditor at City Hall, previous to the time stated for the opening of the bid.

The attention of all applicants is directed to the provisions of the contract documents, and particularly of the requirements of insurance certificate.

The City and Official reserve the right to contract only in those cases and in accordance with those applications as the Official deems to be in the best interest of the City.

The County of Suffolk, acting by its Register of Deeds, Government Center, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for leasing with option to buy or outright purchase one Kodak IMT 250 Microimage Terminal and one Kodak IMT 350 Microimage Terminal with plain paper printing or readers equal to these, in accordance with the specifications accompanying the proposal forms which may be obtained at the Registry of Deeds Office, fifth floor, Old Courthouse, Government Center, Boston, at or after 9 a.m., December 20, 1988.

Bidders are required to leave at the above office their bid proposal, accompanied by a bid deposit in the form of a certified check, in the sum of \$1 to become the property of the City of Boston, if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check, must

be filed with the City Auditor prior to the time named for opening bids. The proposal must be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of work to be done.

Bids will be publicly opened and read on Thursday, January 12, 1989, at twelve noon, at the Registry of Deeds.

No bid proposal may be withdrawn after the time limit for filing bid proposals and for three (3) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the proposals. In addition, no bid proposals filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and contract and the obligation of the contractor to take affirmative action in connection with employment practices throughout the period of the contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest so to do.

# MAYOR FLYNN ANNOUNCES NEIGHBORHOOD AWARDS

Mayor Raymond L. Flynn and trustees of the Boston Neighborhood Jobs Trust announced the selection of several neighborhood organizations to receive the first round of funds awarded by the development linkage-funded jobs trust to provide job training and opportunities to Boston residents.

Over \$800,000 from the Neighborhood Jobs Trust will be distributed to a number of job training and educational programs throughout the city's neighborhoods.

"Our vision of linkage in Boston has become a reality, providing decent jobs, and affordable housing to Boston residents," said Mayor Flynn. "Linkage is a social contract between the city, the development community, and neighborhood residents that builds bridges between the downtown commercial economy and people in Boston's neighborhoods. It provides opportunities to share the benefits of prosperity with those who have historically been left behind."

The Jobs Trust is managed by three appointed trustees: Councillor Tom Menino, City Treasurer Lee Jackson, and Midtown Cultural District Director Kristen McCormack.

Councillor Tom Menino, expressed satisfaction in "seeing the neighborhoods of Boston share in the opportunities and benefits of the strong economy of our city."

Kristen McCormack said that community residents are ensured access to the growing economy of downtown Boston through the benefit of linkage policies such as the Neighborhood Jobs Trust, Boston Jobs Academy and Boston for Boston program.

Pending final approval by the Boston City Council, the neighborhood-based programs receiving Neighborhood Jobs Trust funding are:

- CHINATOWN SERVICES CONSORTIUM is a joint effort of the Chinese American Civic Association, Chinatown Occupational Training Center, and Quincy Community School Council, to provide business instruction, prevocational skills training, and English language education.
- HISPANIC TECHNICAL DEVELOPMENT PROGRAM will provide building maintenance training to underemployed Hispanic adults, organized by Oficina Hispana, Sociedad Latina, Wentworth Institute, and UNICCO Service Company.
- VETERANS BENEFITS CLEARINGHOUSE, with Roxbury Medical Laboratory, will provide job training as phlebotomists and laboratory assistances.
- JEWISH VOCATIONAL SERVICES, with Boston Harbor Hotel, will provide English language

education in worksite classes for steward and housekeeping employees.

- INTERNATIONAL INSTITUTE OF BOSTON, in partnership with Polaroid/Inner City, will offer English language classes and work orientation services to increase permanent employment.
- JACKSON/MANN COMMUNITY SCHOOL will operate Next-Step instruction in math, sciences, writing and English to post-GED residents.
- HISTORIC NEIGHBORHOOD FOUNDATION will introduce students at Boston Technical and English High Schools to opportunities in Urban Design and Construction through a pilot program for career opportunities.
- PARENTS UNITED FOR CHILD CARE will survey city residents' needs for child care and access to school-aged child care.

The Neighborhood Jobs Trust was established to provide neighborhood residents with direct benefits from large-scale development activity in downtown Boston. The Flynn administration revised the city's linkage policies in February, 1986, by expanding the linkage fee for developers to include a \$1 payment to the trust for job training. Presently, the total linkage obligation for large commercial projects is \$6 for every square foot over 100,000. Developers are given the choice of paying the jobs linkage fee over a two-year period or, instead of a cash contribution, establishing a job-training program for Boston residents who will be permanently employed at the project.

Special consideration is given to neighborhoods adjacent to or near large developments by reserving 10 to 20 percent of the linkage support directly to the nearby areas.

The jobs trust was created to support job training, retraining, job placement, and adult literacy programs. Trustees look for innovative educational and training activities to support which can result in higher wage employment. Community-based projects which respond to specific educational and training needs of area residents are also targeted for funding. Residents served by programs supported by the Neighborhood Jobs Trust meet specific guidelines for low and moderate incomes.

## UNITED WAY NEW AFFILIATES

The United Way of Massachusetts Bay knows how to take a dream and turn it into reality.

Such is the case for eleven new agencies which have been recommended for affiliation into the United Way family beginning January 1, 1989. The new affiliates were selected by the Applications Committee at a recent United Way of Massachusetts Bay board meeting.

The role of the Applications Committee is to review and evaluate applicant agencies and to make recommendations on United Way affiliation based on clear criteria, process and policy.

"The Committee places particular focus on achieving United Way's strategic objections supporting community problem-solving and outreach activities," said Caroline J. Chang, who is chairperson of the Applications Committee. "We wanted to find out what the major problems were and how we could help those people most in need."

New members to the United Way, New England's largest charitable organization, include: Boston Aging Concerns; East Boston Ecumenical Community Council; Ellis Memorial and Eldredge House in the South End; Harbor Me in Chelsea; Help for Abused Women and Their Children in Salem; Neponset Valley Nursing Association in Norwood and other southwestern towns; North Shore Children's Law

Project in Lynn; Partners for Disabled Youth in Boston; Somerville Portuguese American League; Victory House in Boston; and the West Broadway Task Force in South Boston.

Overall, there were thirty-seven agencies which submitted preliminary application forms. According to Chang, all of the applicants received a comprehensive review, thanks to the team-oriented philosophy followed by her committee members.

"The people on our committee really worked well together," said Chang, a United Way volunteer for many years, and director of the Office of Civil Rights in the Department of Health and Human Services which covers the New England area. "We were always well-prepared and ready to go. We analyzed everything that we did."

The committee members had a certain focus in making their final decision. For example, out of the eleven agencies selected, nine are grassroots organizations, five are female-managed agencies, three are suburban agencies, and one is minority-managed.

"In selecting these eleven new agencies, the United Way is looking into the future by taking an aggressive stand in becoming a partner in community problem-solving activities," said Gailanne Reeh, senior vice-president of agency relations at the United Way of Massachusetts Bay. "We want to identify and prioritize what those problems are and then go after them."

"We feel the new affiliates will allow us to take another step in identifying the gaps and services taking place in grassroots, minority, and women-run organizations and enable us to strengthen their service delivery network. Our goal is to look at those agencies as part of the solution."

Added Steve Wagner, chairman of the Allocations Coordinating Committee, "Our philosophy is to try and get a cross-section of applicants to apply for entry into the United Way family. Our plan is to get out into the different communities and listen to the people most in need of funding."

Some of the high priority needs being addressed by committee members include: AIDS and IV drug user counseling; community organization and empowerment; child care; short-term housing and basic needs for women and children; mental health, family support, and English language tutoring for

newcomers; home health care for the elderly; legal services for children and youth; and youth development for disabled youngsters.

This year, the United Way of Massachusetts Bay has given money to nearly 200 agencies serving 1.7 million people in 81 eastern Massachusetts cities and towns. United Way volunteers raised a record \$48.7 million during the 1988 campaign.

### TO PARTY RESPONSIBLY

Having a party or family gathering?  
Please keep your friends and family safe!

A Responsible Party is any gathering where guests and host/hostess have a party and all are concerned with the safety and health of guests. That means, no guest (after leaving your party) endangers anyone's life by drunk or impaired driving.

How can I have a responsible party? Just remember, the main purpose of a party is togetherness, not tipsiness. Make it easy for the drivers to NOT drink alcohol:

Greet your guests with a friendly "Who's driving home?" or "Who's the designated driver?" Tell them you want them to have a good time and arrive home safely. Ask the designated driver to stay alcohol-free.

Accent food, not drinks. Offer low-salt, high-protein foods.

Feature a choice of attractive, "special" non-alcoholic drinks for those who choose to be alcohol-free, and for those youths for whom alcohol is illegal.

Control the alcohol. Have bartender encourage designated driver(s) to be alcohol-free. Bartender does not serve to those underage.

Plan fun! Keep your guests socializing (music, games, etc.).

If a drinker wants to drive — intervene! Prevent a crash!

- Let them spend the night.
- Drive them home yourself (if you're sober).
- Have a sober friend drive them.
- Call a cab.

If they still insist —

- Take the keys.
- Ask for help. (Enlist the help of other guests).
- Temporarily disable their car.
- Threaten to call the police. (and do so, if all else fails.)

Wouldn't you rather have your friend arrested than killed?

Remember — friends keep friends alive!

### BOSTON ARSON PREVENTION COMMISSION NOTICE

Boston residents who do not have smoke detectors are eligible to have a free one installed in their apartments, city officials have announced this week.

"Fire can bring tragedy to a family and to a community but an early warning can mean the difference between life and death," said Kelley Brown, executive director of the city's Arson Prevention Commission which is making the offer.

Under the program, citizens may call City Hall and a member of the Arson Prevention Commission staff will arrange to visit their homes and install the smoke detectors at no cost.

The project is being conducted in cooperation with the Boston City Hospital's Childhood Injury Prevention Program which is providing the detectors.

Citizens should call 725-3609 between 9 a.m. and 5 p.m., Monday through Friday, to learn more about the program.

### VII. SUSPENSION

In accordance with the provisions of section 20.10 of the Rules and Regulations of the Boston Fire Department, the following-named member has been suspended, without pay, according to the date indicated:

Fire Fighter Frederick C. Foster, Engine Company 33, for five days, effective 0800 hours, December 6, 1988, for violation of Rule 18.44 (f).

### VIII. COMMENDATIONS

Fire Lieutenant Robert J. Counihan and Fire Fighter Leo P. Hughes, Rescue Company 1, are hereby commended for their outstanding C.P.R. efforts in an attempt to preserve the life of an infant during operations at Box 6179, three alarms, on November 20, 1988.

The severity of the victim's injuries resulted in its death at a later date but the dedication of both

members in their performance of duty is exemplary.

The Fire Commissioner is pleased to commend Fire Lieutenant Robert J. Counihan and Fire Fighter Leo P. Hughes of Rescue Company 1 for their professionalism and dedication to duty and makes this commendation a part of their personnel folder.

The Fire Commissioner is pleased to commend Fire Fighter Rolando Oyola, Engine Company 56, for responding to and working at Box 6179 (three alarms) on November 20, 1988, while off duty.

### IX. FIRE ALARM BOXES INSTALLED

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### HEALTH AND HOSPITALS DEPARTMENT

#### Blood and Blood Products

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to American Red Cross, Boston, for the period October 1, 1988, through September 30, 1989, at a cost not to exceed \$595,000.

Under this contract, American Red Cross will supply blood and blood products, as well as reference lab services, to the department. The contract cost is an estimate based on special needs and daily inventory level billed weekly.

Because of the special fitness of American Red Cross to render these services, and because of the special nature of the services to be provided, no benefit would inure to the city by publicly advertising for bids.

In past years, American Red Cross has furnished blood and blood products by the Blood Bank for transfusions. American Red Cross has been the 100 percent supplier of blood and blood products, with the exception of fresh frozen plasma which is supplied by the National Blood Exchange of AABB. The costs for the past three fiscal years have been as follows: 1988 — \$610,000; 1987 — \$594,000; 1986 — \$619,261.90.

This service is unique in that American Red Cross is capable of supplying 100 percent blood and blood products which meet the standards of the FDA and Massachusetts Public Health Regulations. The only other known competitor, National Blood Exchange of AABB, furnished fresh frozen plasma only and does not advocate our dependency on them for 100 percent blood and blood product needs. American Red Cross is also an excellent reference lab for special problem cases.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this contract.

This contract is being processed late because this is the first year that American Red Cross submitted a Health Care Provider Agreement which the Law Department at Boston City Hospital has to review and approve.

Very truly yours,

Judith Kurland,  
Commissioner.

### JOBS AND COMMUNITY SERVICES

#### Educational Vocational Training

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Oficina Hispana, a nonprofit corporation, located at 125 Amory Street, Roxbury, 02110, for the purpose of providing educational and vocational training. Under the terms of the contract, the contractor will provide English as a Second Language instruction, prevocational and business skills training to approximately sixty-seven DPW/ET registered participants. In addition, support services, counseling and job placement services will be provided.

The Mayor's Office of Jobs and Community Services was asked by the Commonwealth of Massachusetts, Department of Employment and Training to administer the contract, funds being provided from the State's Department of Public Welfare. Based upon an overall review of the contractor's performance during the prior contract period, the state has approved the continuation of this program at the recommended funding level. Compensation under the terms of this contract shall not exceed \$138,000, payment being made from funds received from DPW. The period of performance shall be from September 1, 1988, until June 30, 1989. The submission of this letter has been delayed due to the length of time involved in the funding review process.

As this is a negotiated contract at a reasonable cost, mandated by the state agency responsible for

funding this program, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

## PUBLIC FACILITIES DEPARTMENT

### Purchase and Sale of Tree Grates

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on October 27, 1988, I respectfully request your Honor's written permission to dispense with public advertising and award a contract to the Beacon Hill Civic Association, Inc., with offices at 74 Joy Street, Boston, for the purchase of tree grates now located on Charles Street which have been constructed and paid for by BHCA as part of the Charles Street Improvement Program. Compensation under this contract shall not exceed \$16,935, which I have determined to be reasonable. The term of the contract shall be from December 1, 1988, to June 30, 1989.

In April, 1987, and thereafter the BHCA has been in the process of raising over \$25,000 in private donations for tree plantings and tree maintenance, including the installation of tree grates, on Charles Street, within the Beacon Hill Historic District. At the present time, the Charles Street Improvement Program has been completed insofar as the installation of tree grates is concerned. Tree grates in these locations are necessary for the health and longevity of the trees due to the narrow width of the sidewalk on Charles Street.

It is noted that the total cost of the purchase, installation, and other services associated with the construction of the tree grates is over \$40,000. Therefore, the purchase of the same from BHCA represents a substantial savings to the city compared with the actual market price. The difference saved is a public spirited contribution of individuals and businesses on Beacon Hill whose efforts are hereby gratefully acknowledged.

The terms of the contract will specify that BHCA will supply the city with a certificate of title to the grates, and that thereafter the City of Boston will maintain said grates and trees as part of its capital tree planting program.

As there is no other source for the purchase of the tree grates, and the cost of the same is less than half of the market value thereof, I believe that public advertising would serve no useful purpose.

Sincerely,

Lisa G. Chapnick,  
Director.

## PUBLIC WORKS DEPARTMENT

### Snowplowing Vehicles

Dear Mr. Mayor:

In conjunction with the GSX Corporation of New England, contract for collecting and removing refuse SC-7302(89), paragraph 13.10, section 2(f), copy enclosed), in accordance with the specifications of the said refuse contract, the contractor is obligated to furnish plowing vehicles (50 percent or every vehicle used for collecting and refuse removal) to be used for plowing operations during the snow season.

With regard to the foregoing, I respectfully request permission to dispense with public advertising and to award a contract to GSX Corporation of New England, a corporation, located at 66 Cambridge Street, Charlestown, for furnishing trucks or plowing operations during the snow season in various districts in the City of Boston.

The contractor is specifically qualified to do this work because it is relative to the above-mentioned contract for refuse collection and removal.

Compensation under this contract shall not exceed \$6,000, to be paid at an hourly rate of \$98.05 for each three-axle truck and \$85.90 for each two-axle truck utilized during plowing operations, and which I have determined to be reasonable for the work to be performed. The term of this contract shall be from November 15, 1988, to April 30, 1989.

Because this work is relative to and in conjunction with another existing contract, and due to the reasonable cost of the services, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,  
Commissioner.

## SCHOOL DEPARTMENT

### Services under Chapter 636

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Parents' and Children's Services, located at 654 Beacon Street. The contract shall be in effect during the period from September 1, 1988, to June 30, 1989, and shall occur at a cost not to exceed \$40,000, which I have deemed to be reasonable. On March 25, 1988, the School Committee approved all of the FY'89 chapter 636 proposals for the sum of \$6,022,377.

Under the terms of this contract, the contractor will provide compensation for forty-one hours of work for a social work project coordinator and a psychologist supported by a part-time secretary who will provide the following at the Boston Technical High School:

Clinical supervision to team members; direct clinical services to students and their families; liaison with student advisors from graduate schools of social work and psychology; report to the School Development Officer on all administrative matters; report to the Director of Clinical Services at Parents' and Children's Services regarding all professional matters; make arrangements for adequate space conducive to quality clinical work and the safeguarding of confidentiality; design and implement in-service training for faculty so as to create a climate which welcomes, assists and utilizes the clinical team; relate to the headmaster on administrative matters, and create administrative linkages with different in-school programs including guidance counseling, peer counseling, the student leadership program and various school clubs; identify and relate to health and social agencies presently providing backup services or having the potential for doing so, including Freedom House, Roxbury Comprehensive Health Center, Roxbury Children's Services, St. Margaret's Hospital, Crittendon House, the Boston-Chinese Youth Essential Services, and other resources throughout the city serving specific ethnic populations; provide training for peer counselors and conduct and/or arrange programs for the prevention of suicide, alcohol, and drug abuse; furnish an annual evaluation report.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of cultural institution; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying

Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$5,000; 1987 — \$15,000; 1988 — \$35,000.

This contract is being submitted late because the office of the General Counsel was contacting and meeting with the Boston Teachers Union concerning the substantive nature of the contract.

Very truly yours,

Laval S. Wilson,  
Superintendent.

## TRANSPORTATION DEPARTMENT

### Hearing Officer

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to David A. Salvatore, 10 Chelsea Street, East Boston, for the purpose of adjudicating the parking violations in the Adjudication Section of the Office of the Parking Clerk.

Under the terms of the contract, David A. Salvatore will perform as a hearing officer as designated by the parking clerk adjudicating parking violations issued in the City of Boston. He is qualified to do this work because of his successful completion of one year of law school and a B.A. degree from a recognized college or university.

Compensation under this contract shall not exceed \$6,000, payable at a rate of \$9 per hour on a Monday through Friday schedule, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be November 29, 1988, through June 30, 1989.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Richard A. Dimino,  
Commissioner/Parking Clerk.

## CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

### HEALTH AND HOSPITALS DEPARTMENT

**CONTRACTS AWARDED  
AFTER ADVERTISING  
("Requests for Proposals")  
("Requests for Qualifications")  
("Technically Deficient Bids")**

The Mayor has approved the awarding of the contracts based on the following communications:

PUBLIC FACILITIES DEPARTMENT

Professional Services

For providing design services for renovations of air handling and temperature control systems at Boston City Hall, awarded to TMP Consulting Engineers, Inc., not to exceed \$219,750.

**CONTRACTS AMENDED**

The Mayor has approved the amending of contracts, based on the following information:

JOBS AND COMMUNITY SERVICES

Youth Intervention Program

Dear Mayor Flynn:

On or about August 9, 1988, your Honor approved the award of a contract to the Dorchester Youth Collaborative, a nonprofit organization, located at 1514A Dorchester Avenue, Dorchester, for the purpose of operating a youth intervention program. Compensation was for an amount not to exceed \$23,500, payment being made from the Community Development Block Grant program for the period of July 1, 1988, until June 30, 1989.

Your approval is requested to amend this contract in terms of compensation. The contractor provides counseling services out of an office at 1486 Dorchester Avenue, and has offered to provide working space and administrative support for up to three staff members of the Mayor's Office of Jobs and Community Services. JCS staff will provide employment counseling and job search assistance to area residents from this new location. The additional funds requested will reimburse the contractor for the costs associated with this effort. I, therefore, respectfully request your Honor's permission to increase compensation in the amount of \$5,400. Total compensation under the terms of this contract, as amended, shall not exceed \$28,900. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract at a reasonable cost, based upon a review of proposals submitted in response to a publicly advertised request for proposals, I believe that further public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

Financial Management Services

Dear Mayor Flynn:

On or about August 17, 1988, your Honor approved the award of a contract with the Quincy School Community Council/Community Management Assistance Corporation, a nonprofit corporation, located at 885 Washington Street, to provide professional financial management services in support of the Jamaica Plain Community School, East Boston Harborside and the Charlestown Community School programs. Compensation was in the amount of \$123,433, payment being provided from funds received from the State's Department of Education for the period July 1, 1988, through June 30, 1989.

Your approval is requested to amend this contract in terms of compensation. The purpose of this amendment is to increase the contract amount to include additional funding for the Jamaica Plain Community School's component to provide English as a Second Language/adult basic education classes and an External Diploma program for approximately thirty additional participants and to allow CMAC to continue to provide financial management services to the program. Funding for this amendment will be provided by the State's Department of Public Welfare in the amount of \$64,891. The contractor will receive a fee which is a percentage of this amount, and this percentage, 10 percent, will be subtracted from the amendment award, totaling \$6,489. Total compensation under the terms of the contract, as amended, shall not exceed \$188,324. All other terms and conditions of the original contract shall remain the same.

As this amendment is for a negotiated contract at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

Health Care for Haitians

Dear Mayor Flynn:

On or about August 7, 1987, your Honor approved the award of a contract to the Harvard Street Neighborhood Health Center, Inc., a nonprofit corporation, located at 632 Blue Hill Avenue, Dorchester, to provide outreach and recruitment services in the area of health care for Haitian newcomers residing in Mattapan, North Dorchester and Roxbury. The program was designed to allow the newcomers better access to existing health care. Compensation was for an amount not to exceed \$35,000, payment being made from funds received from the State's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional six months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until December 31, 1988. Funding for this amendment will be provided by the Executive Office of Communities and Development through the Gateway Cities Program in the amount of \$8,820. Total compensation under the terms of this contract, as amended, shall not exceed \$43,820. This request has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover close-out costs. In addition, this request has been delayed due to the time involved in determining the exact dollar amount required to cover these costs.

All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director

Language Instruction, etc.

Dear Mayor Flynn:

On or about August 11, 1987, your Honor approved the award of a contract with International Institute of Boston, a nonprofit corporation, located at 287 Commonwealth Avenue, to provide support services to newcomers from Central America, Haiti, Ethiopia, and Southeast Asia. Services included intake and assessment, English as a Second Language/literacy instruction, employment and referral. Compensation was in the amount of \$45,000, payment being made from funds received from the State's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional six months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until December 31, 1988. I, therefore, request permission to increase compensation in the amount of \$10,931. Total compensation under the terms of this contract, as amended, shall not exceed \$55,931. This request has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover close-out costs. In addition, this request has been delayed due to the time involved in determining the exact dollar amount required to cover these costs. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,  
Associate Director.

Immigrants Rights Education

Dear Mayor Flynn:

On or about September 3, 1987, your Honor approved the award of a contract to the Immigration Rights Advocacy Training and Education Project, Inc., a nonprofit corporation, located at 169 Massachusetts Avenue, to provide support services to immigrant workers in the area of creating a central resource and service center to inform, protect and defend Boston area workers affected by the Immigration Reform Law. Compensation was for an amount not to exceed \$35,000, payment being made from funds received from the State's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional six months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until December 31,

PUBLIC WORKS DEPARTMENT

Disposal of Refuse

Dear Mr. Mayor:

On August 19, 1986, your Honor approved the award of a contract based on public advertising for bids to GSX Corporation of New England, 66 Cambridge Street, Charlestown, for the disposal of refuse from Districts 3, Dorchester North; 7, Dorchester South; and Boston P.W.D. during the period July 1, 1986, to June 30, 1987, at a cost not to exceed \$4,189,493.76.

On February 11, 1987, your Honor approved an amendment to this contract, which is effective on July 1, 1986, in the amount of \$157,738, bringing the amended contract to \$4,347,231.76.

Effective July 1, 1987, the City of Boston exercised its option to renew, based on a provision in the contract, for the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$4,347,231.76, which your Honor approved on September 25, 1987.

On July 26, 1988, your Honor approved a further amendment to this contract, which is effective on June 1, 1988, in the amount of \$395,000, bringing the amended contract to \$4,742,231.76.

Your approval is requested to further amend this contract to provide for the disposal of refuse which will exceed the estimated tonnage stated at the time of execution of this contract. The cost of the additional amendment, which is effective on June 1, 1988, shall not exceed \$15,000, which I have determined to be reasonable. The contract, as further amended, shall not exceed \$4,757,231.76.

The period of performance shall be to June 30, 1988.

I believe that public advertising is not in the best interest of the city and would serve no useful purpose.

This letter is being submitted late because the previous amendment was not fully executed until August 12, 1988. Also, all of the contract documents must be sent to Maryland, Ohio and Texas, by the contractor, for execution which is time-consuming.

Very truly yours,  
Joseph F. Casazza,  
Commissioner.

TRANSPORTATION DEPARTMENT

Adjudicating Parking Violations

Dear Mr. Mayor:

On June 15, 1988, your Honor approved an award of a contract with public advertising to John Quinn, So. Dartmouth, for the purpose of adjudicating parking violations in the Adjudication Section of the Office of the Parking Clerk during the period July 1, 1987, to September 30, 1988, at a cost not to exceed \$12,200. This amendment does not change the amount of the original contract.

Your approval is requested to amend this contract to provide for an extension of time from October 3, 1988, to June 30, 1989. This amendment is effective on October 3, 1988.

The reasons for the increase in the extension time are: increased responsibilities and case management; research and preparation of informational material for interoffice use which is an increase from his original responsibilities; and preparation and training of the new hearing officers.

Because of the professional nature of the services to be performed, the expertise of John Quinn in this area, it is my determination that no public purpose would be served by further advertisement.

Sincerely,  
Richard A. Dimino,  
Commissioner.

Illegal Aliens Assistance

Dear Mayor Flynn:

On or about September 30, 1987, your Honor approved the award of a contract to the Catholic Charitable Bureau of Boston, Inc., a nonprofit organization, located at 10 Derne Street, to provide assistance to illegal aliens in Boston seeking amnesty under the new immigration law. The contractor established a documentation team coordinated out of the Refugee and Immigration Services Office to assist the participants in obtaining the required documentation to apply for amnesty. Compensation was in the amount of \$50,000, payment being made from funds received from the State's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional six months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until December 31, 1988. I, therefore, request permission to increase compensation in the amount of \$5,323. Total compensation under the terms of this contract, as amended, shall not exceed \$55,323. This request has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover close-out costs. In addition, this request has been delayed due to the time involved in determining the exact dollar amount required to cover these costs. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,  
Neil H. Gordon,  
Associate Director.

Various Outreach Services

Dear Mayor Flynn:

On or about August 11, 1987, your Honor approved the award of a contract to the East Boston Ecumenical Community Council, a nonprofit corporation, located at 28 Paris Street, to provide outreach services in the areas of housing, immigration and civil rights for Southeast Asian and Spanish-speaking newcomers residing in East Boston. Compensation was for an amount not to exceed \$30,000, payment being made from funds received from the State's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional six months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until December 31, 1988. Funding for this amendment will be provided by the Executive Office of Communities and Development through the Gateway Cities Program in the amount of \$6,418. Total compensation under the terms of this contract, as amended, shall not exceed \$36,418. This request has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover close-out costs. In addition, this request has been delayed due to the time involved in determining the exact dollar amount required to cover these costs. All other terms and conditions of the original contract shall remain the same.

Street, Roxbury, Mass.**

The School Committee of the City of Boston, acting by its Department of Planning and Engineering, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the above-entitled project, subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44I, inclusive, of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled "Alterations for New Classrooms at the Timilty School," at an estimated cost of \$60,000.

**SCOPE OF WORK:** In general includes: carpentry, painting, plumbing and all related work as specified.

**PLANS AND SPECIFICATIONS** will be available on or about Thursday, January 5, 1989, at the Department of Planning and Engineering to all interested parties for a bid deposit of \$10. Plans and specifications must be returned in good condition within thirty days after bid opening in order to have the \$10 returned. Bidders are hereby notified that bid deposits must be 5 percent of the bid and shall be in the form of a bid bond, certified check, treasurer's check, or cashier's check, payable to the City of Boston.

**ALL SUBBIDS** for a subtrade designated in item 2 of the form for general bids shall be filed with the Awarding Authority at the above address before twelve o'clock noon on Friday, January 20, 1989.

**SUBBID:** Plumbing, Section 2, Bid Deposit: 5 percent of bid.

**GENERAL BIDS** will be received before twelve o'clock noon on Friday, January 27, 1989, at which time and place they will be publicly opened and read aloud. General contractors must file with their bids a copy of a certification from DCPO showing that they are eligible to bid on projects in general building construction, up to a project dollar amount and up to an aggregate limit, and with an update statement, DCPO Form CQ3, summarizing the contractor's record for the period between the latest DCPO certification and the date the contractor submits the bid.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work. Pursuant to minority participation, the general contractor must complete the Minority Business Form in the specifications, giving assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. The form must be signed by the Minority Business Enterprise and the general contractor within five (5) business days after the award of the contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

**NOTICE TO BIDDERS**

Sealed bids for MBTA Contract No. T4CN15, SUBWAY VENTILATION IMPROVEMENTS, SHAFT G-7/B-9, Boston, Massachusetts (Class 1 — General Transit Construction or Class 7 — Buildings, Project Value 37.00), will be received by the Assistant Director of Construction, at the Contract Administration Office, fifth floor, Room 5610, Transportation Building, 10 Park Plaza, Boston, MA 02116-3933, until two o'clock (2 p.m.) on January 17, 1989. Immediately thereafter, in a designated room, the bids will be opened and read publicly.

The work consists of the construction of a new subway tunnel ventilation shaft to service both the Green Line and Blue Line tunnels, located adjacent to Government Center Station, including demolition, earthwork, landscaping, bituminous paving, concrete work, masonry, miscellaneous metals, waterproofing, painting, mechanical and electrical work.

This contract is subject to a financial assistance contract between the MBTA and the U. S. Department of Transportation.

Each prospective bidder proposing to bid on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administration Office at the above address. Requests for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for the opening of bids.

Prequalified bidders may obtain from the Contract Administration Office a "Request for Bid Form" which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after December 15, 1988, Monday through Friday, at a charge of \$30 per set. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements, dated November, 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per copy. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee of \$15, payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges are refundable.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program in the Specifications. In addition, pursuant to the Requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) Participation Provision, Bidders must submit an assurance with their bids that they will make sufficient and reasonable efforts to meet the stated DBE goal of 16 percent.

Bidders will affirmatively insure that in regard to any contract entered into pursuant to this solicitation, minority and female construction contractors

will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with Federal Equal Employment Opportunity Regulations and the President's Executive Order No. 11246 and any amendments or supplements thereof.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of the Project Manager, Mr. Donald J. Burns, 275 Dorchester Avenue, Trailer No. 2, South Boston, MA 02127, Telephone No. (617) 722-5656. A prebid conference will be held on January 4, 1989, at 10 a.m. at the above office. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify as part of their bids that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

This contract is subject to Federal wage and hour laws and State minimum wage rates as well as all other applicable labor laws.

All bidders are advised that the "Buy America" provisions of the Surface Transportation Assistance Act of 1982 (Pub. L. 97-424), as amended, apply to any contract, procurement, or agreement which results from this solicitation.

Bid guaranty shall consist of a bid deposit in the amount of 5 percent of the value of the bid in the form of a bid bond, cash, certified check, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject any or all bids, to waive informalities, to advertise for new bids or proceed to do the work otherwise, as may be deemed to be for the best interests of the Authority.

GENERAL BIDS will be received before twelve o'clock noon on Thursday, January 12, 1989, at which time and place respective bids will be opened and read aloud.

PLANS AND SPECIFICATIONS will be available on or about Wednesday, December 28, 1988, at the Department of Planning and Engineering to all interested parties. Bidders are hereby notified that bid deposits must be 5 percent of the bid and shall be in the form of a bid bond, certified check, treasurer's check, or cashier's check, payable to the City of Boston.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work. Pursuant to minority participation, the general contractor must complete the Minority Business Form in the specifications, giving assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. The form must be signed by the Minority Business Enterprise and the general contractor within five (5) business days after the award of the contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

ROBERT R. ROY,  
*Senior Structural Engineer.*
